Romney Aims Blast At Conduct Of War

WASHINGTON (AP) — Gov. George Romney today paid a visit to the city where he hopes some day to hold down the No. 1 job as president of the United States.

The 60-year-old Republican was in the nation's capital for a television appearance and tentatively planned to go to the State Department for a briefing on his European trip next month.

Romney, who declared his candidacy for the Republican presidential nomination Saturday with a pledge to lead this country out of the Vietnam War, said Sunday that neutralizing that country was "the most promising alternative" to the nation's current policy.

"Neutralization is a specific alternative. It deserves very careful study," declared Romney, the first major figure in either party to declare his intentions to seek the presidential nomination.

Romney spoke Sunday on the Columbia Broadcasting System television program, "Face the Nation."

"Ping Pong" Strategy

He charged President Johnson with using a "ping pong" strategy in Vietnam, escalating the war a little, calling for peace and then escalating the war again.

The current administration leads the American people to lead "a mountain of false hope only to fall back in the crevice of sickening reality," the one-time president of American Motors charged.

Romney was asked to comment on a newspaper editorial that called him an "armchair strategist" and labeled his opinion on the war "a bowl of verbal mush."

He replied that if anyone would "take the time to look at what I said on Vietnam, they

U.S. Passes 200-Million Population Mark

WASHINGTON (AP) — The United States celebrates today a milestone some experts contend should have been observed more than two years ago—a population of 200 million people.

About 11 a.m. EST, this country—officially at least—becomes the fourth nation in the world—behind Communist China, India and the Soviet Union in that order—to reach and pass 200 million.

Alexander B. Trowbridge, secretary of commerce under whose jurisdiction the Census Bureau falls, is to lead the celebration in the Commerce Department lobby where a census clock has been ticking off population gains for 40 years.

The clock now registers a net gain of one person every 14½ seconds based on one birth every 8½ seconds, one death every 17 seconds, an immigrant every 60 seconds and an emigrant every 23 minutes.

Timing is based on recent averages rather than actual births, deaths, arrivals and departures, and the timing is changed as the averages change.

A private group, the Population Reference Bureau, contends the basic calculations are all wrong. It says the Census Bureau missed 5.7 million Americans in the 1960 nose count.

Actually, the reference bureau said, the United States population probably surpassed 200 million in the spring of 1965.

The Census Bureau conceded and could be at least 206 million now. It said its contention is based on 1960 census figures indicating there were far more Negro women than men, and concluded some Negro males must not have been counted.

The Census Bureau conceded the possibility of a higher population but stuck by the basic fact on which the 200 million estimate is based—a 1960 population by its count of 179,323,175.

The 200 million figure includes not only U.S. residents but American servicemen abroad.

In the first census in 1790, the Bureau counted 3,929,214 Americans.

It took until 1915 to reach the first 100 million but the bureau said the 200 million mark could be reached by the turn of the century, in only 33 years.

Protect U.S. Dollar; Boost Discount Rate

Four Nations Join Britain; Devalue Money

LONDON (AP) — Repercussions to the 14 per cent devaluation in the British pound rolled around the world today, and bitter discontent brewed at home among laborers, conservatives and angry men in the streets.

The government's announcement Saturday that the pound would be devalued from \$2.80 to \$2.40 provoked matching devaluations in Spain, Ireland, Denmark, Israel and the British colony of Hong Kong. Fifteen other nations said they were undecided while other nations kept their currency's ratio to the U.S. dollar steady.

Prime Minister Harold Wilson went on television Sunday night to explain that the devaluation meant to spur British exports and that the limping economy will have a chance to "break out of the straitjacket of boom and bust."

Most countries that devalued with Britain are suppliers of food and raw materials, meaning British buyers can import from them at the same old prices.

BRITONS GIVE VENT to their feelings as they gather outside No. 10 Downing Street in London in vocal protest to their government's decision to devalue the pound sterling. (AP Wirephoto via cable from London)

Reserve Board Move May Kite Interest Cost

WASHINGTON (AP) — The Federal Reserve Board's discount rate move up a not in itself, but what officials described as an effort to protect the dollar in the wake of the British pound devaluation.

The rise from 4 to 4½ per cent is identical to one put into effect on Dec. 5, 1965, but that was for a different reason—to stem inflation. It triggered a year of tight money.

This time, however, the move is designed to prevent a heavy flow of dollars overseas in search of higher interest rates. It's expected to have little immediate effect on consumer interest rates in this country.

When it devalued the pound on Saturday from \$2.80 to \$2.40, Britain also raised its discount rate from 6½ to 8 per cent.

Interest Rate Peg

The U.S. discount rate is the interest commercial banks must pay the Federal Reserve for money they borrow from the system. Other rates are pegged upward from it.

In this case, however, the board is bringing its rate more in line with interest rates elsewhere in the world economy rather than tracking new ground.

Interest rates generally are at their highest level in almost half a century.

But some officials said the higher discount could tend in the long run toward an increase in rates consumers pay for loans. In this connection it could have an anti-inflationary effect but officials emphasized that would be only a side effect.

The Federal Reserve acted at an emergency Saturday night meeting and its decision was announced Sunday.

There was no immediate reaction from the White House.

A statement by Treasury Secretary Henry H. Fowler said nothing about the discount rate and mentioned worldwide cooperation to help the British. He expressed confidence the United Kingdom would achieve its objective of improved competition in world markets.

Called Excess

But Chairman Wright Patman, D-Texas, of the House Banking Committee, a frequent critic of Federal Reserve Board policy, said of the discount rate rise: "I don't like it... the people are fed up with crushing interest rates."

Patman said the board used the devaluation of the pound as an excuse to raise the rate.

The board's action is effective today at 10 of the 12 Federal Reserve banks. Banks at Philadelphia and St. Louis are expected to follow suit soon.

Officials said the action is "intended as a demonstration that the United States is going to do what it can to maintain the dollar in international markets."

"This serves notice that the nation is not willing to let dollars flow out of here willy nilly," one source said in describing the move as a "modest precautionary step."

A rise in the discount rate from 4 to 4½ per cent on Dec. 6, 1965, coupled with other tight money policies, sent interest rates last year to a 40-year high. The discount rate was returned to 4 per cent last April after interest rates and inflationary pressure had subsided.

Tighter Money?

Since then, however, some interest rates have risen even higher than they did last year.

There was no indication in Sunday's announcement whether the increase would trigger another round of tight money. This would depend on other actions the board might take in ensuing weeks.

Banks have borrowed little

Road Mishaps Fatal For 16

By The Associated Press

Four persons were killed and eight injured in a head-on collision in Sterling Township Sunday night as the state's weekend death toll soared to 16.

Killed in the smashup on 14 Mile Road were Ervin Barnette, 32, of Flint, his wife, Margaret, 30, and their 7-month-old son David.

Two other Barnettes, children Patty, 6, and Michael, 7, were listed in critical condition at a Madison Heights hospital.

The fourth fatality was Jonathan Livingston, 18, of Detroit, a passenger in the second car. Six others in the second car, including the driver, suffered serious injuries.

Police declined to release the name of the 16-year-old driver of the second car.

The Barnette station wagon was westbound on 14 Mile Road. In other multiple fatalities, three persons died in an Allegan County crash and two others were killed in a head-on collision near Mount Pleasant.

The Associated Press count began at 6 p.m. Friday and ended at midnight Sunday.

The victims included: James Vincent, 39, of Marquette, in a two-car, head-on crash Saturday night on U.S. 41, south of Marquette.

One-Day Strike Hits Chevrolet

FLINT (AP) — Workers at the Chevrolet V-8 engine plant at Flint staged a one-day walkout today.

Union officials said the strike was called to protest overtime which allows General Motors to build up a backlog of cars. The United Auto Workers Union expects soon to bargain with General Motors on a national contract.

3,000 In Alabama Flee Threat Of Chlorine Gas

NEWTON, Ala. (AP) — Busloads of residents darted back to their homes for a few minutes Sunday night to grab clothing, keepsakes and pets under a threat of the escape of 100,000 gallons of deadly chlorine gas.

A state agent said officials lowered barricades briefly to send in four busloads, limited to one member of a household.

He said more than 100 persons were allowed to brave the danger to bring out items essential for a second night away from home for nearly 3,000 persons who fled Saturday after a 49-car freight train derailed and caught fire. Two boys were reported missing after the evacuation.

Skeet Pate, an Alabama Department of Public Safety agent, said six tankers of ammonia were burning near tankers loaded with propane and a tanker of chlorine gas.

He said the outer hull of the double-walled chlorine tanker was cracked.

The fires were being contained by civilian firefighters and units from nearby Ft. Rucker, Pate said, but added that flames continued to erupt occasionally throughout the rubble of the Seaboard Coast Line freight train.

Pate said, "They can't low that thing because there's 100,000 gallons of chlorine in there."

Pate said railroad workers might try to run a spur track to the tanker, running in another tanker to transfer the gas.

"They're going to have to decide if to move it because there

SMOKE RISES from railroad cars after a fiery derailment near Newton, Ala., early Sunday. Chlorine gas escaped from wrecked cars forcing the evacuation of 3,000 nearby residents. Fifty-one cars were mangled in the pileup. (AP Wirephoto)

Five Hunters Die In Early Hunt Accidents

By The Associated Press

Hundreds of hunters flocked to Michigan's woods over the weekend for the opening of deer season. Five were shot to death and eight others died of heart attacks, State Police reported.

One hunter told State Police that the deer he shot was taken from him at gunpoint by a man who escaped in a pickup truck camper.

Several other persons were injured in hunting accidents.

Gunshot victims:

Charles D. Meir, 30, of Grand Ledge who was found shot to death by an unknown hunter Sunday morning near Richfield Township in Roscommon County.

William Lloyd Hanchett, 15, of Lansing, who was hunting in Mecosta County Sunday when his rifle discharged as he was unloading it, striking him in the chest.

Walter Eugene White, 26, of Wyoming, who was accidentally shot Sunday when a hunting companion's gun discharged as it was being loaded into a car in Newaygo County.

George Bronson, 27, of Maple City, who was shot accidentally Saturday by a companion while hunting in Benzie County's Platte Township.

Clifford Hayward, 34, of Flint, who was hit by rifle fire near Sault Ste. Marie Saturday, A Sault Ste. Marie man told police he thought he saw a wounded deer in the brush and fired, hitting Hayward. He was not held.

Heart attack victims:

Albert Gardner, 53, of Taylor Center, who suffered a heart attack near Mesick Saturday. He was dead on arrival at a Traverse City Hospital.

George H. Martin, 57, of Wyoming, whose body was found Saturday near Selma in Wexford County.

Louis Cruzen, 71, of rural Cheboygan, who was stricken Saturday while hunting in Cheboygan County.

Charles W. Seldenright, 26, of near Battle Creek, who was shot and then keeled over of a heart attack on a hunting outing near Battle Creek Saturday.

Morris Vermeersch, 26, of Len

ABC, Union Reach Accord

WASHINGTON (AP) — Tentative agreement is reported in the two-month-old strike of the AFL-CIO National Association of Broadcast Employees and Technicians against American Broadcasting Co.

The Federal Mediation and Conciliation Service announced negotiators for both sides reached agreement Sunday.

NABET officials in New York said a general membership meeting has been called for 7 p.m. tonight. But it was not immediately clear whether a ratification vote would be taken at that time.

The union also has been on strike in Chicago, Washington, San Francisco and Los Angeles.

Terms of the proposed settlement were withheld pending a membership vote.

Selling Batters Stocks Today

NEW YORK (AP) — The stock market was battered by heavy selling early today. Street reacted to weekend news of the devaluation of the British pound and hikes in interest rates by the British and United States governments.

The Dow Jones Industrial Average sank 14.96 to 847.15 in the first half hour. Losses outnumbered gains by at least 22 to 1 in the initial wave of selling.

Declines ran from fractions to several points among leading issues. Raytheon dropped 5 points. Boeing about 4. McDonnell Douglas International Nickel and Westinghouse Electric about 3 points each.

Down about 2 points were such issues as Chrysler, Federal Pacific Electric, United Air Lines, U. S. Smelting, High Voltage Engineering and Uniroyal.

U. S. Steel, El Paso Natural Gas, American Airlines, Goodrich, Phelps Dodge, Lorillard and Standard Oil of Indiana were among 1-point losers.

Wall Street was shaken by a triple-barreled blast of unsettling financial news over the weekend.

The devaluation of the British pound to \$2.40 from \$2.80. The jump in England's bank rate to 8 per cent from 6 1/2 per cent.

And the rise in the U. S. Federal Reserve Board discount rate to 4 1/2 per cent from 4 per cent.

All of this underlined the main bugaboo of the stock market—higher interest rates, and stiffer competition to stocks from interest-bearing securities such as bonds, certificates of deposit and other debt instruments.

Also, there was fear of the unsettling effect of the devaluation on world markets.

On Friday, the Associated Press Average of 80 Stocks advanced 3 to 310.7.

Prices sank on the American Stock Exchange. Zepeda Gold-Silver dropped 5 1/2 to 83. Gold-Silver opened on 12,200 shares, off 1/4 at 7. Nuclear Corp. lost 3/4 at 4 1/2 on 11,200 shares. Federal Resources declined to 10 on 10,200 shares. Plume & Atwood fell 1 1/2 to 23 1/2.

Students Join Fund Campaign To Conquer MD

The Holy Name High School students of Escanaba will conduct a house campaign for muscular dystrophy on Wednesday, Nov. 22. It was announced today by Mrs. John Heiden and Tom Smith, co-chairmen of the campaign.

Rev. Lawrence Gauthier, 817 E. 23rd, will coordinate the students at Holy Name High School in the drive.

Muscular dystrophy is a disease which progressively invades and destroys muscle, crippling its victims and eventually weakening them to the point where a minor ailment like a common cold may prove fatal. Nothing now known to medical science can arrest the relentless course of the disease.

Locally muscular dystrophy patients receive wheelchairs, braces, hospital beds, lifts and other orthopedic equipment. The fees for those patients wishing to attend a summer camp are paid by the Association.

The fund campaign finances the research program so urgently needed to have the lives

of those afflicted with muscular dystrophy. At the Institute for Muscle Disease, Inc., vitally important metabolic studies are under way to discover the basic flaw in the chemistry of the body which results in the crippling and ultimately fatal disease. The Institute is a major scientific facility in New York City and is financed by MDA.

Medical scientists are hopeful that their combined "snooping" into the causes of the mysterious disease will one day save the lives of millions stricken with muscular dystrophy and related neuro-muscular disorders.

Rollie Dotsch, NMU Football, On TV Tonight

The Public Broadcast Laboratory, a series of two-hour thought-provoking programs financed by the Ford Foundation, will premiere on WNMR-TV, Northern Michigan University's educational television network, at 9:30 p.m. Thursday, Nov. 23. The program will include a provocative and candid conversation on the Vietnam war between columnist Walter Lippmann and six college students, and a tribute to President Kennedy on the fourth anniversary of his death.

Other featured WNMR programs this week:

"The Welfare Revolt," a one-hour documentary at 8 tonight. Filmed highlights from each NMU's nine football games at 10 tonight. Hosts will be head coach Rollie Dotsch and sports information director Gil Heard.

Gilbert Harrison, editor-in-chief of "The New Republic" discusses his political and journalistic philosophy at 8:30 p.m. Tuesday.

The "Saxophone Quartette," comprised of four NMU students, will be featured at 8:30 p.m. Wednesday, "La Marmite," a play written 2,000 years ago by Plautus, will be presented on "NET Playhouse" at 9 p.m. Friday.

Find Cambodia Red Camp

EDITOR'S NOTE: The U. S. Command in Saigon for years has charged that Viet Cong and North Vietnamese forces find sanctuary in neighboring Cambodia, charges which Cambodia's ruler, Prince Norodom Sihanouk, has repeatedly denied. Western newsmen were admitted to Cambodia to cover the visit of Mrs. John F. Kennedy. Two Associated Press men went to the border across from War Zone C, which they have covered from the Vietnamese side.

By GEORGE MCARTHUR and HORST FAAS

PHNOM PENH, Cambodia (AP) — The discovery of a Viet Cong camp site four miles inside Cambodia has angered Prince Norodom Sihanouk and raised doubts about his past denials that Vietnamese Communist forces were given sanctuary in his country.

Cambodia's ruling prince reportedly regards the discovery by American newsmen as a fabrication and part of a campaign against him by the U. S. press.

We found the Viet Cong camp, very recently used, on the border opposite War Zone C, about 70 miles northwest of Saigon. It had been used for several months and was most probably a staging area for the Loc Ninh battle, only nine miles away, earlier this month.

The outspoken prince, who contends the United States is the aggressor in Vietnam, reportedly told intimates our reports were part of a campaign inspired by the U. S. Command in Saigon to justify military operations against Cambodia.

Prince Questions Story

We informed Prime Minister Son Sann of the camp site before the stories were published. His initial reaction was cautious and he said he would make an official investigation. However, Prince Sihanouk reportedly accused us of hypocrisy, said our evidence was doubtful and questioned whether the camp site existed.

Evidence of Viet Cong occupancy found in the camp included military records written in Vietnamese, North Vietnamese medical supplies and similar items. Dated scraps of paper indicated the camp had been used for several months dating back to last February.

Trail To Border

There were unmistakable signs that several hundred men, probably from a major headquarters command group, had used the camp. Occupants had left only a few days before. From the camp a heavily traveled road went through the dense jungle to the frontier, crossing it nine miles from Loc Ninh. Logs had been put down to counteract the monsoon mud. Tracks indicated many heavy trucks had used it.

One embarrassed young lieutenant, escorting us said perhaps the road was used by timber thieves. Another suggested it was built by the forestry department.

Wednesday Vote Set On Pensions

WASHINGTON (AP) — The Senate appears ready to wrap up before Thanksgiving its work on one of the most sweeping Social Security bills ever considered by Congress.

Senate Democratic Leader Mike Mansfield has set early opening schedules for the next two days and obtained a strict limitation on debate on all remaining amendments. This is expected to bring final passage of the legislation on Wednesday.

The final form of the measure then will be determined in a conference between the Senate and House, which passed the bill last August.

In three days of debate last week, the bill's managers succeeded in maintaining it in the form in which it won Senate Finance Committee approval.

Many more amendments remain to be acted on. The biggest test is expected on a Republican move to substitute the House bill for the version worked out by the finance panel.

In passing on this, the Senate will determine whether it wants to go along with a much larger benefit increase and also much higher taxes that the committee wrote into the legislation.

The committee's bill would assure all persons now on the benefit rolls at least a 15 percent increase with a 50 percent hike for those at the bottom of the scale.

The minimum payment would be raised from the present \$44 a month to \$70.

The House voted for a boost of at least 12 1/2 per cent in benefits and a \$50 minimum.

On the tax side, the big difference between the two versions is in the eventual wage base on which the payroll levies would be paid.

The House voted to boost the base to \$7,600 a year from the present \$6,600. The Senate Finance Committee plan would raise the base to \$8,000 next year and eventually to \$10,000 in 1972.

Sen. John J. Williams of Delaware, senior Republican on the committee, said the GOP attempt to substitute the House bill probably will come Tuesday.

Broken Tailpipe Leads To Death Of Deer Hunters

CLARE (AP) — Clare County Sheriff James Darling said today a broken auto tail pipe caused the death of two Michigan brothers who were enroute to hunt deer over the weekend.

He said Howard A. Sturgis Jr., 45, of Walhalla, and Vern Sturgis, 41, of Muskegon were found asphyxiated Saturday in their car at the side of a road one mile north of Clare.

The brothers apparently stopped to sleep and left the car motor running and carbon monoxide seeped through a trunk.

POISONOUS FISH

World's most poisonous known fish is the scorpionfish, a member of the scorpenidae family, which lurks in western Pacific and Indian Ocean bottoms.

Poison from the hypodermic spines on its back can cause insanity, or even death.

Poverty Persists

When Congressman Philip Ruppe said last week that the 10 per cent cash contribution proposed in the House version of the Economic Opportunity Act was the kiss of death for the War on Poverty in rural areas there must have been a rural chorus of "Amen" wherever people understood the import of the action.

UPCAP spokesmen said that it would require an Upper Peninsula contribution of cash at the local level — in addition to the present in-kind contributions of office space, etc. — that would total about \$100,000 and that was unavailable and impossible to raise.

The 10 per cent cash contribution was one of two proposals aimed at hamstringing the War on Poverty legislation. The other, the Green Amendment, would take the Community Action Program away from the local boards set up to administer it and turn it over to local political jurisdictions. Both amendments are aimed to turn over the War on Poverty to big city political machines.

The Community Action Program has been accused of being politically oriented as it is, but it would be wholly that way in big cities if the Green Amendment were to prevail. In the Upper Peninsula the 10 per cent cash requirement would be the more serious impairment of the program, rendering it almost non-applicable.

A misalliance of Southern Democrats and Republicans in opposition to the War on Poverty, the Democrats because it would help mostly Negroes in the South, and the Republicans because their opposition would economize in government spending and embarrass the Democrats in the failure of a major domestic welfare program.

But for all its shortcomings and failures, the War on Poverty is a need of our society and even of our economy and it should not be swept under the rug in Washington, even with a war in Vietnam to be fought. Dean William Haber of the University of Michigan's College of Literature, Science and Arts reminds us of the need for a massive national effort to reduce poverty in America.

"Arson, looting and murder have no relation to civil rights," said Dr. Haber, "but neither do the riots offer the slightest justification for calling a halt to programs that strike at the evils that breed riots. In terms of our wealth, there is no excuse for slums, poor schools, unemployment, human indignity and prejudice."

Economist Haber said that the trillion dollar economy in America is less than 10 years away and that Michigan is virtually sure of an even share in it. While he is speaking of Lower Michigan, such affluence could not fail to influence the Upper Peninsula.

"But affluence," he noted "does not automatically wipe out social ills."

The national campaign against poverty is grossly inadequate, said Haber, but Americans are too easily discouraged by setbacks in it. "The neglect of decades cannot be overcome immediately. We must focus attention upon basic education and skill training as well as enlarge our efforts in dealing with discrimination. Progress will be slow and many of our poverty dollars are going to be wasted, but in the long run these expenditures are going to provide substantial dividends."

Politicians should get no encouragement from the public in the belief that Negro misbehavior in the cities, or political orientation of some poverty programs is a reason for ending them. The problem is huge and it will be a dangerous cancer in American society if it is not controlled. Five million Negroes have moved from Southern farms to Northern cities since the agricultural revolution hit the farms 25 years ago. Negro teen agers have increased 50 per cent in five years!

Unemployment is higher among Negro high school graduates than among white dropouts. As Negroes have moved into Northern cities, whites have moved out — and so has much industrial activity. Such problems leave cities like Detroit in near desperation. But all the dropouts from affluence should be our concern and we have many of them in the Upper Peninsula.

Letters To The Press

PLEA
I would appreciate the courtesy of your columns to inform readers of the Escanaba Daily Press that during November the Catholic Bishops of the United States will sponsor their 19th annual Thanksgiving Campaign in more than 17,500 churches across the nation.

It is an appeal in the name of charity and brotherhood for serviceable, used or unwanted clothing, blankets, bed linens and footwear which can bring help, comfort and hope to millions of destitute and ill-clothed men, women and children living in the world's vast areas of poverty and distress.

All garments and usable materials donated to the Thanksgiving Campaign will be distributed to deserving and needy persons, entirely without regard to race, religion or color, by Catholic Relief Services, the overseas aid agency of the American bishops, which operates relief and welfare programs in 80 countries.

The sorry plight of the increasing numbers of innocent victims of the Vietnam war and the grave needs of thousands of homeless, homeless refugees caught up in the Arab-Israeli conflict give added urgency this year to the appeal of the American bishops.

CRS-USCC was one of the first voluntary agencies to respond to the plea for help from the Middle East. The military conflict had hardly come to an end before CRS moved decisively and substantially to assist the victims of the military action on both the East and West banks of the Jordan River. From mid-June to the end of July, 1967, CRS-USCC had diverted from other programs and routed to Amman,

peasants Britannica.

DAY OF REST

The Roman emperor, Constantine I, is responsible for Sunday being considered a day of rest. In A. D. 321, he introduced the first civil legislation decreeing the cessation of work on Sundays for all but farm-ers, according to the Encyclopedia Britannica.

Nov. 20—200 Million Americans

Red Yugoslavia Has 'Capitalistic' Fun

(This is the 11th in a series of articles by Donald E. Miller, of Ann Arbor, who spent 14 months traveling in Europe and attending the University of Zurich.)

There's some very "capitalistic" fun in the sun and sea of Yugoslavia's Dalmatian Coast, which is basking in a renaissance as one of Europe's leading resort areas for vacationers from both sides of the Iron Curtain.

The coast stretches for more than 400 miles along the Adriatic Sea — the same sea which washes Venice and the east coast of sunny Italy.

There are 1,233 islands along the coast. There are luxury hotels, night clubs and gambling casinos, which many travelers rate over those on the French Riviera. Reasonable prices and the balmy climate make the area attractive to tourists.

Attractive Mountainous Areas
The coastal area is so famous for its beauty many travelers forget the country has attractive mountainous areas which offers skiing and which have many sparkling lakes and fish-filled streams. Yugoslavia has 300 mineral water springs at a host of popular spas, the most popular of which is Vrnjaska Banja.

The Dalmatian Coast has been a favorite playground for Europeans since the days of the Romans and in the last century was the "smart" resort.

It went into decline during World War II and in the early years of Marshal Tito's Red regime.

Inexpensive Boarding Homes
The government is now encouraging tourism. It has urged citizens along the coast to open their homes to tourists. Thus there are many good, inexpensive boarding homes. A new highway along the coast has just opened.

Government efforts are paying off. The number of foreign visitors has increased an average of 24.9 per cent a year for the past 10 years — to 2.3 million in 1964.

Americans are welcome and have no trouble getting free 90-day visas at the border. The U.S. State Department used to encourage travel to Yugoslavia — before the growing concern over the dollar drain.

Largest Department Store
I spent my first hours in Yugoslavia in Ljubljana, northern Yugoslavia's largest city, with a young Yugoslav, Boris Tomc, a student at the University of Ljubljana. I met him on the train, and he invited me to stay overnight.

We spent most of the afternoon in the NAMA department store, the largest and newest in Ljubljana.

The store was only two-months old and had the first escalator in northern Yugoslavia.

Escalator Accident
So, of course, I had to ride it. I was probably the first American to have a 200-pound Yugoslav peasant woman fall on me on that escalator.

She had been standing in front of me and, losing her balance, fell backward on top of me.

Boris helped me to my feet, smiled and said:

"People here have never seen an escalator before. There are many accidents."

Extroverted People
When we reached the second landing, we stood to one side and watched people get off. At least one in every three stumbled forward. Several fell backward onto the escalator.

"Don't worry," Boris said. "We'll get used to it. Just like we've gotten used to everything else. We survived the Turks, Austrians, Italians and Germans. We'll survive this damn escalator too."

The Yugoslavs are one of the most extroverted and gayest people in Europe.

Early Morning Toasts
Boris and I got up early the next day to go sight-seeing. At 4:30 a.m., I thought the streets would be dead. But people were going briskly to work.

In a neighborhood cafe, where we stopped for cigarettes before boarding a bus, people were toasting each other with straight shots of slivovitz, the national drink — plum brandy. One after the other they downed. Just by watching them, I was getting drunk.

Love To Sing
The bus to town was packed, but no one seemed to care. They were too busy singing to the accompaniment of an accordion.

"Yugoslavs love to sing," Boris said, "even at five in the morning."

Belgrade and other Yugoslav cities look more Western than those of other Communist countries. The streets and cafes are more crowded, stores are generally well-stocked and shop windows are decorated to sell merchandise rather than political ideas.

Yugoslavians may not be completely free to speak their minds — a top writer was re-

cently sent to prison for his rebellious words — but this restraint is hardly noticeable to the visitor.

East-West Bridge
The present non-aligned stance is nothing new for Yugoslavia, which has served for centuries as a bridge between East and West.

The northeastern republic of Slovenia is western. Its people are fair-haired, blue-eyed, Catholic and progressive. The chief city is Ljubljana.

The area is to the south and east, which includes most of the country, shows strong Eastern influence as a result of past Turkish inroads.

Four Languages
Yugoslavia is the largest country in the Balkans. It is slightly bigger than the states of New York and Pennsylvania together.

Its population of more than 16 million is made up of five South Slav peoples: Serbs, Croats, Slovenes, Macedonians and Montenegrins. "Yug" is the Slavic word for "south," so "Yugoslavia" means "Land of the South Slavs."

Two alphabets — the Latin and Cyrillic — are used to handle the country's four languages.

Yugoslavia came into being in 1918, after the breakup of the Austro-Hungarian Empire at the end of World War I. It consists of six people's republics: Serbia, Croatia, Slovenia, Bosnia-Herzegovina, Macedonia and Montenegro.

Almost half the people are Eastern (Greek) Orthodox, about 37 per cent are Roman Catholic, 13 per cent Mohammedans and the rest Protestants and Jews.

The "season" for visiting runs from April through November. The Adriatic remains warm through November. A trip to Yugoslavia can be included easily in a tour between Italy or Austria and Athens and Istanbul at any time of the year.

Good travel connections make it possible to see the most interesting areas in a short time—from two days to two weeks.

Jim: "How does it feel to have 10,000 Master Points?"

Oswald: "Sort of relieved. As you know, I just accumulated Master Points up to 1959 without thinking much about them."

Then I decided to go after the No. 1 ranking seriously. It took me three years to get that and, as an incidental, I won the McKenney trophy for most points four out of the next five years.

Then I decided to go on to 10,000. Now that I am there, I intend to take things easy and will expect to be passed by several people in the next few years.

Jim: "Judy and I think that it was wonderful that you hit the mark at home in Dallas by winning a team event with an all-Jacoby team."

Oswald: "My favorite hand of the event is one played by the Boss. When West doubled two diamonds I decided to redouble. I really hoped that someone would run out, but no one did. West opened the king of spades and continued. The Boss ruffed, took a club finesse, ruffed another spade, led a club to the ace, ruffed a club and started on the heart suit."

Jim: "I don't suppose that she did this with any speed?"

Oswald: "No. Each card was played as if someone were pulling it out of her hand with pliers, but she had eight tricks in and poor West was down to four trumps. She led her last heart. West had to trump and lead a diamond to her, so she wound up with two overtricks."

Jim: "It was just as well she did. Judy and I got into real trouble ourselves and thought that our 1,100 East-West minus at two spades double was a sure loser, but your plus 1,510 took care of it."

(Editor's note: Judy Jacoby is Mrs. James. "The Boss" is Mary Zila Jacoby who is Jim's mother and Oswald's wife.)

♥CARD Sense♥

Q—The bidding has been: West North East South 1 ♠ ?

You, South, hold: ♠ AQ1076 ♥ KJ4 ♦ K32 ♣ J7

What do you do?

A—Bid one spade. Your hand is strong enough for a double but not strong enough for a double and then a bid of spades.

TODAY'S QUESTION

You overcall with one spade. West bids two clubs. North and East pass. What do you do?

Answer Tomorrow

Safety Chief

LANSING (AP) — Garnett Griffin, managing director of the Traffic Safety Association of Detroit, has been elected chairman of the Michigan Federation of Safety Organizations. Charles Maltese, manager of the Macomb County Traffic Association, was named vice chairman and Robert Strumpler, executive secretary of the Benton Harbor-St. Joseph Twin Cities Area Safety Council, was named secretary-treasurer.

Ann Landers

Non-Forgiving Wife Gets Ann's Answer

Dear Ann Landers: I wish you would stop giving stupid, unrealistic advice to wives whose husbands have been unfaithful. How can you expect a woman who has been through the tortures of hell to "forgive and forget"? It looks good on paper, Ann, but human beings just don't operate that way and you should know it.

We were married 17 years. I thought our marriage was as solid as the rock of Gibraltar. My husband was doing well in his profession. Our children were a credit to us. His home was his castle—or so I thought. And then those ugly little clues began to pop up—every wife whose husband has cheated knows them well. Makeup smudges on his shirt which he tries to explain away as "yours." Those last-minute phone calls saying he won't be home for dinner. Then he announces he must go away for the week-end—business, of course. When he returns he's too tired for conversation, let alone love.

Finally you tell him of your suspicions. He confesses, swears he loves only you—says he doesn't want a divorce. She means nothing to him. He'll never see her again. He looks you straight in the eye and says: "You owe it to our children to put this out of your mind and go on as if nothing happened."

The next thing I know he hands me your column and you're on his side. "Forgive and forget," you counsel. "Never mention the incident again. How in God's name can I forget? Do you have an answer for me, Ann Landers?" — BE-TRAYED

Dear Betrayed: Yes, I have an answer for you—and for the hundreds of other wives who wrote as you did. You don't want to forgive and forget? All right, then don't. Keep the painful memories alive by reliving the past at every opportunity. Let him know his deceitfulness has destroyed your faith and broken your heart. Cry a lot. Drop a few cutting remarks in the presence of the children. Why should the skunk enjoy their respect after what he has done to you? And don't forget the ultimate punishment. When he wants your love, oblige him, but keep the love-making much more mechanical so he'll know your heart isn't in it. Force a little smile now and then to make sure he knows you are trying to be brave.

After a while he'll get fed up with the sub-zero temperature at home and he'll tell himself he has a right to seek warmth and comfort elsewhere. By that time you'll have decided that maybe you should forgive and forget. But it will be too late.

Dear Ann Landers: My boyfriend is in Vietnam. He has been there for eight months. I wrote to you a month before he left and asked if we should become engaged. You said no. (I was 17 then and you said to wait). I didn't listen to your advice, and accepted his ring two days before he shipped out. I realize now I made a big mistake. I want to send his ring back and tell him it's over. My mother says I should wait until he comes home. I'm so mixed up I don't know what to do. This time I promise to take your advice. What is it? — SORRY NOW

Dear Sorry: If your boyfriend is fighting in Vietnam the last thing he needs is a shaft through the mail. Wait until he comes home and then give him the jolly tidings.

Too many couples go from matrimony to acrimony. Don't let your marriage flop before it gets started. Send for Ann Landers' booklet, "Marriage—What To Expect." Send your request to Ann Landers in care of your newspaper, enclosing 50¢ in coin and a long, stamped, self-addressed envelope. Ann Landers will be glad to help with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

C&NW Ore Facility Grading Is Started

By CLINT DUNATHAN

Ground was being turned today by bulldozers in the Chicago & North Western Railway yard for grading that marks the start of construction of a new \$12.3 million ore terminal facility.

"That is the intention," said Gary D. Bantle, North Western trainmaster, in reply to a question on whether the grading indicated the Railway's decision to proceed with construction of the new dock and ore yard.

The earth-moving equipment is owned by a private contractor, the Foley Brothers of St. Paul, Minn., who are to do some of the extensive grading required for the project. The North Western has contracted with the firm for the grading work.

Aid Financing
The determination of the North Western to go forward with its plans for the new ore terminal, despite the M. A. Hanna Co.'s announced plans for a similar project at Wells was indicated recently also when it exercised an option to purchase nearly 11 acres of city-owned land near the present ore dock. The option deadline was Dec. 1.

Besides selling the North Western the land, the City of Escanaba is cooperating with the Railway in proposals to assist in financing the project. The City Council has adopted

a resolution showing its intention to issue industrial revenue bonds, which would be repaid over a period of 30 years without net cost to the city or its people.

Ben Heineman, chairman of the North Western Railway, at the announcement of the firm's plans for the construction of the new ore loading facility and the expansion of its operations here, said construction of the storage facility is scheduled for completion in December, 1968, and the entire terminal should be operating in April, 1969.

Differ On Rates
The ore transfer and storage terminal includes the construction of a new dock to load vessels with both pellet and natural iron ores. The highly mechanized terminal will be able to handle up to 10 million tons of ore each year at the start and can be expanded to handle more than 20 million tons a year.

The Hanna Co.'s proposal to build a dock near Wells was spurred by a failure of the two firms to arrive at agreement on ore handling rates satisfactory to Hanna. Whether the two have reached agreement is not known, but as one North Western man said:

"We don't know if there's going to be two docks at Escanaba or not—but we do know there will certainly be one—ours."

The North Western last year shipped a record 6½ million tons of iron ore through Escanaba.

L. A. McMillan, dock agent today, reported that if there is normal weather for the remainder of the shipping season, the North Western might equal last year in any event the volume will be high and another good year of ore handling is assured.

The North Western has been shipping iron ore from Escanaba for 103 years. The expect-

ation is that with the growing volume of pelletized ore the movement will continue for many years to come. The percentage of pellet to natural or unprocessed ore gained to 50 per cent last year and will go higher in 1967.

Four Nations Join Britain; Devalue Money

(Continued From Page 1)

that under Labor leadership Britain had been "reduced from a prosperous nation to an international pauper."

No Break Up
Conservatives spread word that they expected the entire government to resign and call new elections, but Wilson's Cabinet had been unanimous on devaluation and showed no sign of breaking up.

An emergency debate on the crisis is scheduled in Parliament Tuesday and Wednesday. The Conservatives no doubt will introduce a motion of censure, but with a nominal majority of nearly 100 votes, Wilson has no chance of being driven from office.

The devaluation was accompanied by a boost of the Bank of England's discount rate, which sets the pattern of interest rates in the sterling bloc, from 4½ to 6 per cent.

This prompted the U.S. Federal Reserve Board to increase its discount rate from 4 to 4½ per cent in an effort to keep U.S. dollars from going abroad to get higher interest rates.

Gold Price Firm
President Johnson tried to stop any notion that the United States would devalue the dollar. He reaffirmed the U.S. commitment to buy and sell gold at the existing price of \$35 an ounce. Only by raising the price could he devalue the dollar.

French Finance Minister Michel Debre said the devaluation had not changed France's position on the British effort to enter the Common Market. The French have been blocking that at every turn. President Charles de Gaulle especially resents the pound's role as an international reserve currency.

The effect of devaluation on Britain's bid was to be discussed today in a Common Market conference in Brussels.

Common Market finance ministers decided in Paris Sunday night to support the devalued pound with contributions to a \$1.4 billion loan from the International Monetary Fund loan. But they could not agree on the \$1.6 billion loan the British want from 10 industrial countries, including the United States and France.

K. I. SAWYER DAY GUESTS of the Escanaba Area Chamber of Commerce Saturday were welcomed by Mrs. Manley Anderson, left, and Mrs. Arthur Anderson, right. 10 Wisconsin Hunters Die

By The Associated Press
Three hunters died of gunshot wounds, and another seven died of apparent heart attacks as Wisconsin's deer hunting season got underway.

The 1967 toll was 12, dead from heart attacks and six gunshot fatalities.

Victims were: Ned W. McNulty, 70, Fox Point; Ross Morris, 56, Beloit; Ernest Rott, 34, Waukesha; Clarence Olson, 57, Park Falls; Harry W. Verlinde, 65, Costa Mesa, Calif.; Harold Reinke, Manitowish; Lawrence Olson, 65, Wautoma; Lee W. Pettis, 68, Altoona; Milton Schulte, 51, Baraboo, and Eldon D. Gilbertson, 51, Rte. 1, Black River Falls.

Rott was killed Saturday afternoon after being wounded by a hunting companion, who told Adams County officials he thought Rott was a deer. Rott was dead on arrival at a Wisconsin Rapids Hospital.

Schulte was accidentally shot and killed while hunting in the Milton area, and Gilbertson was killed while hunting alone in Jackson County. The safety on his rifle was off and an expended shell was in the chamber.

The other seven men suffered fatal heart attacks.

Briefly Told

The Escanaba Optimist Club will hold its regular meeting Wednesday, Nov. 22 at noon at the Old Town restaurant. Members are expected to attend and bring a prospective member.

John W. Campbell, claim representative for State Farm Mutual Automobile Insurance Co. at 1007 Ludington St., has returned after completing four weeks of technical study at his firm's home office at Bloomington, Ill. This year some 500 men will attend classes there.

Larceny of sporting equipment from a pickup truck parked in Rapid River Sunday is under investigation by State Police. Louis Coppock reported that assorted articles, including a lantern, cushions and rifle shells were missing.

A quantity of hunting clothes which State Police believe were taken from a camp or camper was found in Cornell Township by Bernard Seidl, 1807 Stephenson Ave., State Police reported today. Officers said the owners may claim the clothing, which is nearly new, by identifying it at the Gladstone Post.

Robert Ebbesen of Gladstone, master counselor of Delta Chapter, Order of DeMolay, represented Delta Chapter at a reception at Lincoln Park honoring Duwayne M. Hunt, past master counselor of Clifford Reeves Chapter, Lincoln Park, and new state master counselor. Mike Damitz, district 1 master counselor and state representative for the Houghton chapter, also attended the reception. Damitz and Ebbesen were elected to the State DeMolay membership committee of which Damitz was named chairman. Ebbesen returned the "Top the State In '68" trophy to Delta Chapter as the best all-around chapter in the district.

Escanaba police have issued traffic court notices to James L. Sjöberg, Lansing, disobeying a traffic signal; Gary Lee Jensen, 1307 S. 15th St., improper backing; Gerald LeClaire, 405 S. 19th St., Kathleen Servant, 605 Ludington St., and Walter R. Severinsen, Escanaba Rte. 1, all for speeding.

HIGH FLYERS
Among the highest flying birds on record are Canadian geese. They have been observed in flight at 29,000 feet. These same birds have a wing load as high as 4.3 pounds per square inch.

Slight Injuries Result In Crash

Two persons were injured, neither seriously, in one of three traffic accidents investigated over the weekend by State Police.

Officers said Mary L. Buckland, Rte. 1, Gladstone, and Elvera Soper, also Rte. 1, Gladstone, suffered minor injuries in a rear-end collision at 2:10 p. m. Sunday on County Rd. 426 in Wells Township. A car driven by Michael Soper, 52, Rte. 1, Gladstone, struck a car driven by Patricia Tousignant, 29, of Rte. 1, Escanaba, in the rear. Soper was ticketed for no insurance.

Troopers also reported that James Oliver, 18, of 214 N. 11th St., Escanaba, and Daniel Samson, Rte. 1, Gladstone, escaped injury when their cars left rural roads in separate one-car accidents. Neither driver was ticketed.

RESTRICTED BURIALS
Overseas national cemeteries differ from those in the United States in that there can be no further burial at the overseas installations except for those bodies which may be found on the battlefield.

Britain's Money Crisis Can Force U.S. Tax Boost

By JOHN CUNIFF
NEW YORK (AP)—The devaluation of the pound sterling signals another great "Battle of Britain" and, as in previous military and economic wars, much of it will be fought with the sweat and tears of its ordinary citizens.

As in other wars also, the battle might involve many nations before it is won. And time will be a formidable adversary: Britain must act very fast to capitalize on its currency devaluation.

British workers are "now on their mettle," said Prime Minister Harold Wilson. They must make more goods to raise exports to earn money to pay their nation's bills. And they must deny themselves the rewards of working harder.

For six straight years Britain has been unable to send more goods abroad than it imported, meaning it was living beyond its means. This diluted the relative value of its currency. Devaluation acknowledged this.

Involves U.S.
This latest predicament of Britain deeply involves the United States, among many other nations. There are bound now to be suspicions that this country, which also has a balance of payments problem, might devalue the dollar.

Such rumors will be termed ridiculous by monetary officials, but they are far from being absurd. The economies of the world's trading powers are like threats in a fabric, the value of their currencies is in relation to each other.

Sunday's boost in the Federal Reserve lending rate was recognized.

Wake Up Your PERISTALSIS And Be Your SMILING BEST

Peristalsis is the muscular action of your digestive system. When peristaltic action slows down, waste materials can build up in the lower tract. You can become irregular, uncomfortable, stuffed.

The unique laxative formula of today's Carter's Pills gives effective, temporary relief of the irregularity by activating the slowed-down muscles of the lower tract and stimulating peristalsis.

So if you're sluggish due to irregularity, take Carter's Pills to wake up your peristalsis and you'll bounce back to your smiling best.

Millions of satisfied users take Carter's Pills for effective temporary relief of irregularity. Why don't you 49?

Stops Tormenting Rectal Itch

Exclusive Formula Promptly Stops Itching, Burning and Relieves Pain of Piles in Most Cases

New York, N.Y. (Special): The embarrassing itch caused by hemorrhoids is most torturous. But science has found a special formula with the ability, in most cases - to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids. And all without narcotics or stinging astringents of any kind.

The secret is Preparation H. There is no other hemorrhoid formula like it. Preparation H also lubricates, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Flint Marine Cheats Death

Cpl. Clifford Hiteshaw
FLINT (AP) — The spunky Marine corporal, who survived a severe heart wound in Vietnam this month, had hoped to become an agent for the Federal Bureau of Investigation, his mother said here.

Mrs. Cecil R. Hiteshaw said her 20-year-old son, Clifford, left Flint Junior College in the fall of 1966 to complete military service.

The young Marine stopped breathing twice from the wound when a mortar shell accidentally exploded Nov. 7. Doctors said he "refused to die."

Hiteshaw also had his right leg amputated below the knee and his broken left leg was set in a cast.

The mother was surprised by the Associated Press dispatch, which told the details of her son's injuries. She said she had received a letter earlier this week from a corpsman which just said he had been injured.

The corpsman, who asked some questions about the family at the request of the wounded Marine, added a postscript to the letter.

"Your son is one of the finest and bravest men I've ever known," the corpsman wrote.

Hiteshaw was graduated from Flint Beecher High School. He arrived in Vietnam last March 27. His father is employed by Buick Division of General Motors.

Plan 3 Detroit Strike Papers

DETROIT (AP) — Three different groups worked today to put out three new newspapers while the city's two regular dailies are shut down by a strike.

The Detroit News, an afternoon paper, has been closed since last Thursday by a Teamsters Union strike and the Detroit Free Press, Michigan's only morning daily, suspended publication Friday because of what it called "actions of certain unions."

The three strike papers planned were The Daily Press, published by Gary Stern, The Daily Express, published by Frank Beaumont, and the Detroit Daily Times, published by Charles Dickson.

Each publisher said his paper would have an initial press run of 200,000 copies. Dickson and Beaumont said they hoped to get their first editions on the street today and Stern said he planned to put his first edition out by Wednesday.

Stern, a Detroit hotel owner, published 122 editions of the Press in 1964 when the News and the Free Press were closed for 134 days, the longest metropolitan newspaper blackout in the nation's history.

Beaumont works for the Wyandotte News Co., which publishes weekly papers in the Detroit area, and Dickson is an executive of the Michigan Rotary Printing Co., where the Times will be printed.

IMPORTANT ISLAND
Although it is only the third largest of Hawaii's four major islands, Oahu is the most important and most populous. It is the financial, political, cultural and industrial center of Hawaii and site of the capital, Honolulu.

Plane Crash Is Fatal To Two

RICHMOND (AP) — A Mount Pleasant oil man, a widower with 11 children, was one of two persons killed in the crash of a single engine plane near Richmond Saturday night.

Police identified the victims as Eleanor Klotz, 44, of Marine City, and C.W. Collins, 56, owner of Evaluation Sales and Collins Oil Co. in Mount Pleasant.

Police said the plane, headed for an airfield at nearby Marine City, lost power and struck a utility wire as it was gliding toward a landing. It burst into flames.

Collins was the father of 11 children aged 8 through 30. His wife died two years ago.

Dentist Is Winner
DETROIT (AP)—Dr. Leonard Davis, a Detroit dentist, won \$1,000 in prizes Sunday for being the 50,000th person to enter the Detroit Auto Show.

Legal Services In Peninsula Curtailed

Upper Peninsula Legal Services, Inc., today began a temporary curtailment of services throughout the Upper Peninsula.

The federally funded program, which provides legal advice and representation to persons who are financially unable to retain an attorney, is presently operating under authority to use unexpended funds remaining from a grant that expired on Oct. 31. Action by the Office of Economic Opportunity with regard to a pending proposal for refunding is expected before the end of this year, but until new funds are obtained, only limited services will be available.

Staff attorney Ernest Olivares, who has served Delta, Menominee and Schoolcraft counties since Oct. 1, will temporarily suspend the taking of appointments at Manistique, Germantown, Rock, Spalding and Menominee.

No New Cases
Continued representation will be provided in pending cases, and new applications will be accepted, but no new court cases will be filed except to meet emergency needs. Regular office hours will be maintained at 1007 1/2 Ludington St. where appointments can be made by calling 786-2303.

Olivares, who replaces Richard J. Jason as staff attorney for the Escanaba office, formerly practiced law at Mt. Clemens, Mich. A 1955 graduate of the University of Detroit College of Law, he has moved to Escanaba with his wife, Mary, and seven children, from California where he most recently served as a staff assistant to the Douglas Aircraft Co.

Jason, who joined the staff of the legal services program in November of 1966 at which time he was assigned to the Escan-

aba office, was appointed to the position of assistant executive director. He is presently working in the program's administrative office in Gladstone City Hall.

1,478 Applications
As of Oct. 31, which marked the end of its first year of operation, the legal services program had received 1,478 applications for assistance. Of these, 31 clients received legal advice, 195 received assistance beyond the giving of advice but not requiring court action, 166 were represented in court cases, and 9 were represented in cases involving administrative agencies of government.

Of 280 applicants referred to other sources for assistance, 212 were advised to seek private counsel for reasons constituting ineligibility for free legal services. An additional 487 cases were pending on Nov. 1.

In 43 civil court cases, excluding divorces, legal services attorneys received 20 decisions favorable to their clients. Adverse rulings resulted on only 9 occasions; and 14 settlements were obtained. Of 33 applicants against whom criminal complaints had been lodged, most involving misdemeanors, dismissals or acquittals were obtained on behalf of 17 convictions resulted against 7 guilty pleas were entered by 6, and 3 were permitted to enter pleas to lesser charges.

Got Divorces
Applicants seeking divorce included 43 who were found to be ineligible and were referred to private attorneys. An additional 105 clients decided not to pursue further action after receiving advice or counseling from program attorneys. Of 85 court cases commenced during the year, 25 were discontinued prior to the granting of a di-

vorce. Only 60 clients proceeded to the taking of divorces.

Petitions in bankruptcy were sought by 35 applicants. Of these, 12 were found ineligible and were referred to private counsel. Advice or other assistance was provided to 18 clients in lieu of filing in bankruptcy; and bankruptcy petitions were filed, and discharges obtained, on behalf of 5 clients.

Agency Cases
Other contested cases in which clients were represented by the program include 9 disputed actions by administrative agencies. Clients obtained relief in 7 of these. One client was denied relief; and a compromise settlement was achieved on behalf of another.

The 7 cases in which relief was obtained involved the administration of welfare benefits. Of these, eligibility to receive benefits was established on behalf of 4 clients, and increases in the amount of benefits were obtained on behalf of 3 others.

The program has been operating six service offices and one administrative office, with a full staff of attorneys, since early May of which time a recruiting effort that was begun in the fall of 1966 was successfully completed. Regular appointment days have been established in 40 separate communities. Operating with funds obtained by the Upper Peninsula Committee on Area Progress from the Office of Economic Opportunity, the program has expended \$168,591 of a total federal grant of \$195,407.

Board Of Directors
The program is governed by a board of directors composed of 15 Upper Peninsula residents, nine of whom are attorneys and six of whom are lay persons elected as representatives of low income families. Officers and members of this board include: Judge George J. Theut of St. Ignace, president; Atty. Robert H. Clark of Marquette, treasurer; Merry Keenonen of Newberry, secretary; Atty. Oswald G. Casanova of Crystal Falls; Atty. Edward J. Dundon of Iron Mountain; John F. Irwin of Baraga; Atty. Bert M. Heideman of Hancock; Atty. Clair J. Hoehn of Gladstone; Everett Mattson of Bessemer; Opal Peppiatt of Bark River; Atty. Edward A. Quinnell of Marquette; John Anders of Iron Mountain; Atty. Alan Briggs of Ontonagon; Clyde Vadenais of Marquette; and Judge Robert A. Wood of Newberry.

Early Pension Hike Rejected

WASHINGTON (AP)—An effort to advance by two months the date for the receipt of bigger Social Security checks has been turned back by the Senate.

Sen. Winston L. Prouty, R-Vt., offered the amendment to place into effect in January the increased benefits contained in the Social Security bill approved by the Senate Finance Committee.

These include at least a 15 per cent boost for everyone now on the rolls with increases up to 58 per cent at the bottom of the scale.

The vote on Prouty's amendment was 55 to 12 to reject. The bill approved by the committee sets a March effective date for the hikes which means they would be in the checks due April 3.

The House, in passing the bill in August, specified that the increases it proposed, smaller than those in the Senate version, should take effect the second month after the measure becomes law. This probably would mean in February.

Final vote on the bill is expected on Wednesday.

Miner's Hoard Of Nuggets Stolen

GRANTS PASS, Ore. (AP)—A 75-year-old miner from Grants Pass told police in Sacramento, Calif., that he lost \$6,000 in gold nuggets.

W. D. Fenner said the gold was taken from his unlocked car while he was inside a cocktail lounge.

Fenner said he had mined the gold in Trinity County in Northern California. He said he was taking the gold to the U.S. Mint in San Francisco.

Police asked Fenner why he didn't lock the car.

They said he answered, "We don't have to lock our cars where I come from."

HOGAN'S FACE EAST
Traditionally, Navajo Indian hogan entrances face an easterly direction, so that the house is open to the influences of the God of the East, or God of the Dawn. Modern hogans generally face whatever direction is most convenient for the residents.

How to improve your wife's cooking before Thanksgiving.

Keep her cool. Get her a new Gas range, and she'll spend less time in the kitchen. With better-than-ever results. Gas ranges can do 3 or 4 jobs at once. Automatically.

Free her time. A Gas range with automatic ovens can start—and finish—perfect meals while she's out. Out getting you something a little extra special for dinner.

Stop her stooping. Look into a Gas range with a modern eye-level oven she can look into. No more deep knee bends. No more smoke, either. All Gas ranges feature smokeless broiling. The clean Gas flame does it. Consumes any smoke and even spatter.

Pass the buck. Don't pocket the money you'll save with Gas. (Gas cooking costs only 1/2 as much as electric cooking.) Give her the difference. And taste the difference in your meals.

Take a load off her feet. No more in and out of the kitchen to watch the pots. Gas ranges have the Burner-with-a-brain, to guard against boil-overs. And there's an unlimited number of flame adjustments you can see. Not just 3 or 4. Buy her a new Gas range at dealer and Gas Company showrooms. Save her all that legwork. Especially with Thanksgiving coming up. Not to mention Thanksgiving dinner.

Gas cooks best for less.

There's A Chance Your Thanksgiving Dinner Won't Cost You A Penny...

Here's All You Have To Do:

First you must buy a turkey at A&P.
Serve it for Thanksgiving dinner. Be unhappy with it.
Come and tell us (and bring the price label or register tape, of course).
We'll give you **DOUBLE YOUR MONEY BACK** (that should just about cover the cost of your whole dinner).
Simple?
Well not really because we're not taking any chances.
We're selling only the finest turkeys.
Every "Super-Right" bird is U.S. Grade "A".
So we can't lose. But neither can you.
Is this a good reason for shopping A&P?
It's one of many.

BARK RIVER — Mrs. Edward Motto, president of the Rheum-Knauf American Legion Auxiliary, released the names of her committee chairmen at the meeting held Monday evening in the Legion Hall.

Americanism, Mrs. Ivan Sundquist; National Security and Civil Defense, Mrs. Bernadine Kleinman; Child Welfare, Mrs. Martin Kwarciany; Community Service, Mrs. Philip Norman; Constitution, By-Laws and Legislation, Mrs. Francis Derocher; Education and Scholarship, Mrs. Lloyd Bruce; Girls' State, Mrs. Leo Knauf; Junior Activities, Mrs. Hector Larson; Membership, Mrs. Adolph Dahl; Mrs. Kenneth Taylor; Music, Mrs. John Krause; Poppy, Mrs. Arthur Fournier; Rehabilitation, Mrs. Joseph Langlois; Past President, Parley, Pan-American, Mrs. Leslie Sundquist; Publicity, Mrs. Betty Olson; Hospitality, Mrs. Adolph Dahl.

The Auxiliary will send gifts for the Gift Shop at the Veterans' Hospital in Iron Mountain.

The group again plans to hold a gift to Girls' State in Ann Arbor next June. A donation will be made to the Pinecrest Medical Facilities Auxiliary in Powers for their silver tea and bazaar fund-raising project, Sunday, Dec. 3, to purchase a Whirlpool Bath for the therapy department.

On Monday, Nov. 27, at 7 p.m., the Auxiliary members will pack cookies and other goodies for the men in service from the Bark River-Harris area. Anyone may donate toward this project and the ladies of the auxiliary will appreciate receiving two and three pound coffee cans for use in packing and shipping.

A Christmas party and gift exchange is planned for the next regular meeting, Monday, Dec. 11. Two new members were accepted into the Auxiliary, Mrs. Fred Gasparick and Mrs. Joseph Grzybowski, III. Mrs. Betty Olson won the guest prize. Lunch was served by Mrs. Martin Kwarciany, Mrs. Joseph Langlois and Mrs. Loyal Hanson.

Garden Peninsula

Visiting for the holidays at the Walter Haas home, are Mr. and Mrs. Walter Haas and son of Milwaukee, Wis.

At the William A. Wards for Thanksgiving and hunting the Mr. and Mrs. Bernard Barney and daughter of Seymour, Wis. Mr. and Mrs. Francis Ansell and family of Milwaukee are visiting at the homes of Lawrence Anderson and Dave Thrill for hunting and Thanksgiving.

Births
Mr. and Mrs. Murray Patz of Menomonee, Wis., are the parents of a son, Todd Ross, weighing 8 pounds and 10 ounces, born on Friday, Nov. 17. He is their first child. Mrs. Patz is the former Penny Farley, daughter of Mr. and Mrs. Norman Farley of Garden. Paternal grandparents are Mr. and Mrs. Norman Patz, Manistique.

Freeland Woman Fascinated By Button Collecting Hobby

EDITOR'S NOTE: A Freeland woman who collects buttons has one specimen so small it is no bigger than the head of a pin. And it has a rose painted on it. The unusual button may give an indication why button collecting ranks third behind coin and stamp collecting in hobbies. Here is a report on a Michigan collection by the Midland Daily News.

FREELAND (AP) — To Mrs. Arthur Roche of Freeland, who was handicapped by polio, buttons are a fascinating hobby. Mrs. Roche collects buttons of all types, her oldest ones dating from the Revolutionary War period.

"Button collecting is a good hobby for handicapped people. It keeps your mind off other things," she said.

The appeal of the hobby extends, though, to all sorts of people and button collecting, according to a recent hobby publication, ranks third in popularity. Coin collecting is now in first place, and stamp collecting, for many years the undisputed king among hobbies, now ranks second.

Among America's earliest button collectors was John H. Tingle of Connecticut, who, in 1883, offered a prize of \$50 to each young woman who could send him a string of 2,500 buttons, all of which had to be different. The businessman's offer received wide publicity through the newspapers and before he was through, he had paid out \$4,000 for 900,000 buttons, Mrs. Roche said.

Storage Problem
Along with the almost one million buttons, Tingle also acquired a storage problem, and soon after, he donated the collection to the Agricultural Society of Connecticut, which showed no real interest in the buttons until recently.

In the 1940s, the collection was brought out of the cases where it had been hidden for many decades, and was arranged into smaller displays, which are shown, a part at a time, by the Connecticut State Museum in Hartford.

In the 1890s, a popular pastime among girls and young women was to build "Charm Strings," or collections of buttons on a string. The object was to acquire 999 buttons, no two alike. The theory was that a girl who added the 1,000th button was destined to be an "old maid," Mrs. Roche related.

Apparently, the "old maid" theory was not held widely in 1893, or the young women who responded to Tingle's offer felt that the \$50 was adequate compensation for the risk of spinsterhood.

All Types
The current fad of button collecting came to life in the 1940s and has steadily grown in popularity, Mrs. Roche said. Although many collectors specialize in certain types of buttons, Mrs. Roche is interested in all types. Asked to estimate the size of her collection, she said,

MRS. ARTHUR ROCHE of Freeland, Mich., who estimates the size of her button collection in bushels, points to a "story button" in her collection which depicts "The Ship of Fools." According to a recent hobby publication, button collecting ranks third in popularity with coin collecting in first place followed by stamps. Mrs. Roche is a member of both National and Michigan Button Societies. (AP Wire-photo)

"In bushels." I couldn't begin to tell you the number of individual buttons I have."

A library of books on buttons is also a part of the serious collector's investment. Mrs. Roche enjoys visiting button shows and has books dealing with all exhibits as well as viewing the phases of the hobby, from its history to books of detailed drawings for identification of specimens.

In addition to shank buttons, cloth-backs which have a turn of cloth for attaching the button, buttons with two holes and those with four, she also has more unusual three-hole and five-hole buttons—even some with only one hole.

Story Buttons
Her favorites include hand-painted porcelain and "story buttons" which illustrate fictional, geographical or historical scenes and characters. Some of these have stories on their backs and others are signed by the artist who painted them. Some old buttons also carry the dates of their manufacture, she said.

Mrs. Roche's picture buttons range in subject from the "Ugly Duckling" to mythological characters to the "Charter Oak."

Mrs. Roche considers an old black iron button with a figure of a witch on a broomstick painted on it in white, to be one of her most interesting buttons. "I don't know its history, but I can't help but wonder if it might be from the Salem, Mass., area of the days when people believed in witches," she said.

Her buttons range in size from less than one-eighth of an inch in diameter to 3 1/2 inches.

Size Of A Pin
"I have one about the size of the head of a pin, and it has a hand-painted rose on it," she said.

Mrs. Roche says one of her

QUALITY in home furnishings . . .

The most important consideration of all to the buyer, is something you can judge a lot better than you think. You can look — and you can ask questions.

For instance, you know quite a bit about good fabrics, just from selecting clothing for many years. And you can judge tailoring. Take a good look at that chair you like. Check the evenness and neatness of the welting. See if the fabric is properly centered on the back, seat and arms. See how well it fits.

Then inspect whatever wood trim or frame shows. See how well the wood is finished. If you don't know what kind of wood it is, ask. Then read the manufacturer's label that tells you what the cushion content is, whether foam, cotton, felt, down, urethane foam, or a mixture. And ask more questions of the salesman.

You'll find our courteous salespeople always ready to answer your questions — so don't hesitate to ask as many as you like. And you'll find that our display includes fine manufacturer's names, your best assurance of quality. Look closely at whatever you buy — and be sure to take a good long look at our display of quality furnishings.

Births

TERRELL — Mr. and Mrs. James Terrell of 817 Ludington St. are the parents of a son, Garry Robert, born at 6:53 p.m. on Nov. 18. The mother is the former Inga Schneider.

CAYER — At 10:26 p.m. on Nov. 18, a daughter, Amanda Lou, weighing 5 pounds and 11 ounces, was born to Mr. and Mrs. David J. Cayer of Escanaba Rte. 1. She is the first child in the family and Mrs. Cayer was Betty Nelson.

BOUCHER — A son, David Lawrence, weighing 9 pounds, was born at 7:17 a.m. on Nov. 19 to Mr. and Mrs. Robert D. Boucher of 1112 7th Ave. S. Mrs. Boucher is the former Jeanne Marth.

WEISSERT — Mr. and Mrs. Daniel W. Weissert of 330 N. 13th St. are the parents of a daughter, born at 1:26 a.m. on Nov. 20. The infant weighed 6 pounds and 6 ounces at birth and has been named Mary Ann. The mother was Beverly Valiquette.

Bark River

PTA Meets
Charles Gallagher, clinical psychologist from the Child Guidance Center in Escanaba, was guest speaker at the Bark River-Harris Parent-Teacher meeting held Wednesday night in the elementary school.

The Community Calendar has been completed by Mrs. Tom Bartoszek of Perronville and is available to PTA members.

The senior class is taking orders for the '69 year-book. Anyone interested may contact any senior or call 466-2256 or 466-9946.

The room award went to Mrs. William Constantineau's fifth grade. Lunch was served by the first grade mothers.

Mrs. August Schultz of Perronville was admitted to Pinecrest Medicare Facility Tuesday. Her room is 211 North.

Baking Hints

If you use an aluminum pan as a water bath when you are baking custard, add a tablespoon of vinegar to the water in the pan to prevent discoloration of the aluminum.

Baking chicken breasts? A glass baking dish that is about 12 by 8 by 2 inches will hold three of the breasts (six pieces) split in half.

New use for mincemeat: add it to a cornbread stuffing for roast duck or turkey.

MRS. MARY JANOSEK of Lakewood, Ohio, and John Janosek of Little Rock, Ark., announce the engagement of their daughter, Janis Ann, of 1344 N. Dearborn Parkway, Chicago, Ill., to William H. Peltier, 2243 N. Geneva Terrace, Chicago, son of Mr. and Mrs. Lloyd Peltier of Los Angeles, Calif., former residents of Escanaba. The bride-elect attended Chicago Musical College and Western Reserve University and is presently employed as medical research assistant at Burton C. Feldman, Inc., Chicago. Her fiancé received his B.S. degree in Journalism from Marquette University and is assistant director of account services of Arthur Meyerhoff Associates, Inc., Chicago. The wedding will take place Feb. 10, 1968.

Elks Duplicate Winners Named

Mr. and Mrs. Robert Pearson Jr. and Mr. and Mrs. James Emerson came up winners Saturday night in a special duplicate bridge session at the Elks Club.

Mr. and Mrs. Pearson topped the experienced players section and Mr. and Mrs. Emerson won the beginner's class as the Elks Bridge League divided competitors into the two divisions in an effort to encourage new duplicate players.

Others playing over 50 percent were: Division 1—2, Mr. and Mrs. Al Taylor; 3, Mr. and Mrs. Harry Needham; 4, Mr. and Mrs. Dave Andrews; Division 2—2-3 (tie), Mr. and Mrs. Henry Van Grusel; and Mr. and Mrs. Richard Knoll; 4, Mr. and Mrs. Leo Alperovitz.

The club will not play this Saturday. Competition will resume at 7:30 p.m. Saturday, Dec. 2.

Drinks In Home Urged By Federal Study

By NEIL GILBRIDE

NEW YORK (AP) — A federally financed study on alcoholism and other alcoholism problems says it should be national policy to promote drinking in a family setting to help prevent the development of problem drinkers.

The report, titled "Alcohol Problems—A Report to the Nation," also recommends that the legal age for buying and drinking alcoholic beverages be lowered to 18 throughout the country.

The National Council of Churches has strongly endorsed the proposals which are part of a "total alcohol program" aimed at inducing deliberate "changes in American drinking patterns."

Financed by a \$1 million grant from the National Institute of Mental Health, the study was made by a 21-member Cooperative Commission on the Study of Alcoholism over the last five years.

Their findings are contained in the 224-page report published today. The commission urged a reduction in "the social pressure to drink."

In this regard the report suggested that liquor advertisers could include in their ads references to a host's responsibility to refrain from keeping the glass full for a guest who has to drive home.

The commission found "a pattern of gregarious social drinking is likely to be more restrained than drinking in exclusively male settings." It also said drinking in a family setting is "likely to be restrained."

It noted the relatively low rate of problem drinking in Italian, Chinese and Jewish families where youngsters generally refrain from drinking alcohol beverages "in the home in a relatively routine and unemotional manner."

"People brought up in totally abstinent traditions who later take up drinking apparently are more likely to become problem drinkers," the commission commented.

700,000,000 Americans are not evenly distributed throughout the country. One out of every five lives in "Megalopolis," the interlocking chain of cities stretching along the Atlantic seaboard from Boston to Washington, D. C. Other massive urban concentrations are along the Great Lakes from Cleveland to Chicago, Florida's Miami-Tampa area, San Francisco Bay and Los Angeles in California and the Gulf Coast.

China Seat Up For UN Debate

UNITED NATIONS, N.Y. (AP) — U.N. diplomats expect the General Assembly's annual debate over whether to admit Communist China opening today, to end in defeat again for Peking. Friends of Nationalist China say the vote against the Chinese Reds will be bigger than last year.

Cambodian Ambassador Huot Sambath was to introduce a resolution sponsored by 10 non-aligned and Communist countries seeking to substitute Communist China for Nationalist China as the legitimate government of the United Nations and all related organizations.

Nationalist Chinese Foreign Minister Wei Tiao-ming followed him on the list of speakers, defending his government against any such move.

Vote By Friday
The 122-nation assembly is expected to vote by Friday.

Sources close to the Chinese delegation anticipate a vote of 59-45 against the pro-Peking resolution, a margin of 14 last year it was 57-36, with other members abstaining. They said almost all the governments changing their stand are African.

The sponsors with Cambodia of the resolution are Albania, Algeria, Congo, Brazzaville, Cuba, Guinea, Mali, Maritania, Romania and Syria.

The United States and 13 other countries are sponsoring a resolution reaffirming that any change in China's representation requires a two-thirds vote in its favor. It is expected to pass, as did similar resolutions in 1961, 1965 and 1966.

On Tuesday, Ambassador Piero Vinci of Italy will introduce a resolution calling for a study committee to recommend "an equitable and practical solution" of the Chinese representation question to the 1968 assembly. That resolution seems likely to fail, as did a similar one last year.

Tie In 1965
In 1965, the year after the Chinese Communists took over mainland China and the Nationalist government moved to Formosa, the assembly voted 38-10 against a Soviet resolution to

MANISTIQUE

Rev. Young Named To Post At Boston Home

Rev. Chester R. Young has accepted a call to the Boston Industrial Home as chaplain. He will work in rehabilitation and counseling as well as serving as chaplain. The home, one of the oldest missions in Boston, serves 250 men nightly and has dining halls and other facilities.

Ordained in 1962, following studies at Northern Seminary in Chicago and Bob Jones University in South Carolina, Rev. Young has served the past four years as Superintendent of the Calvary Rescue Mission in Boston. He received a bachelor degree in sociology from Eastern University in Boston in 1966. He also has studied at Gordon College and Harvard University.

The Rev. Mr. Young is a son of Mrs. Elva Young and the late Vilas Young and a brother of Mrs. Rodeg Tyrrell.

FREE TUITION
Almost one in Sweden has to pay for an education. Beginning in 1842, Swedish law made elementary education from the age of seven free and compulsory. Tuition is still free today in practically all schools, universities and colleges, according to the Encyclopedia Britannica.

oust the Nationalists, 37-11 against a Soviet resolution to seat the Communists and 33-16 against an Indian resolution saying Peking "should be entitled to represent" China.

Through 1960, the issue was deferred from year to year. Then it was revived, and there were majorities of 12, 14 and 16 against seating Red China in 1961, 1962 and 1963.

In 1964, the assembly did nothing because the U.S.-Soviet dispute over peacekeeping assessments stalemated it. When the assembly took up the Chinese issue again in 1965, there was a 37-37 tie.

Church Events

Zion Lutheran
Group meetings in Zion Lutheran Church are scheduled as follows:

Nov. 21 - Faith group at 1:30 p.m. in Augustana Hall for a work bee; Hope group, 8 p.m., at home of Mrs. Clifford Christensen; Patience group, 8 p.m., at Augustana Hall for a work bee, and Joy group at 8 p.m., for a meeting in Augustana Hall with Evelyn Berwin as hostess and Mrs. Walter Johnson in charge of devotions.

Hospital

Admitted to Schoolcraft Memorial Hospital:
Nauts Popour, Roger Sims, Diane Betterly and Eileen Kinsey.
Discharged:
Judy Demars, Alfred Shenk and Raymond Olsen.

Briefly Told

State Police report Charles H. Varham was ticketed by St. Ignace officers for speeding and is to appear before Justice Lee Dyer in Epoufette.

GLADSTONE

Boy's Leg Is Fractured In Traffic Mishap

A Gladstone boy who rode his bicycle into the street from the sidewalk was struck and injured by an automobile at 1:30 p. m. Saturday, it is reported by Gladstone city police.

William "Billy" LaPine, 6, the son of Mrs. Donald LaPine and the late Mr. LaPine of 1201 Minneapolis, suffered a fracture of the left leg and slight facial bruises. He is reported in good condition at St. Francis Hospital today.

The auto was driven by Douglas Wescott of Rapid River. No traffic violation notice was issued.

Miss Sylvia Sigg, Harold Smith Wed

Miss Sylvia Sigg, 115 4th Ave., Gladstone, and Harold Smith, of Escanaba, were united in marriage Saturday afternoon, Nov. 11, at Bethel Evangelical Free Church. The bride is the daughter of the late Mr. and Mrs. John Sigg.

After a wedding trip to Muskegon to visit his parents, the couple are at home at 420 S. 18th Street, Escanaba. A wedding reception was held at the church with about 75 relatives and friends in attendance.

Secretary Udall Urged To Act On Alewife Control

WASHINGTON (AP) — Secretary of the Interior Stewart L. Udall has been asked by Rep. Clement J. Zablocki, D-Wis., to act immediately to control the alewife population in the Great Lakes.

Zablocki expressed fear that next summer's alewife inundation will be as bad as last summer's.

In a letter to Udall, Zablocki noted that although a special department task force recommended a five-year, \$13 million program of alewife research and control two months ago, there has been no indication that the recommendations are being implemented or even accepted.

Zablocki said his earliest estimate that the alewife inundation last summer cost \$100 million may have been too conservative. He noted a recent Michigan report of \$50 million in losses for that state alone.

The small fish piled up by the thousands on Great Lakes beaches last summer.

Briefly Told

The Matinee Bowling League will bowl at 1:30 p. m. Tuesday, not on Wednesday because of the Thanksgiving holiday.

Panel Reports Health System Now In Crisis

WASHINGTON (AP) — A presidential commission warned today a national health crisis may "be upon us now or just around the corner."

Already, it said, the system of caring for America's health is in a state of crisis, with costs rising far faster than living expenses and gaps apparent in the quality and distribution of services.

The commission questioned whether the country is getting its money's worth from the increasing billions going into health care since there has been only a small gain in life expectancy. It suggested health might be improved more by comparable expenditures in such areas as sanitation, education and better housing.

Among more than 50 curatives for current problems, the commission prescribed:

—For doctors, dentists and other professionals: Periodic examinations for renewal of their licenses as a prod to keep up their skills and knowledge and to discourage "unnecessary or overly expensive tests and treatments" on the part of some. The commission listed reviews by peers or associates as one of its most important recommendations.

—For hospitals: Financial rewards for efficiency and quality

Haulaway Pact Stirs Dissent

LANSING (AP) — The men who drive auto haulaway trucks are unhappy with the contracts negotiated for them by the Teamsters union, a Lansing driver said Sunday.

Teamster Max Taylor said about 350 drivers from Lansing, Flint, Toledo, Chicago and other areas met in Lansing and "we were 100 per cent agreed we would turn this contract down."

"We don't like what's in it," Taylor said. "We think it stinks. We're just plain tired of having thin things rammed down our throats."

Taylor said that although the Teamsters union has not yet made details of the new contract available to drivers, some drivers have gotten copies anyway.

Want No Strike

"We want our international to serve our needs and prevent us from having a strike like the steelworkers have had," Taylor said.

The proposed pact contains an objectionable provision which would allow auto transport companies which are sold to replace the drivers with "guys off the street," Taylor said.

He also charged the contract would allow a company to transfer drivers into areas where other drivers were laid off—making it possible to replace older drivers without regard for seniority.

"They've just watered our seniority rights down to where we've got nothing at all," Taylor said. "Anybody who would work up a package like this is out of his mind."

Meeting Cancelled

He said the Teamsters originally agreed to send a representative to a meeting of Lansing Local 580 last week to explain the contract, but later ordered the meeting canceled when the union learned men from other parts of the country planned to attend.

"They found out this thing was snowballing on them—that more people were going to be here and that more were getting out than they wanted to let get out," Taylor said.

Taylor said he understood drivers would get copies of the new contract this week along with ratification ballots and would have only 10 days to study the agreement and vote on it.

Another meeting of truckers will be held in Lansing Sunday, Taylor added.

The haulaway drivers work for firms which contract to haul new cars. Taylor is employed by Howard Sober Inc. of Lansing.

BERRY'S WORLD

"Think of it! Today we have 200 million people—each with his own little ax to grind!"

Cashier Dies In Market Blaze

SAGINAW (AP) — Police are investigating a supermarket fire in which a cashier died of smoke inhalation.

Susan Breen, 20, whose father, Jerry, owns the Breen Advertising Agency in Saginaw, was found dead in a restroom at the rear of the store Saturday.

She was on a work break when the fire started at the Vecchio Supermarket, part of a 27-store supermarket chain in Michigan.

Fire Chief Martin Crampton said it took four hours to control the blaze. Area residents told police they heard an explosion before firemen arrived. The fire started at the rear of the store in a large refrigeration unit, Crampton said.

Nicholas Vecchio, president of the Vecchio Inc. supermarket chain, estimated damage at \$150,000.

Probe Slaying

PONTIAC (AP) — Police are investigating the slaying of Jesse Johnson, 36, whose badly charred body was found in a gutted house on the Southwest Side. Firemen called to the house Saturday found the body in a bedroom, a wire hanger around the neck. Police said kerosene was found all over the house.

Congress, in 1958, provided lifetime pensions of \$25,000 a year for ex-presidents.

David Blum, 11, Covers Romney Announcement

DETROIT (AP) — David J. Blum of East Lansing, wore a boy's grin Saturday as he heard Gov. George Romney announce his candidacy for the 1968 Republican presidential nomination.

Earlier this month, the handsome young "publisher" — only 11 years old — wrote Romney's press secretary.

"My name is David Blum," he said. "I own a small paper which I sell in the city of East Lansing. I have had the paper for two years, on and off."

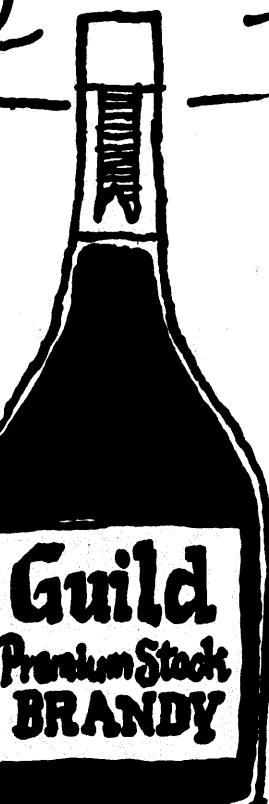

"I am interested in attending the press conference of Nov. 18. I realize the space will be limited, but it would be a great boost to my paper, and also an interesting experience for me."

"Thank you very much."

The governor's office called David to say he would be welcome. David's story will be published this week in his East Lansing Star, four pages for four cents — 1 cent a month for subscribers.

Packers Hand Rare Shutout To 49ers

GREEN BAY, Wis. (AP) — The frustrated San Francisco 49ers were left wondering where their yardage went after conquering everything but the Packers' goal line in a 13-0 loss to Green Bay.

"I'm no sage," said a puzzled John Brodie, the 49ers quarterback, after the pressure-loving Packer defense handed the San Francisco their first shutout since 1961 Sunday. "We did move the ball the whole game, but moving the ball is just a means to the end of scoring points and we didn't get that end done."

Time and again the 49ers, now locked in a four-game losing streak, found themselves in position to score but each time

they came away with empty hands. The loss was all the more irksome because the Packers played with a backfield of three backup men—Zeke Bratkowski, Donny Anderson and Ben Wilson.

Anderson and Wilson started for the second straight week in place of the disabled Elijah Pitts and Jim Grabowski. Bratkowski came on in the second period after Bart Starr was knocked woody by Stan Hindman while trying to flee from a pass rush.

"I don't know what's wrong with our offense," said San Francisco Coach Jack Christiansen. "We just don't come up with the big play."

The 49ers outgained the Packers 308 yards to 297 after dominating the second half. In the final 30 minutes San Francisco gained 232 yards to only 93 for Green Bay. The 49ers ran 49 offensive plays, the Packers only 27 during the same span.

"We had a lot of trouble with Brodie in the past. It was a pleasure to catch him when he was cold," said Packer safety man Willie Wood, who ended the 49ers last scoring bid with an end zone interception.

Brodie, however, wasn't particularly cold in the fourth period when he gained 133 of his 170 yards passing. Brodie picked up just 11 yards in the first half.

The Packers got all the points they needed on Don Chandler field goals of 41 and 26 yards and a one-yard touchdown plunge by Anderson.

The touchdown capped a Bratkowski-engineered, 80-yard march in the second period.

The Packer defense, which has allowed more than two touchdowns only twice in 10 games, gained its second shutout of the season despite the loss through an ankle injury of All-Pro linebacker Lee Roy Caffey.

Tommy Crutcher replaced Caffey and made several jarring tackles, as well as batting down three Brodie passes.

The Packers' victory assured them of at least a tie for first place in the Western Conference's Central Division, race San Francisco's loss eliminated the 49ers from contention in the conference's Coastal Division.

Linebacker Bill Laskey went out with ankle injuries—Daniels possibly with a fracture—in the Raiders' 31-17 victory over Miami Sunday.

Both Daniels and Laskey are expected to miss the Thanksgiving Day game against tough Kansas City while San Diego, only one-half game back, plays a weak Denver team.

San Diego stayed close with a 17-16 edge over Kansas City, Denverhipped Buffalo 21-20 and New York held off Boston 23-21 in the other AFL games.

Darville LaMonica threw touchdown passes of 8, 9 and 46 yards to Billy Cannon for all the points Oakland needed to beat the young expansion team from Miami.

Jan Stenerud, who kicked field goals of 12, 48 and 22 yards for Kansas City, missed one from 24 yards out with 19 seconds remaining and San Diego escaped with a one-point victory.

The Chargers turned back two Kansas City thrusts with great goal-line stands, then mounted an 80-yard touchdown march for the touchdown that tied it 16-16 with 8:31 remaining.

John Had's two-yard pass to Lance Alworth capped it, and Dick Van Raabstrop kicked the extra point that won it.

Joe Namath tossed a couple of bombs as the New York Jets built up a 29-3 lead before Boston came back with a three touchdown rally to make a game of it in the final quarter.

Don Trull scored the first two Boston touchdowns in the rally on one and two-yard runs, then passed 40 yards to Jim Whalen for another one. Namath connected on a 45 yard pass to George Sauer and a 75 toss to Don Maynard.

Denver turned a pass interception and a fumbled kickoff into two second period touchdowns in a 36 second span, then just held off the Bills. Buffalo's Mike Mercer missed on a potential game-winning field goal from 24 yards out with 19 seconds left.

Steve Tensi passed 2 and 14 yards to Al Denison for Denver touchdowns, while Jack Kemp tossed 19 and 3 yards to Keith Lincoln for Buffalo scores.

San Francisco's 13-0 victory over Pittsburgh—but lost running back Tucker Frederickson for the remainder of the season when he suffered torn ligaments in his right knee.

Unbeaten Baltimore drubbed Detroit 41-7. Los Angeles downed Atlanta 31-3; Green Bay blanked San Francisco 13-0; Washington surprised Dallas 27-20 and Philadelphia smashed New Orleans 48-21.

The eight-game program established a one-day NFL attendance mark of 482,990, the per-game average topping 60,000 for the first time ever.

In the American Football League, San Diego nipped Kansas City 17-16; Oakland trimmed Miami 31-7; New York topped Boston 29-24 and Denver upended Buffalo 21-20.

Kelly's second touchdown of the game carried Cleveland past the Vikings after Walter Johnson recovered Dave O'Brien's fumble on the Browns' 47 with 3:28 remaining. Kelly carried four times for 40 yards, including the final inches—on the winning march.

The Giants lost Frederickson and defensive tackle Jim Moran, who broke his left leg, in the first period. But Randy Minniear, subbing for Frederickson, scored two touchdowns and Fran Tarkenton passed 35 yards to Aaron Thomas for another as New York overcame an early 6-

0 deficit. The Colts' Johnny Unitas crossed up Detroit by turning loose a powerful running attack that netted 190 yards. Tom Matte led the way with 110 yards and two TDs in 17 carries as the Coastal Division leaders boosted their record to 6-0-2.

A 24-point final quarter shot the Rams past Atlanta and left them one game behind Baltimore in the Coastal race with a 7-1-2 mark. Roman Gabriel scored on a one-yard sneak and passed 87 yards to Bernie Casey for another touchdown less than three minutes later, keying the fourth quarter burst.

Green Bay's rugged defense recorded its second shutout of the season while Donny Anderson's one-yard TD buck and two field goals by Don Chandler made the difference. The victory gave the Central Division-leading Packers a 7-3-1 mark.

Sonny Jurgensen fired four touchdowns passes as Washington built a 27-4 lead and then hung on to upset Dallas' Capitol Division leaders, now 7-3. Jerry Smith caught two Jurgensen pay-off strikes.

Norm Snead also passed for four scores as the Eagles averaged an earlier loss to New Orleans. The Philadelphia quarterback completed 19 of 37 tosses for 300 yards in his club's biggest point binge since 1960.

TOM DOMRES, 70, at the far right closes in on Michigan's Warren Sipp (33) who fumbles the ball after getting nailed by Don Bliss (77) in the Big Ten football game at the University of Wisconsin in Madison Saturday. The ball eluded Domres, however, and Michigan recovered its own fumble. (AP Wirephoto)

Badgers Sustain Setback But Domres Is Standout At Defensive Tackle Job

By RAY CRANDALL
(From Sports Editor)

MADISON, Wis. — Although the University of Wisconsin football team suffered a 27-14 setback to Michigan in Big Ten action here Saturday, senior defensive tackle Tom Domres left his mark on a few Wolverines runners.

The 6 foot 1 1/2 inch, 236 pound former Gladstone athlete played an inspired game in his final home appearance in a brilliant three-year varsity career.

It was Domres who blasted classy Michigan quarterback Dennis Brown out of action with a jarring tackle in the fourth quarter.

It was the same battered Badger, who played the entire game on defense, who caused the lone Michigan fumble recovered by Wisconsin.

Domres slammed Brown loose from the pigskin deep in Wisconsin territory and the ball was recovered by John Tietz for a 22-yard Wolverine loss.

Domres is interested in a pro football career and the San Francisco 49ers are interested in him, Marsh revealed.

"Some of the pro scouts figure Domres is not big enough to make it in pro ranks as a defensive tackle but his speed and agility have impressed

everyone. It's possible he could be turned into an offensive center by the pros," suggested a Badger mentor.

In spite of his lack of bulk, Tom is very strong and durable," he explained.

Domres has been a victim of the times at Wisconsin. In his three year career with the Badgers, Wisconsin has won only five games and managed three ties. Coatta took over the coaching reins from Milt Bruhn this fall as Wisconsin struggles to break a lengthy losing football tradition.

This has been a year of frustration for Domres and his mates. They've played good enough ball to win in some games, have been hit by key injuries at crucial times during the campaign and have been the victim of some astounding penalties in several of their losing battles.

Although Domres has seen some dismal days in his collegiate career he wouldn't trade the experience for anything.

"I'm a lot further ahead for having played football," he states. "I'm able to make decisions much quicker now. It's strengthened both my physical and mental abilities, besides all the fringe benefits — traveling, meeting people, the competition. The big thing in anybody's life is to compete in sports."

On a pro football future, Domres said:

"Sure I'd be interested. It's a challenge to see how good you really are. Anyone wants to get the pros to look at him and I'm no different."

Domres has switched from physical education to biology as his major in school and has indicated he will consider a job in industry or as a science teacher and coach.

If his determination and dedication in football are any indication, Domres is certain to be a success in whatever field he selects.

Lowest 18-hole scores on the 1967 PGA were 61s turned in by Gary Brewer in the Pensacola Open and Dave Hill in the Hartford Open.

Eastern Washington has a 10-0 record, New Mexico Highlands and Fairmont State are both 9-0 and Northern Michigan is 9-0.

Fairmont State is ranked fourth in the NAIA poll behind Texas A&I, Eastern Washington is fifth.

Rounding out the top ten are Kearney State, Neb., 9-0; Waynesburg, Pa., 8-1; Southwest Texas State, 9-1; Central, Iowa, 9-0, and Grambling, La., 8-1.

However, a Highlands spokesman said Sunday night, Highlands and Eastern Washington State will meet this weekend at an unannounced site.

The selections were based on the NAIA football ratings, which were completed Sunday. Northern Michigan climbed into the No. 1 spot for the first time this year.

New Mexico Highlands closed out its season with a 66-20 victory over Westminster of Utah to take over the No. 2 rating. Highlands was a champion bowl semifinalist in 1966.

The Eskymos, fresh from a 43-42 decision over Holy Name last Friday night, make their first home appearance under new coach Bill Howes Tuesday night against a Marquette team that tripped Munising, 78-71, in another opener last weekend.

Holy Name hits the road Tuesday night for a game at Marquette Baraga, a 48-39 loser to Baraga High School last week.

The Manistique Emeralds, spilled by Ishpeming in their opener, will host the Soo Blue Devils in another Great Lakes Conference tilt Wednesday night. The Gladstone Braves are idle this week.

Among the area small school games are several season openers.

Coach Tom DeBakker's Bark River-Harris Broncoes travel to Carny Tuesday night and the Hermansville Redskins play host to Big Bay de Noc Wednesday. Other games in the

Colts Wallop Lions, 41-7; Schmidt Mad

BALTIMORE (AP) — Coach Joe Schmidt was in no mood to discuss the second straight inept offensive performance by his Detroit Lions against the Baltimore Colts Sunday.

"The Colts were great and the officiating stunk," said Schmidt, whose team was beaten 41-7. "That's all I have to say. If you want to print that, go ahead."

"No questions, Joe?" someone asked.

"No questions," Schmidt answered. "That's all I have to say, damn it."

The loss left Detroit with a 3-5 record in the Central Division, good enough for third place behind Green Bay and the Chicago Bears.

The Colts, still unbeaten with eight victories and two ties, didn't get the same feeling after absorbing the shocks and bruises of violent blow contract.

"That was a good old alley fight out there today," said veteran Baltimore center Dick Szymanski. "A lot of conservation."

Many of the Colts said they never heard so much yelling on the field with the officials doing their best to contain the participants.

Alex Karras, the great Detroit defensive tackle, as usual was one of the most vocal and drew a 15-yard penalty for unsportsmanlike conduct in the fourth quarter for something he said to an official.

With a strong running game counterbalancing the Detroit Blitz, the Colts didn't score a touchdown on a pass until John Unitas hit Alex Hawkins with a 17-yarder early in the fourth quarter, making the score 34-0.

On the first play after the kickoff, Charlie Stukes intercepted a deflected Karl Sweetan pass and returned to the Detroit 23.

With the Colts on the bench, Jim Ward took over at quarterback for Baltimore. On his second call, Ward threw a 20-yard touchdown pass to Willie Richardson.

The Colts uncharacteristically netted more on the ground than in the air, 190 yards to 161. Mats gained 110 yards on 17 carries.

The victory was not without its damaging injury for the Colts, who have lost a player in almost every game this season.

Rookie split end Ray Perkins suffered torn ligaments in his left knee and is expected to undergo surgery Monday. Raymond Berry, the all-time NFL pass catcher who has been out with a shoulder injury, is about ready to be activated.

It was the eighth victory for the only team without a defeat in professional football this season and kept the Colts a game ahead of Los Angeles in the league's Coastal Division. Baltimore leads 7-0.

Colts' Coach Joe Schmidt said: "The victory was not without its damaging injury for the Colts, who have lost a player in almost every game this season."

Raiders Pay High Price For Victory

By The Associated Press
It was a "must" game for Oakland, one the Raiders had to win to stay atop the Western Division standings in the American Football League. But the price they paid for it may have been too high.

Clem Daniels, their leading runner and No. 4 in the league, was hurt.

Engadine Loses Season Opener

ENGADINE — A speedy Detroit Red Raider basketball team threw a full court press at the inexperienced Engadine Eagles in a season opener here Friday night and registered an impressive 94-50 Eastern Conference victory.

Pressing from the opening tipoff, Detroit charged to a 21-12 first quarter lead and was never threatened. Fourteen players saw action for the Raiders and 12 of them contributed to the scoring total.

Pacing Coach Jim Brownson's Eagles in the scoring department was senior Mike Schutt with 14 points. Deryl Miller added 12 and Daryl Houghton 10.

DeTour also won the jayvee preliminary, 62-43.

Box score:

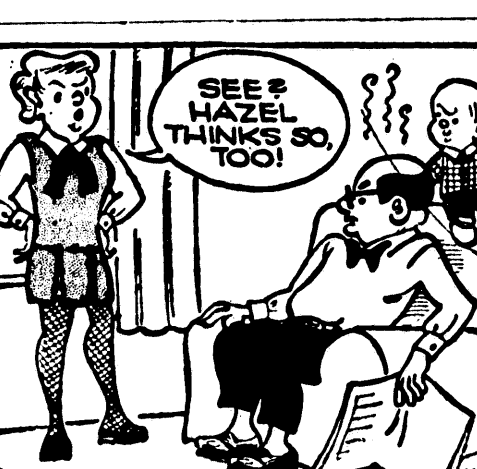

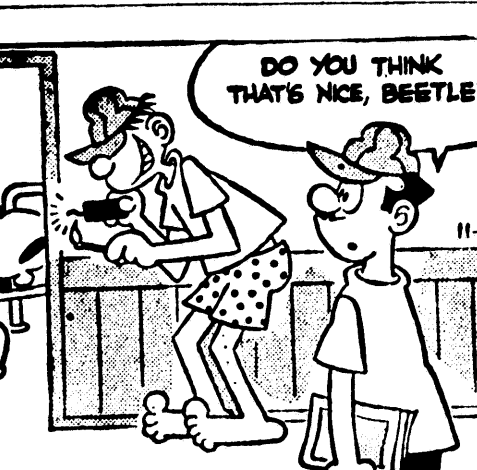

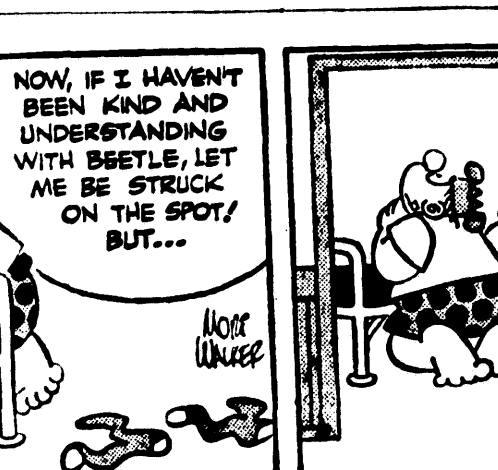

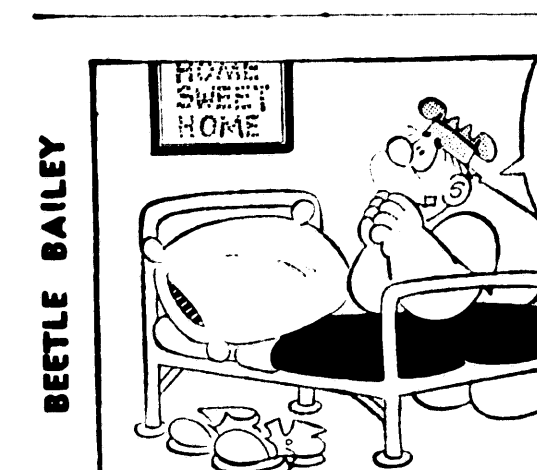

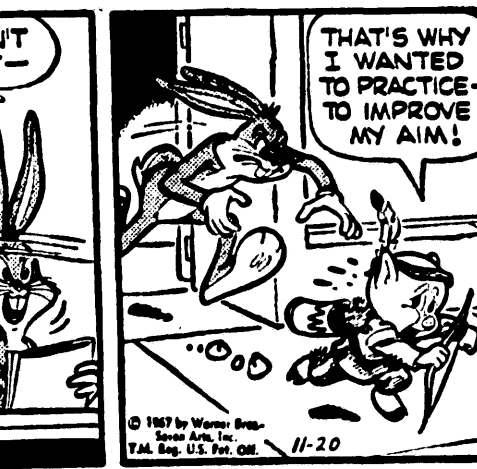

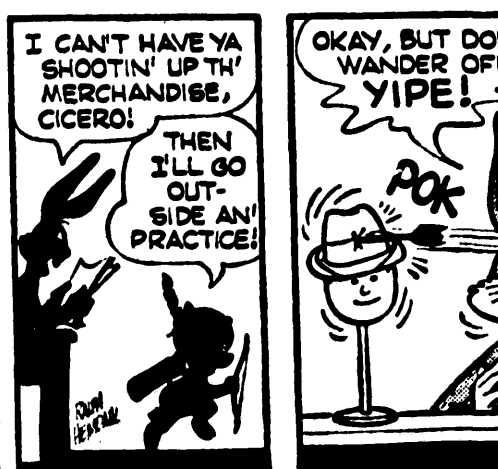

ENGADINE	FG	FT	PF	TP
Houghton	5	6	2	16
D. Miller	5	2	3	12
M. Schutt	5	4	5	14

OUR BOARDING HOUSE with Major Hoople

OUT OUR WAY

by J. R. Williams

PABLO PICASSO kneels next to the "Bust of Sylvette" at his home in southern France after he completed the work in 1954. The two-foot-high sculpture of folded metal with the features of a woman painted on will grow to a 60-ton work of sandblasted concrete, soaring 38 feet high in New York University's Washington Square Center apartment complex. (Copyright, Arnold Newman via AP Wirephoto)

Lower Peninsula Farms Eye Recreational Income

By LEE SMITHS
One of the big happenings of concern to outdoor people is the federal cropland program. The farmer, rewarded for not planting certain crops, is encouraged to develop wildlife habitat and admit hunters to his property. The federal government also arranges to dig ponds on farms to produce fish, ducks, muskrats. Half of Michigan's area is farmland. More than half of the people in our state live in six cities in the southern half of the Lower Peninsula. The Allen book gives detailed instructions for encouraging game species on farmland. And not only game species, Allen is a fervent defender of predators. Field mice will devour a third of a hay crop, and field mice are the mainstay of numerous bird and mammal predators. Quail belong to farmland. Michigan is restoring quail to game status, and Dr. Allen points out the simple management measures needed to encourage quail production. The best wildlife money crop is muskrat, where they can make a living. Muskrat provide an annual income of a million dollars, most of it going to farmers and their boys. Dr. Allen has a simple method for discouraging trespass. The multiflora rose, which provides food and ideal cover for wildlife, also forms a hedge that will balk a hog, bull, dog or hunter. Farms could be rimmed with multiflora, standing by itself or growing around and over barbed wire. But it seems likely that the trespass problem will be unimportant when the farmer cultivates his wildlife crop and markets it to appreciative customers.

In Service

Army Pfc Gary E. Rucha, 18, son of Mr. and Mrs. Howard F. Rucha, 1812 1st Ave. N., Escanaba, has been assigned to Headquarters Company, 2nd Battalion of the 25th Infantry Division's 22nd Infantry near Dau Tieng, Vietnam.
Joel L. Peterson, 21, son of Mr. and Mrs. Hector J. Peterson, Fayette, was promoted to Army sergeant while serving as a motorman, assigned to Company C of the 11th Infantry Division's 1st Battalion at Ft. Carson, Colo.
Machinist Mate Third Class Richard Hubert, USN, son of Mr. and Mrs. Wallace E. Hubert of 331 N. 20th St., Escanaba, and husband of the former Miss Donna J. Anderson of 1605 Minneapolis Ave., Gladstone, is serving aboard the destroyer USS Walke in the Western Pacific.
While in the Western Pacific the Walke will be operating as a unit of the U.S. Seventh Fleet. The 2,200 ton ship has a complement of 274 enlisted men and officers and is homeported at Long Beach, Calif.
Alfred Lunt and Lynn Montagne began their joint stage careers in New York in "The Guardsman," which opened Oct. 13, 1924.

200 Flee Fire

FLINT (AP) — Douglas Bosley, owner of the County Squire Restaurant in nearby Mount Morris Township which was destroyed by fire Saturday, estimates his loss at more than \$500,000. More than 200 persons were evacuated safely after the fire was discovered in a storage area above the kitchen.

THE LITTLE WOMAN

LEGAL NOTICES

ORDINANCE NO. 498
AN ORDINANCE TO VACATE THE STREET RIGHT-OF-WAY LYING BETWEEN BLOCKS 1 AND 2 OF THE LAKE SHORE DRIVE ADDITION FROM LAKE SHORE DRIVE TO THE BAY.
The City of Escanaba Ordains:
CHAPTER I
AREA TO BE VACATED
Section 101. The City of Escanaba hereby vacates and discontinues the street right-of-way lying between Blocks 1 and 2 of the Lake Shore Drive Addition from Lake Shore Drive to the Bay.
CHAPTER II
RESERVATIONS
Section 201. The City of Escanaba reserves to itself its successor or assigns all times a perpetual easement for the maintenance of utility services located or to be located on, over, under, or across the property to be vacated.
CHAPTER III
NOTIFICATION
Section 301. This ordinance is passed after due notice has been given as required by Section 2 of Chapter XII of the Public Acts of Michigan No. 65 of the City of Escanaba, as amended, and by Act No. 207 of the Public Acts of Michigan for 1921, as amended, that the Council would hear objections to the vacating and discontinuing of the aforementioned and described property on November 16, 1967.
CHAPTER IV
EFFECTIVE DATE
Section 401. All ordinances or parts of ordinance in conflict herewith are hereby repealed.
CHAPTER V
EFFECTIVE DATE
Section 501. This ordinance shall be duly published as required by law, and shall be in full force and effect ten days after its passage and publication.
I, Donald J. Guindon, Clerk of the City of Escanaba, Michigan, do hereby certify that the above and foregoing ordinance was duly passed and adopted at a meeting of the City Council held on November 16, 1967.
DONALD J. GUINDON
CITY CLERK
17630 Nov. 20, 67

NOTICE OF SALE

Take notice that the following property is being sold at public auction at Northern Michigan National Bank, 725 Ludington Street, Escanaba, Michigan, on November 27, 1967, at 2:00 P.M. We reserve the right to bid.
Escanaba, Michigan Nov. 20, 67

Plan Late Soo Locks Closing

SAULT STE. MARIE (AP) — The Soo Locks may have the latest navigation season since 1945 if ice does not jam the plans of the Lake Carriers Association to move late-season cargoes of taconite pellets from Lake Superior ports. The U. S. Army Corps of Engineers has agreed to extend the shipping season to midnight, Dec. 30, providing ice conditions do not hamper shipping in the locks and St. Marys River channels. This would make it the latest navigation season since the war year of 1945 when the Sabin Lock was kept open until Jan. 15 to permit passage of five ocean cargo carriers which had been built in Superior, Wis., for war use. The locks normally close about Dec. 15.

RECORD AIR CONDITIONS

The meteorological balloons carrying instruments to record upper air conditions at altitudes of 120,000 feet range from 1/2-pound to those displacing millions of cubic feet and carrying hundreds of pounds of instruments.

BERRY'S WORLD

Business Is Good, Retailers Report; Holiday Rush Seen

By CLINT DUNATHAN

This has been a good business year in Escanaba so far, and there's a feeling of optimism in the community that should make the holiday buying season a very good one also, Escanaba retail merchants report.

A sampling of managers and proprietors of retail establishments in Escanaba shows that in the majority they are doing quite well compared to a year ago; stores are well stocked with a great variety of Christmas merchandise, and there is anticipation that the holidays will put a cap on a generally successful year.

The distribution of more than one-half million dollars in Christmas Club checks by the seven Delta County banks will spur the community's buying power in advance of Christmas.

More Club Checks

The \$519,160 in Christmas Club savings will be mailed so that all checks will be received by Wednesday, Nov. 22, the Escanaba Chamber of Commerce has been informed. The amount is a gain of \$20,743 over last year's total of \$498,416.

The distribution here is part of nearly \$2 billion going to more than 15 million Christmas Club savers across the nation in time for the holiday shopping season. There are more than 10,000 banks and savings institutions with Christmas Club plans.

Although more than one-half of the total savings go toward the purchase of Christmas gifts,

the remainder is spent for a variety of purposes—including taxes and winter vacations—and some goes into permanent savings.

Outlook Good

Shoppers will find the Escanaba area stores well supplied with gift items for both young and old. Comments on the retail business situation in the community are generally optimistic. Some of the comments in reply to the questions: How has your year been so far? What is your outlook for holiday buying?

From a department store manager: "We're running ahead of last year to this time and we anticipate an extremely good holiday business. Our shelves are well-stocked with some of the finest quality merchandise and we're ready for what we expect will be a good season."

Home furnishings: "Right now carpeting for the home is one of our major items and we are booked solid with installation orders up to within six days of Christmas. Carpeting or household furniture seems to be popular as gifts from the family to the family this year."

Over Last Year

Shoes: "A very good year and about 10 per cent ahead of last year so far and we expect this will continue. The indications of industrial expansion in the community have created an optimistic atmosphere. This promise of growing industrial activity and more jobs is reflected in the attitude of the shoppers."

Department store: "Better than last year after a slow spring when clothing sales were off. Now there is an upswing and in particular this fall the demand for color television sets has been fantastic. Color TV seems to be something everyone wants. Once color programs were only one in five of the offerings, now its four out of five in color and families want color sets. There's a feeling of growth in the community and this helps enormously in encouraging buying."

Clothing: "The year is about the same as last—no improvement: October and November have been off. We have plenty of Christmas merchandise and we are hopeful that business will improve."

Industrial Growth

Hardware: "Business is good with volume close to 14 per cent over last year, and it looks good for us this Christmas, too."

Other responses were largely on the optimistic side, with reports of business growth and

anticipation of a good holiday buying season. Most of the merchants noted the brighter local economic picture as a factor in the rising trade volume, for there have been announcements by major employers—the Chicago & North Western Railway and Harnischfeger Corp.—of expansion plans.

Still other industries are in the process of development and relocation, such as Northern Motor Builders, who are moving to a new location and new building in Industrial Park. Commercial and industrial building is also in a period of growth with several structures under construction or recently completed.

Reserve Board Move May Kite Interest Cost

(Continued From Page 1)

money from the Federal Reserve this year, mainly because of the board's easy credit policies.

The board said its action was taken in light of the British devaluation but other sources said an overriding reason was the increased British bank rate.

Earlier, President Johnson reacted to the devaluation by reaffirming "unequivocally" the commitment of the United States to buy and sell gold at the existing price of \$35 an ounce.

Headquarters Are Established For Santa Claus

The Santa Claus headquarters for the Christmas shopping season will be located at 1108 Ludington St., announced Roger Jenshak, chairman of the Retail Division of the Escanaba Chamber of Commerce.

Candy donated by the Northern Michigan National Bank and balloons donated by the First National Bank & Trust Company will be distributed by Santa at the headquarters.

Santa Claus will arrive by boat Friday and will parade down Ludington Street at 1 p. m. Music for the parade will be provided by the Escanaba German Band, through the courtesy of Local 663 Federation of Musicians and also made possible by a grant through the Recording and Transcription Trust Funds.

Marinette Man Dies, 4 Injured In Sunday Crash

MARINETTE — A Marinette man, William D. Kraft, 42, was killed in a two-car accident Sunday on U.S. Highway 141 in Marinette County.

Marinette County traffic police reported that Kraft was driving south on U.S. 141 about two miles south of Crivitz when he apparently tried to pass three cars. Officers said he tried to pull back into his own lane, but lost control of his car.

Kraft's car was struck broadside by a car driven by Willis R. Anderson, 29, of Negaunee. Anderson, his wife, Mildred, 23, and his 11-month old daughter, Carrie, and his sister, Phyllis, 13, were all hospitalized at Marinette.

Birthday Party

Mrs. Edward LaMarche was honored at a birthday party at her home recently. Cards were played and prizes were awarded to Mrs. Wallace Irving, Mrs. Arthur Monson, Mrs. Felix Johnson and Miss Agnes Mattson. Miss Lillie Lindstrom received the guest award. Lunch was served.

Return Home

Mr. and Mrs. Llewellyn Larson have returned to their home after a business trip to Racine, Wis. They also visited in New Berlin, Wis. with Mrs. Larson's sister and family. Mr. and Mrs. Albert Hoefgen and with Mr. and Mrs. Howard Vanderlinden of Milwaukee.

Haiti was the second western hemisphere country to win its independence. The United States being the first.

Escanaba Area Schools Recess Wednesday Noon

Escanaba Area public schools will begin the Thanksgiving holiday after a half-day of classes Wednesday, Supt. Luther Barrett announced today.

Classes in all buildings will meet only for morning sessions, Barrett said, buses will make evening runs four hours earlier than usual with pickup at the Junior High at 11:06 a. m., at the High School at 11:15 a. m., and correspondingly earlier at all township elementary schools.

City elementary schools will close at the end of morning classes. The start of the Thanksgiving recess corresponds with the school calendar negotiated between the Board of Education and the district's professional and non-professional employees.

Flint Man, 34, Killed As Deer Hunt Opens

One hunter was shot and killed and another was wounded in the Upper Peninsula during the opening weekend of the 1967 deer season.

Ten other hunters became lost in the U.P. during the weekend, but all were located or walked out of the woods on their own.

In Lower Michigan, there were four gunfire fatalities and eight deer hunters who died of heart attacks.

The U.P.'s first gunfire fatality in two years was Clifford Hayward, 34, of Flint, who was shot by Ernest Jones, 70, of Sault Ste. Marie, in Trout Lake Township, Chippewa County, on opening day.

Jones told officers he saw a wounded deer in the woods and fired his rifle, the blast striking Hayward. The case was kept open for investigation.

Shot In Shoulder

Also still under investigation is a pre-season hunter death not attributed to hunting, Richard Guzek, 34, of Detroit, was killed in a scuffle in a camp in Ontonagon County last Friday afternoon.

The lone gunfire accident for the region up to this morning occurred about 11:50 a. m. Sunday in Tilden Township, Marquette County. The victim was Robert Cram, 30, of Rte. 1, Negaunee, who was shot in the right shoulder by Edward Greuber, 36, of Smith's Creek.

Cram was taken to Bell Memorial Hospital, Ishpeming, where he was reported in good condition today.

Greuber told State Police he thought he saw a bear through the scope on his rifle and fired into some dense jackpines. He had seen a bear in the

area two days before he reported. State Police are continuing investigation. Hunting conditions, meanwhile, were reported good throughout the Upper Peninsula today.

Conditions Ideal

John Kamppinen, regional dispatcher for the Michigan Dept. of Conservation, Marquette, said temperatures were ideal — in the 25 to 30 degree range — with clear skies and snow cover in all but the southern tip of the peninsula and along Lake Michigan. Snow depths ranged up to eight inches in northern Marquette County with five inches in northern Iron County. There were 14 inches of snow in some sections of the Copper Country and one to 10 inches in the northern part of the eastern U.P.

Backroads were reported still slippery, but beginning to freeze up and becoming passable, Kamppinen said.

Where there is no snow, woods are noisy due to dried leaves and branches, he said.

Fewer Hunters

Fewer hunters were in the Upper Peninsula woods this morning compared to opening day when about 95,000 turned out. Many local hunters returned home for the first part of the week and there are fewer lower Michigan hunters this year.

Mackinac Bridge figures show 1,324 vehicles carrying an average of 1.5 hunters each.

Grueber told State Police he thought he saw a bear through the scope on his rifle and fired into some dense jackpines. He had seen a bear in the

age of 3.5 hunters returned downstate through 7 a.m. today with 284 deer and four bears. In the same period a year ago, 4,183 cars with 552 deer and five bears had crossed the bridge.

There were more lower Michigan hunters in the U.P. last year due to the season opening a week later in Lower Michigan rather than on the same weekend.

Northbound hunter vehicles were counted at the Mackinac Bridge this year at 23,730 compared to 32,166 a year ago.

Edmund Stone Taken By Death

Edmund Stone, 72, of 3460 3rd St., Trenton, Mich., formerly of Escanaba, died at 10 p. m. Nov. 18.

He is survived by his widow, Bessie and two daughters, Phyllis and Jean.

The body has been removed to the Rich Funeral Home in Trenton and funeral arrangements are incomplete at this time.

Skittles is an English game played by throwing wooden disks at pins, like ninepins.

WOMEN OFTEN HAVE BLADDER IRRITATION

Common Kidney or Bladder Irritation affects twice as many women as men, often causing tenderness, burning, itching, urination, secondarily, you may lose sleep and have headaches, backaches and feel older, tired, depressed. Michigan's Schooling Enormously Inequal

LBJ Signs Spending Cut

PAGO PAGO, American Samoa (AP) — President Johnson complied with a congressional order and took action today that will lead to a spending cut of \$4.3 billion. It could also lead to congressional enactment of a tax increase next year.

Australia to pay final tribute to Prime Minister Harold E. Holt. He arrived in Pago Pago at 5:52 a.m. EST. for a brief stopover. The President noted Congress had pared appropriations by \$1.8 billion and vowed he would follow its directive to cut an additional \$2.5 billion because of the need to preserve the strength of the dollar.

In the recently concluded session of Congress, the spending cut was made a condition of passage of Johnson's proposed 10 per cent surcharge on income taxes by Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee. And while the tax bill died, Mills has made clear the same condition would apply when the surcharge proposal is brought up again in January.

Some Students Get 3 Times Aid To Others

LANSING (AP) — A finance study of Michigan schools indicates "a tremendous inequality" in academic programs across the state and "critical problems" in financing urban education, the State Board of Education was told Tuesday night.

"Some Michigan school districts spend almost three times per pupil what others do," said Dr. J. Alan Thomas, head of the University of Chicago's Midwest Administration Center. He directed the study.

Thomas cited an \$868.89 per-pupil general fund expenditure in Iron County's Mastodon Township as compared with a \$319.01 per-pupil expenditure in the Mecosta-Remus Consolidated District.

The 650-page study suggested methods of dealing with these problems as well as those involving financing school construction, state support for vocational education and school district reorganization.

15 Month Study
Board President Edwin L. Novak said the study may have "an unparalleled impact on schools throughout the state for years to come." It was completed in 15 months under a \$200,000 legislative appropriation.

Novak said results of the study came too late for incorporation in the 1968-69 budget recommendations, but "would have a strong effect on budget making for the 1969-70 fiscal year."

Financial, geographic and social factors contribute to the unequal education in school districts Thomas said.

The study said property owners and industry could help reduce the inequalities. So could better procedures for distributing state aid to local school districts, it said.

Transfer Responsibility
"The most effective means to equalize educational opportunity in Michigan would be through transferring the responsibility for collecting the 'allocated millage' portion of the property tax for education from localities to state government," the study said.

"This might, for example, result in a statewide property tax rate of 12 mills for education, with a corresponding decrease in local property tax rates."

A second alternative aimed at improved financing, the study reported, would be transfer of the property tax on industry from local to state responsibility.

Such a tax, Thomas said, would in effect spread across the state any wealth derived from industrial property taxes instead of keep it in one district.

Urban Needs
The study pointed to what Thomas called the "terrible, urgent problem of providing appropriate kinds of education" for inner-city children and recommended that the state set aside a specific amount of money for special projects in urban areas.

"A project might include the use of reduced student-teacher ratios, the use of para-professionals (adults other than teachers in the schools) and in-service education programs for teachers," the study suggested.

The study termed "very costly" Michigan's present procedures for financing school construction. "Some districts are bonded to over 30 per cent of their assessed values," Thomas said. "This frightens and worries me."

Construction Reform
Listed as alternatives for reforming the current construction methods were:

—A forgiveness feature for school districts unable to repay their existing indebtedness in a given period of time on the basis of a reasonable millage.

—An equalization program for the support of school building construction, through which the state would share in the debt retirement of districts which already have constructed their facilities.

—State sharing in the amortization of the cost of classroom space.

"These plans will work well only if they are accompanied by

Thieu Talks With Cong Could Stop War: LBJ

WASHINGTON (AP) — President Johnson says "the war could be stopped in a matter of days" if South Vietnam's president talks informally with South Vietnamese Communists and wins their agreement to abide by the Geneva accords.

And on curing violence at home, Johnson says he's going to tell American businessmen either they help in hiring a half million hard-core unemployed or the government will offer

them jobs—"as expensive as it is." Johnson spoke hopefully of "good results" through Saigon talks with members of the National Liberation Front, the Viet Cong political arm, during a wide-ranging pre-taped television interview broadcast nationally Tuesday night as he winged toward Australia.

Administration sources said the President may stress this point privately with President Nguyen Van Thieu, of South Vietnam, who also is headed for the Melbourne memorial service for Prime Minister Harold Holt.

Outlines Conditions
Thieu has been rebuffed by Hanoi in his call for direct negotiations with North Vietnam. He has refused to recognize the Na-

tional Liberation Front (NLF) as a government, but has left the way open for informal talks with its members.

Johnson outlined five peace conditions based on existing U.S. demands that North Vietnam "leave your neighbor alone." They included an end to Hanoi infiltration through Laos and the Demilitarized Zone, in accord with the 1954 and 1962 Geneva agreements; one man-one vote government in the South and peaceful negotiations for North-South reunification.

The President was interviewed in his White House office Monday morning by correspondents from the three major networks, which trimmed his remarks to fit the one-hour program.

Chatting earnestly and leaning forward occasionally in his rocking chair as he stressed a point, Johnson also made these observations:

Notes Ambition
—"I don't know what the effect of the Kennedy-McCarthy movement is having in the country" but "I do know of the interest of both of them in the presidency and the ambition of both of them—I see that reflected from time to time."

Promote Tourism
BELGRADE, Yugoslavia (AP) — Parliament passed a law Tuesday under which all foreigners will be able to enter Yugoslavia without entry visas in 1968.

Yugoslavia this year permitted entrance to foreign tourists without visas, marking the international tourist year. The government proposed that this practice should be extended to Nov. 1, 1968, to promote foreign tourism.

A spokesman for Sen. Robert F. Kennedy, D-N.Y., said, "It seemed a very curious way for the President to promote party unity."

Sen. Eugene J. McCarthy of Minnesota, an avowed candidate for next year's Democratic presidential nomination, could not be reached immediately for comment.

While Johnson again declined to say whether he'll seek re-election, he said he's sure the Republicans will still wind up in the minority on election day.

Appeal To GOP
—He is going to appeal to every Republican in Congress to "do what is best for his country" and "I am going to do what I think is best for my country, at home and abroad, without regard to what effect it has on my future."

—Business and production will pick up next year and "we look forward to continued prosperity." But he called still essential the administration's proposed 10 per cent income tax surcharge.

—U.S. policy toward Europe has recorded more success during 1967 than in any other period. Accomplishments range from the new tariff agreements to revamping of the North Atlantic Treaty Organization. Johnson is sorry about his differences with French President Charles de Gaulle, but says relations between the American and French people remain friendly.

—The Middle East still presents "one of our most dangerous situations" and will require efforts by all parties concerned to achieve a solution. The United States has a "very definite interest in Israel" but not a mutual security treaty commitment to defend her.

U. S. Force In Vietnam Hiked

SAIGON (AP) — U.S. pilots returning from the sixth day of raids on the Hanoi area Tuesday reported shooting down two more of the MIG jets that have challenged them in fierce dog-fights for the past week. The American fliers also reported two probable MIG kills.

On the ground, 4,300 jungle fighters of the U.S. 11th Infantry Brigade arrived in South Vietnam by ship and began coming ashore at Qui Nhon, pushing the unofficial estimate of American troop strength in the country to about 474,000. This is some 1,200 more men than the Korean war peak.

Pilots who raided the Hanoi area said the city's principal bridge—the 19-span Paul Doumer Bridge across the Red River—was battered beyond use. They reported eight spans were down and three more were damaged.

The bridge is one of two over which all road and rail traffic from Red China to Hanoi must pass and is the principal artery for munition and war supplies moved by land.

Weather

ESCANABA AND VICINITY—Variable cloudiness today, little temperature change, high 36. Mostly cloudy tonight and Thursday with occasional snow likely. Low tonight, 22. Variable winds, becoming south to southeasterly, 8 to 15 mph, later today and tonight. High yesterday, 36 and low overnight, 25. Friday outlook: a little colder with chance of snow flurries. Precipitation probabilities: today, 20%; tonight, 60%; Thursday, 70%.

Upper Peninsula—Cloudy this afternoon with occasional rain likely, mainly in the west portion. High in the low 30s. Occasional rain likely tonight and Thursday in the north. Not much change in temperatures. Lows tonight in the low 30s. High Thursday in the 30s.

Sun sets today at 4:06 p. m., and rises Thursday at 7:26 a. m.

Detroit Drive To Replace Homes Lost In Riot Before Christmas

DETROIT (AP) — Some 120 families of the 274 displaced by the fires of last July's riot will have a brighter holiday season—thanks to a communitywide campaign and a Christmas gift of \$125,000 from the United Foundation.

The "Homes by Christmas" campaign, launched July 30, two days after the six-day riot which saw 43 dead and property damage upwards of \$80 million, has reached its goal of \$180,000. The money is being used to

relocate burned-out families by providing down payments on homes, as well as clothing, furnishings and other necessities.

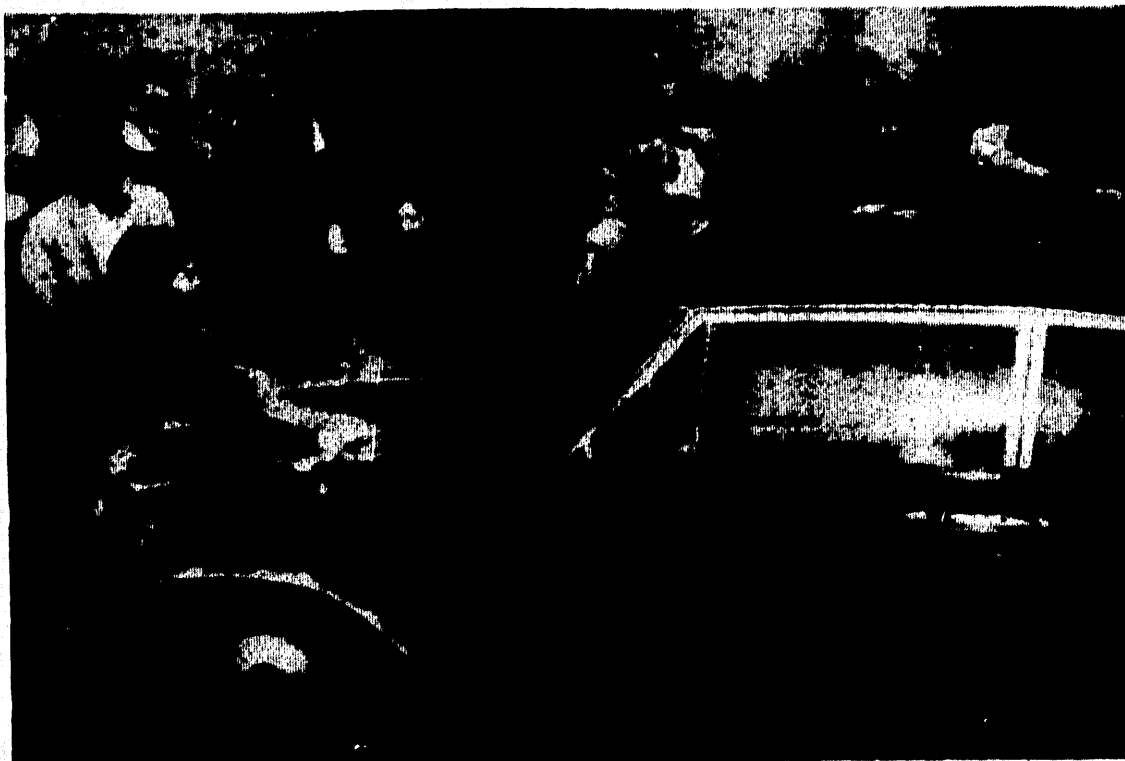

Prof. Sally Cassidy, chairman of the Month College Social Science Department at Wayne State University, started the campaign when she discovered that dozens of families were left homeless by the riot.

Dr. Cassidy said the initial move started in the suburban areas of Detroit, when she met with representatives of many

suburban human relations committees to discuss what could be done to help the riot victims.

"It was simply a case of if we don't do it, somebody will have to," she said. "So we divided the nearly 100 volunteers into groups and started the ball rolling by finding the names of families who were burned out and just what was needed to get them back on their feet."

What started as a suburban effort quickly spread to the city.

DETROIT TEEN-AGERS wash cars in an effort to raise money for families left homeless by the July riot. It's part of the goal of the "Homes by Christmas" campaign to put as many of the 274 families burned out by the riot into permanent homes by Dec. 25. (AP Wirephoto)

His 1st Air Cavalry Division company was assaulting the dug-in enemy near Bong Son, about 350 miles northeast of Saigon. (AP Wirephoto)

Flu In Midwest Closes Schools; 'Bugs' Yuletide

By The Associated Press
Influenza and influenza-like respiratory infections are putting a bug in Christmas preparations from Oklahoma to Maryland.

Across the Midwest, mid-South and mid-Atlantic states, outbreaks of various respiratory ailments—many as yet unidentified—have forced schools to close early and businesses to curtail activity.

Though the "bugs" have left some last-minute Christmas shoppers with sore throats, fever, aches and chest pains, their arrival was not totally unexpected.

Last summer, the government's Communicable Disease Center in Atlanta forecast an influenza epidemic in the eastern United States this winter.

Unfortunately, the prediction appears to be coming true. Flu in the Far West is either nonexistent or below normal. In the East and Midwest, however, several epidemics and near-epidemics are already in full swing.

In Michigan Asian flu was reported reaching near epidemic proportions in the southeastern corner of the state—the populous Detroit area—after soaring close to epidemic levels in the

rest of lower Michigan, state health authorities reported.

Several thousand school children in scattered parts of the state were out of class because of the ailment and schools in some sections of the state closed indefinitely because of flu outbreaks.

Officials said, however, that the end of the outbreak was expected soon. It began several weeks ago at Western Michigan University in Kalamazoo, where, officials said, several thousand students missed classes because of illness due to Asian flu virus.

Alabama Health Officer Ira L. Myers, said his state was in the throes of an influenza epidemic, with 2,761 cases of influenza and 10,418 cases of influenza-like respiratory disease this week.

Dr. R. H. Hutcheson, Tennessee commissioner of public health, described the flu situation in hardest-hit Nashville and Knoxville as a "good-size epidemic. But it's just what we've been expecting since July."

Last week, the Oklahoma State Health Department described the Asian flu outbreak in the northeast city of Bartlesville as the worst in the nation.

Dr. LeRoy Carpenter, director of the Epidemiology Division, said the State Health Department was taking blood tests of suspected cases in other cities "just to make sure we know about an outbreak as quickly as possible."

As for business, Dr. Joseph Bistowish, director of the Nashville (Tenn.) Health Department, said many firms had been hurt by absenteeism. "In fact, we've had quite a few missing from our offices at the health department because of the flu."

Notables Coming To Launch State Fishery Vessel

The launching of the "Steelhead", a fishery research vessel built by the T. D. Vinette Co. of Escanaba for the State of Michigan, will bring a number of persons notable in conservation here on Thursday.

The launching is scheduled for 10:45 a. m. at the Escanaba yacht basin and the public is invited to be present.

Mrs. E. M. Laitala of Houghton, the wife of one of the Michigan Conservation Commission members, will christen the state's first "floating laboratory." She will be attended by Mrs. Ralph MacMullan.

Ralph A. MacMullan

MacMullan, the director of the Conservation Department; Charles D. Harris, deputy director for resource management; Dr. Wayne Tody, chief of the fish division; Walter R. Crowe, Great Lakes management unit, fish division; Commissioner Laitala and others of the Department will attend.

Representatives of the commercial fishing industry and the sports fishing associations have also been invited to participate in the launching ceremony.

The 60-foot vessel has an all-steel hull and is made to cruise at a speed of 15 miles an hour over a range of 1,000 miles. It will be completely equipped for scientific studies and research leading toward continuing development of the Great Lakes fishery.

"We will give the 'Steelhead' a shakedown with some runs in the Escanaba area next week," said Dale Vinette, president of the T. D. Vinette Co. of Escanaba, who is directing the completion of the vessel here.

Capt. William Palmer, the skipper of the research boat for the Department, said he expects to head the 'Steelhead' for Charlevoix within the next couple of weeks. The boat will be based there in its work in research, patrol and other chores for the Department.

Beef Cattle School Closes Tonight At Rapid

The third and last session of the beef cattle meetings will be held tonight at 7:30 at the Rapid River School. Dr. Clifford Beck, MSU Extension veterinarian will cover the broad area of herd health. Prevention of diseases in which sanitation plays an important roll, will be stressed.

Called Bad Risk

WICHITA FALLS, Tex. (AP) — J. J. Curry, who liked to tell the story of how an insurance company turned him down on a life insurance policy in 1899 as a bad risk, died Tuesday. He was 99.

Mabel Bowers Taken By Death

Miss Mabel F. Bowers, 73, of 425 S. 9th St., died at 4:30 p. m. Sunday at St. Francis Hospital where she had been a patient for three weeks.

She was born Dec. 5, 1894 in Escanaba and had resided here all of her life. Miss Bowers was a member of the First Methodist Church of Escanaba and the R. C. Hathaway Chapter, 49, OES.

She is survived by four brothers, Ralph H. Bowers of Winona, Minn., Carl A. of Evanston, Ill., Otis P. of Bartow, Fla. and Russell C. of Dallas, Texas.

Friends may call at the Anderson Funeral Home from 4 to 9 p. m. today and Eastern Star services will be conducted at 8 p. m. today. Complete funeral services will be conducted at the funeral home at 11 a. m. Thursday with Rev. Konstantin Wipp officiating. Burial will be in Lakeview Cemetery.

County Mishap Injures Five

Five persons were injured in a traffic accident early Tuesday night, State Police reported today.

Mrs. David (Ruth) Campbell, 42, of Cornwell, and Mrs. Andrew (Ruth) Johnson, 78, also of Cornwell, remained hospitalized this morning. Both were reported in good condition with Mrs. Campbell under treatment for a head laceration and Mrs. Johnson suffering from bruises and abrasions to both legs.

State Police said both women were passengers in a car driven by David Campbell which struck the rear of a truck on County Rd. 420 near the intersection of D-33 in Escanaba Township.

Jerome DeBacker, 43, Cornwell, told State Police the lights on his truck went out and he pulled off to the side of the road. Officers said Campbell's car hit the truck before DeBacker was able to go back up the road to warn oncoming traffic.

Campbell and two other passengers—Mrs. Donald Kickbush and Andrew Johnson, both of Cornwell—also were taken to St. Francis Hospital, but were released after treatment for minor injuries.

DeBacker was ticketed for no registration on vehicle and no insurance.

State Police also reported that Gisela Hoffman, 20, of 1620 1st Ave. S., Escanaba, was ticketed for following too closely after a minor accident on U. S. 2 and 41 in Wells Township Tuesday afternoon. Her car hit the rear of a car driven by Bruce Larson, Rte. 1, Escanaba, officers said, when Larson slowed for a pedestrian.

The president of the Panama Canal Zone is appointed by the President with confirmation by the Senate.

GOV. GEORGE ROMNEY of Michigan looks at model of a Venus spaceship during a visit to a Soviet space exhibit in Moscow Tuesday. Woman in left foreground is Romney's Soviet guide. (AP Wirephoto via cable from Moscow)

Romney Cheered By Kosygin Talk

MOSCOW (AP) — Gov. George Romney said today his tour of five European capitals, including a long talk with Soviet Premier Alexei N. Kosygin, "has encouraged me to believe in the possibility of finding a political solution" for the Vietnam war.

"A satisfactory solution for Vietnam must be found in not purely military but also political means," Romney said as he left Moscow for Israel.

"Broadly speaking, on my European trip I found uncertainty and concern about our foreign policy," said Romney, who has visited Warsaw, Paris, Bonn and London, as well as Moscow.

"In none of my talks," Romney said, "has there been any criticism on my part of American policy in Vietnam."

"I have stressed in Europe that the 1968 elections will not result in the lessening of our determination to find a Vietnam solution satisfactory to both sides."

The governor added that there will be "no abandonment of Vietnam, no withdrawal."

Romney said Kosygin subordinated all other world problems to Vietnam when they talked for two hours and 10 minutes Tuesday. The Michigan governor, a candidate for the Republican presidential nomination, said he regarded Kosygin as a reasonable, logical, intelligent individual who spoke clearly to the point. The premier was personally friendly but spoke frankly and bluntly, Romney said.

Talking to American newsmen shortly before he left for Israel, Romney declined to discuss the substance of his conversation with Kosygin or to be quoted directly on it.

In a statement after the meeting, Romney had said they discussed the Vietnam war, the Middle East, arms control and Soviet-American relations. The governor said Kosygin did most of the talking but did not inquire into American politics.

Romney said he felt in general more encouraged than discouraged about prospects for Vietnam. The governor emphasized that he envisaged a political rather than a military solution.

The governor, who is on a 13-capital global tour, said in talking with middle-rank officials selected for him by the Soviets and with U.S. exchange students here in Moscow, he concluded that the Soviet people are impressed with their material progress and have a genuine expectation that living conditions will continue to improve.

He said he also was impressed by Soviet friendliness toward the American people despite criticism of U. S. government policies and by Soviet fear and apprehension of Communist China.

Fishery
MADISON, Wis.—Sturgeon, Wisconsin's prehistoric throwback of the fish world, will be fair game for Lake Winnebago spear fishermen beginning Feb. 3, the Department of Natural Resources announces. The season extends through March 1. On lakes Butte des Morts, Poygan, Winnebago and their connecting waters, the season is open two days, Feb. 10-11. Fishermen spearing sturgeon need a special \$2.50 license and need a special \$2.50 license per season. Minimum size is 40 inches.

Last Ore Boat Coming Friday

The Chicago & North Western Railway will load out its last boat of the season—the Inland Steel carrier Ryerson—on Friday to end ore shipping one day earlier than last year.

Dock Agent L. A. McMillan said the Ryerson cleared this morning with a cargo of ore for Indiana Harbor, the Sykes will arrive at about 6 tonight for a load of ore, and the Ryerson will return on Friday to close out the season by taking on about 22,000 tons of ore for Inland Steel at Indiana Harbor.

"We expect December to set a record, exceeding the volume of December a year ago," said McMillan.

For the year, however, there will be less in total than the 6,603,000 tons record the Chicago & North Western moved out of Escanaba in 1966.

"Two boats were canceled as the navigation season is drawing to a close, otherwise we might have come nearer last year's record," McMillan said. "But December will be a record and the year will be a very good one."

One reason for shortening the ore shipping season was the good volume moved so far, plus the desire of the fleet operators to get as many of the men home for Christmas as possible.

Last year the dock closed after loading out the Sykes on Dec. 23—one day later than shipping will close this year. Incidentally, it was the Ryerson that was the first ore boat to arrive in Escanaba last spring to open the 1967 season.

One of the factors that make for improved late-season ore shipping is the pelletized ore, which is dry and does not freeze in the railroad cars and ore pockets as does the wet natural ore. The pelletized ore is running higher in production each year and will total over 60 per cent of the ore handled at Escanaba this year.

The North Western Railway is now beginning the development of a new ore loading terminal at Escanaba, to cost \$12.5 million, and scheduled to be in operation by the spring of 1969. A conveyor type dock to replace the present old wooden structure is in the plan.

The M. A. Hanna Co. has also indicated its intention to construct an ore dock at Wells.

Club 314 Hours Are Announced

Club 314 will be open Thursday and Friday afternoons in addition to the regular evening hours, it was announced by the Recreation Department today.

The schedule for the remainder of the week follows:
Thursday, Dec. 21—1:30 to 4:30 and 6:30 to 9:30.
Friday, Dec. 22—1:30 to 4:30 and 6:30 to 9:30.
Saturday, Dec. 23—1:30 to 4:30.

The Golden Horn is a trumpet-shaped inlet of the Strait of Bosphorus, which forms an excellent harbor for Istanbul, Turkey.

Two Vehicles Stolen; One Is Recovered

Escanaba police are continuing their investigation today of the theft of an auto and light truck, after receiving a report that the truck was found abandoned near Oshkosh, Wis., on U.S. 41 Wednesday.

The truck is owned by Ray Richards and was driven away from his residence at 235 S. 22nd St.

Stolen sometime after 11 p.m. Tuesday was an automobile owned by Ernest Cormier of Ford River Road, which was parked near the Michigan Hotel.

The auto is a 1965 Buick, black, four door, with license UF 0178. A rifle and ammunition were in the trunk. Some articles of clothing were also in the car.

Food Airlifted To Aid Navajos

WINDOW ROCK, Ariz. (AP) — More emergency food supplies were rushed toward the Navajo reservation today after a new storm and whipping winds during the night left thousands of Indians fighting waist-high snow.

Nearly a foot of snow fell in some areas of the 16-million-acre reservation, the largest in the United States.

Air Force rescue helicopter crews stood by to ferry food to Navajos living in sparsely settled areas. A White House aide, Ralph Burns, was sent to Phoenix for a look at the situation, termed the most critical period of modern Navajo history by Tribal Chairman Raymond Nakai.

Tribal officials said the known death toll on the reservation from seven days of snow remained at three persons. But they say about 60,000 Navajos are affected to some degree by the storms.

Death Claims Earl Bellows

MANISTIQUE — Earl R. Bellows, 85, of 204 N. Cedar St., died Tuesday at the Schoolcraft Memorial Hospital following a lengthy illness.

He was the retired owner of a retail music store. Mr. Bellows had lived in Benton Harbor, Mich., until moving to Manistique seven years ago. His wife died June 27, 1962.

He is survived by two sons, Claude R. of Stockton, Calif., and Earl R. Jr. of Minnesota; three grandchildren and one sister, Mrs. Pluma Johnson of Manistique.

Friends may call at the Ke-tauver and Jackson Funeral Home from 7 to 9:30 tonight and complete funeral services will be conducted at the funeral home at 2 p.m. Thursday. Burial will be in the Fairview Cemetery.

Three Arrested On Beer Charge, Youth Is Jailed

Robert L. Stade, 20, of 1218 Montana Ave., Gladstone, who was arrested by Gladstone police Tuesday night on charges of being a minor in possession of beer and also drunk and disorderly, pleaded guilty to both charges when arraigned this morning before Justice Ross Davis.

He was lodged in the Delta County jail to begin serving alternate sentences of 15 days on each count when he failed to pay a total of \$64.30 in fines and costs.

Two other men—Floyd D. Wilkins Jr., 21, of St. Ignace, and Charles W. Cadotte, 24, of Mackinac Island—were charged with furnishing beer to minors (Stade).

They were scheduled to be arraigned today before Justice Edward Goldsworthy of Gladstone.

Curtis

Christmas Party
The Curtis Quilters held a family supper and Christmas party with exchange of gifts at the Curtis school Saturday.

Mr. and Mrs. Alfred Tuttle visited her sister, Mrs. Jeanette Tamblin and family at St. Ignace.

Laura Stratton, Lottie Lowery, Minnie Tuttle, Jennie Crawn and Jennie Hartwick attended a V F W Auxiliary meeting held at the VFW Hall at Germfask on Monday night.

Mrs. Ethel Lauer spent a few days visiting her sister and husband, Mr. and Mrs. Louis Bales at Standish and other relatives in that area.

The school children are having an extended vacation because of the early closing of the Tahquamenon Area Schools due to the influenza epidemic.

About 2,300 lives were lost in the great Johnstown flood in 1889.

No Money Down With Wards Convenient Charg-All

Delta Translator Given FCC Permit

Grant of permission by the Federal Communications Commission to U. P.-TV Systems, Inc., of 803 Ludington St., to construct translator television stations to serve Delta County

was announced today by Richard E. Abraham of Iron Mountain, president. The FCC acted Dec. 5.

Abraham said the translator stations will carry all three television networks with Ultra High Frequency transmitters radiating over 1,000 watts of power.

The new service will round out the technical availability of television programs to Delta set owners, making possible off-the-air reception, cable television and soon translator television, which means a TV signal (program) amplified locally so it can be picked up off the air with personal antenna even though the transmitter is at too great a distance to permit off-the-air pickup of a signal of good quality.

A satellite station for WFRV-TV, Green Bay, Channel 5, NBC is also being proposed for the Mid-U. P. area and it has asked the FCC for use of TV

Channel 3, assigned to Escanaba and not now used for a satellite station at Rumely.

All homes within 20 miles of Escanaba will be served with "snow free" television pictures from the translator for both black and white and color receivers, said Abraham. The range would include Gladstone, Rapid River, Cornell, Ford River, Bark River and other communities.

The translator service will require no cable to homes and the cost of the service will be about one-third cable television, said Abraham. There are now, he announced, over 2,000 translator stations in the United States.

U. P.-TV Systems filed its first application for permission to serve Delta County with translators in April, 1964. The petition was opposed and permission was delayed for two years.

"The first hurdle is now over," said Abraham, "and the next procedure by U. P. T-V Systems is to acquire at least 2,000 home subscribers by Feb. 15 to permit construction of these stations. Translators operate only by support of subscribers and have no other means of income."

Abraham is also president of J&R Electronics, Inc., of Iron Mountain and on Sept. 5 with Richard Stichman, vice president of J&R, opened an electronic goods sales and service center in Escanaba at 803 Ludington St. Its technicians will build and service the translator system and J&R will handle subscriptions.

Bark River Firm Robbed Of \$100

About \$100 in cash was taken in a breaking and entering at the Bark River Concrete Co. last night, State Police reported today.

Officers said the theft was reported this morning by Gerald VanEnkevort, who discovered the breaking and entering when he opened the building.

Entry was gained through the rear of the building and the money was taken from a locked file cabinet, troopers said.

SANTA and the PIGWIDGEN

By LUCRECE BEALE

Synopsis: The pygmies carry Claus and Tweedledee off to meet their king, the Pigwidgen. The elf boasts that Claus is more powerful than the king.

CHAPTER FOURTEEN THE EATING CONTEST

The Pigwidgen was a mite, a dwarfing, a peewee, a runt of a pygmy. He marched up to Claus. "What are you doing here?" he demanded in a high squeaky voice.

Claus told himself he could not possibly be afraid of a creature so small. "You have put a curse on all the children of the land," he said sharply. "I have come to ask you to lift it."

"You promised not to open the black purse that was left in your keeping," said the Pigwidgen. "I myself left the purse there to test you. The promise was broken and now the children sleep."

"It was no fault of the children," cried Claus. "You must wake them."

"Yes," blurted Patrick Tweedledee. "And lift the curse you laid on the elves so that they must live underground forevermore."

"And who is going to make

me do these things?" inquired the Pigwidgen icily.

There was a moment's silence. Then Tweedledee cleared his throat and said calmly, "Claus is."

The Pigwidgen sputtered. He fell to the floor. He rolled over and over squealing and holding his sides. He very nearly turned inside out with laughter. The other pygmies howled too. It seemed the roof of the castle would blow off in so much laughter.

At last the Pigwidgen got to his feet. He wiped the tears from his eyes and blew his nose with a wisp of handkerchief. Then he said, "You think yourself more powerful than I?"

"More clever," murmured Claus. "It comes to the same thing."

The Pigwidgen threw back his head and blew a cloud of smoke from his mouth. He vanished in the cloud. An instant later the cloud was gone and the Pigwidgen appeared again. "Can you do that?" he demanded.

"I — I do not wish to disappear," stammered Claus. "I am here to make you lift the curse."

"Well," said the Pigwidgen indulgently. "Let us have a contest. If you win perhaps I shall lift the curse. The elf said you like roast pig. Very well. Let us see who can eat the most."

He took Claus into the kitchen and shut the door. There was a table before a roaring fire. On

the table were 10 succulent roast pigs.

The Pigwidgen sat down and sank his teeth into a roast. In five minutes all that left was bones and a tail. He ate a second roast and a third and a fourth and a fifth.

The pigs the Pigwidgen ate had been secretly stripped of most of their meat and covered back over with skin. Nevertheless the meat that remained had so stuffed the tiny Pigwidgen that he now collapsed in a stupor behind an enormous pile of bones and five curly tails.

Claus sat before the five remaining pigs. He nibbled on the choice bits of each roast and licked his fingers and stared dreamily at the fire. At last he knew what he must do.

When the Pigwidgen woke he raised his bloated head. "Well, what have you eaten?" he demanded.

"All," said Claus. "But the bones? The tails? Where are they?"

"All eaten," replied Claus calmly.

And so they were for, while the Pigwidgen slept, Claus had thrown the unfinished pigs into the fire which had eaten them up skin, bones, tails and all.

Tomorrow: The Drinking Contest

"Do you think yourself more powerful than I?"

Auto Industry's '68 Outlook Rosy

DETROIT (AP) — The auto industry got some optimistic news from its four top men Tuesday, together with a report from reliable sources that financially troubled American Motors is making money again.

The year-end predictions of the four board chairmen — Henry Ford II of Ford Motor Co., James M. Roche of General Motors, Lynn A. Townsend of Chrysler and Roy D. Chapin Jr. of American Motors, followed pretty much the same pattern.

All estimated new car sales in the United States next year would top the nine million mark for only the second time in history. That was in the record year of 1965 when over 9,300,000 new cars were sold.

Ask DDT Ban For 56 Cities

GRAND RAPIDS (AP) — Environmental Defense Fund Inc. of Brookhaven, N.Y., has asked U.S. District Court to order 56 Michigan cities to stop spraying DDT.

The suit says the cities use DDT in spraying mechanisms to eradicate certain types of insects.

The group says DDT persists in the environment for years after spraying and can cause serious and permanent damage to many kinds of organisms.

The fund, composed of scientists and laymen, earlier this year lost a bid to get a court to order the Michigan Agricultural Department to stop using DDT and other insecticide, Dieldrin.

The original complaint named the Department of Agriculture for its planned use of Dieldrin in a program to control Japanese beetles in Berrien County.

The suit was dismissed because the federal court lacked jurisdiction. An appeal to the State Supreme Court was denied.

The original complaint also named nine west and central Michigan communities.

The amended complaint filed Monday names 56 communities including the cities of Fremont, Muskegon, East Lansing, East Grand Rapids, Rockford, Greenville, Holland, Alpena, Ann Arbor, Bay City, Berkley, Center Line, Clawson, Dearborn, Detroit, East Detroit, Essexville, Farmington, Ferndale, Flint, Garden City, Grosse Pointe Woods, Hamtramck, Harper Woods, Hazel Park, Highland Park, Huntington Woods, Ithaca, Lapeer, Lathrup Village, Livonia, Midland, Monroe, Mount Clemens, Northville, Oak Park, Pleasant Ridge, Plymouth, Pontiac, Riverview, Royal Oak, Saginaw, St. Clair Shores, Southgate, Trenton, Warren, Wayne, Wyandotte and Ypsilanti and the villages of Spring Lake, Grosse Pointe Shores and Milan.

Mecher Named To Vets Board

LANSING (AP) — Acting Gov. William Milliken has announced appointments to the State Veterans' Facility Board of Managers and the State Fire Safety Board.

Named to the veterans' group was Edward R. Mecher of Spring Lake to succeed William Grobar of Detroit, whose term expired.

Mecher's term expires Feb. 28, 1973 and requires Senate confirmation.

Appointed to the Fire Safety Board was Quentin Dean of Grand Rapids to succeed Omer G. Lamothe of Kalamazoo, who resigned.

Dean will fill the remainder of Lamothe's term, expiring July 15, 1969. Senate confirmation is required.

Mecher, 52, is a past state commander of the Disabled American Veterans. Dean, 66 is a retired investigator for the State Fire Marshal's office.

Wooden Legs Fleet Runner

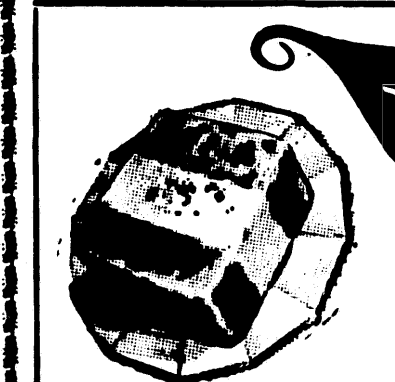

FT. LEWIS, Wash. (AP) — In a physical combat proficiency test for Company E of the 3rd Brigade's 4th Infantry Battalion, one soldier posted the highest score ever recorded in the company. And he ran the fastest mile of any of its 200 Army trainees.

Company officers proudly identified the soldier today as Pvt. John J. Wooden Legs, a Cheyenne Indian from Lame Deer, Mont.

New breed! Lightweight. Hottest model since "Sting Ray." 5-speed Stik-Shift (5-on-the-bar), Silver Glow bucket saddle, chrome plated fenders, 20" x 1 1/2" nylon sports tires.

Rotary Hosts Special Pupils

Escanaba Rotary Club entertained more than 60 teachers and students from its special education units, the John A. Lemmer School and the John F. Kennedy School, at its annual Christmas party for children at the House of Ludington on Tuesday noon.

Arthur F. Westby, chairman of the club's Crippled Childrens Committee, arranged a program at which Luther Barrett, superintendent of schools, presided and introduced faculty members who care for the spe-

cial education students. They included Miss Anita Kotila, R.N., Escanaba Area public schools nurse; Mrs. Jean Yanitsky, orthopedic staff, Miss Anona Anderson, teacher of ungraded; Paul Vardigan, oral deaf teacher; David Dahlquist, orthopedic teacher, Clarence E. Moore, registered physical therapist, all of the Lemmer School; Mrs. William Kameron, teacher, and Mrs. Fred Juettin, teacher aide, at the Kennedy School; Howard Dufour, driver of the Rotary wagon, and

Drain Issue Lost

OXNARD Calif. (AP) — With their streets flooded from rain, Oxnard voters went to the polls Tuesday to defeat a bond issue to build 10 major storm drains. The vote on the \$3.5-million project was 1,330 yes and 679 no — just under the required two-thirds majority needed for approval.

SANTA CLAUS visited the Escanaba Cooperative Nursery at the First Methodist Church and on Tuesday was greeted by some of the children, including Joy Anderson, Greg Dalin, Russell Fitch, Kerry Johnson, Gregg Lamse, Steve Peloquin, Jim Sankovitch, Mark Schubert, Michelle Beauchamp, Kris Gehrke, Pat Rinehart, Jody Tooman and Kathy Van Horn. (Daily Press Photo)

MSU Asks \$54.9 Million From State Next Year

LANSING (AP) — Michigan State University asked Tuesday for a \$54.9 million state appropriation for a fiscal 1968-69 operating budget tentatively set at \$77.7 million.

Making the request in an annual appearance before the Senate Appropriations Committee were MSU President John Hannah, Philip May, vice president in charge of business affairs, and a number of other MSU officials and department heads.

MSU sought \$57.4 million for this year. Gov. George Romney recommended that the 40,000-student school be given \$47.2

million, and the Legislature finally approved a \$45 million appropriation.

Drop From '67-'68

The request for 1968-69 is \$2.5 million less than was sought for this year, but it is \$9.8 million more than was granted.

"I'm realistic enough to know that when we come in here and ask for \$10 million we're probably not going to get it," said Hannah. "You're going to have to make some adjustments and we're going to have to make some."

But he and the MSU delegation gave the committee a 2½-hour presentation, outlining why they thought the university needed \$54.9 million.

The school sought an additional \$6.3 million in state money for its Oakland University branch at Rochester — \$1.9 million more than the \$4.4 million appropriation approved by the Legislature for this fiscal year.

MSU's \$77.7 million budget proposal includes \$20.3 million expected income from fees.

\$285,949 from the federal government, \$678,440 from utilities and \$1.5 million from other sources, Hannah said.

Fee Increase

Besides the additional \$9.8 million requested from the state, the budget planners anticipate a \$300,000 increase in student fees as a result of the school's new sliding tuition scale, which took effect last fall.

Of the \$10.1 million in new funds requested, \$4.4 million would go for fixed expenses, including \$3.2 million in salary increases and \$644,667 in price increases.

Approximately \$1.3 million would pay costs resulting from enrollment increases and \$3.5 million for improvements in programs.

Another \$899,856 would be included under "major new costs," Hannah explained, including \$419,856 to add a third year to MSU's present two-year life science program.

Medical School The program, which MSU officials hope will develop into a full fledged four-year medical school, now consists of two years of "preclinical" work.

The school seeks to add a third year of clinical work next year and a fourth year in 1969-70 with the idea of developing a medical program capable of graduating 64 doctors a year.

The money, Hannah said, would allow MSU to "gear up this critical new program."

Romney will make his higher education money recommendations early next year, after which the committee will make its own recommendations—to be acted on by the Legislature.

IUE And GM Reach Accord

DETROIT (AP) — General Motors Corp. and the International Union of Electrical Workers—IUE—Tuesday announced agreement on a new three-year contract covering 27,000 workers represented by the union at GM.

The agreement follows the new settlement between GM and the United Auto Workers, estimated to raise labor costs at roughly 6 per cent a year for the next three years.

Louis G. Seaton, GM's vice president for personnel, and Homer Pierce, chairman of the IUE's General Motors Conference, said in a joint statement the contract would become effective Monday after the company receives notice of ratification and will expire Sept. 14, 1970.

Briefly Told

The Eagles Auxiliary will meet at 8 p. m. today in the Eagles clubrooms.

Frank J. Stropf, 1012 N. 20th St., Escanaba, was ticketed by Gladstone police Tuesday for driving without headlights.

The Commancero and Circle 4-H Clubs will hold a joint Christmas party at the Flat Rock Town Hall Thursday, Dec. 21, at 7:30 p. m. There will be a gift exchange and a lunch will be served.

Cub Scout Pack 430 of Ford River will meet at 7:30 p. m. Thursday at the Ford River Lions clubhouse. Bobcat awards will be presented followed by a Christmas program. Boys receiving awards must have one or both parents present. Families of scouts are invited.

Escanaba police have issued traffic court notices to Francis A. LaLonde, Cornell Rte. 1, John Manninen, Cornell Rte. 1, Leonard LaRose, Rapid River Rte. 1, Dominic Pichetta, Marquette, Edwin C. Turnquist, 1023 Washington Ave., David J. Cannon, 615 Wisconsin Ave., Gladstone, Michael D. Nelson, Escanaba Rte. 1, all for speeding; Jerry A. Smith, 311 N. 11th St., expired temporary operator's permit; and Edward E. Erickson, 211 S. 5th St., failing to yield the right of way.

Heart Patient Has Setback

CAPE TOWN, South Africa (AP) — The condition of heart transplant patient Louis Washkansky, 53, deteriorated today, a bulletin issued by Groote Schuur Hospital said.

The worsening situation followed a statement earlier in the day to Radio South Africa by Dr. Christian N. Barnard, leader of the heart transplant team, that Washkansky had shown signs of improvement.

The hospital bulletin said: "There has been a further deterioration in Mr. Washkansky's condition and breathing has now to be assisted by artificial ventilation. His pulse and blood pressure remain satisfactory."

The government radio had quoted Barnard as saying Washkansky's lungs were responding to treatment and his chances of recovery were good.

Cats, Coyotes To Be Quarry

MADISON, WIS. — Bobcats and coyotes, two of Wisconsin's most underrated sporting animals, will be the quarry in organized hunts planned this winter at Glidden and Phillips. There is no closed season on these animals.

Pete Wilde's Camp, Glidden, will be the headquarters for two bobcat and coyote hunts, Dec. 28-30, and Jan. 12-14.

Britian Moves To Curb Gaming

LONDON (AP) — The government introduced Tuesday night a bill to tighten Britain's loose laws on gaming houses.

Under it, gaming clubs and casinos would be liable to inspection and croupiers and other staff people would hold licenses that could be revoked if foul play is proved.

Gaming on credit would be banned. Slot machines would be limited to two per club.

The bill will not affect laws on horse betting, lotteries and football pools.

Loopholes in previous betting acts brought a mushroom growth of gaming clubs and a consequent upsurge in gangsterism and protection rackets.

Constitutionality Of Christmas Debated

NEW YORK (AP) — Debate has broken out in various parts of the country this holiday season over the question: "Is Christmas unconstitutional?"

A number of people argue that some aspects of it are, including Christmas decorations with a religious motif in public places such as schools.

Others contend that school singing of Christmas carols associated with religion also runs afoul of the First Amendment, which provides for the separation of church and state.

Mayor Norman A. Myers of Overland, Mo., was stunned by a letter from two lawyers demanding on constitutional grounds, the removal of a nativity scene from the City Hall lawn.

The mayor said he would ignore the letter and commented: "If this is the type of Constitution we are living under, it certainly is in line for revision."

In Duluth, Minn., an unbeliever named Garry DeYoung, 44, took umbrage when one of his children brought home a program indicating that traditional carols would form a part of a school Christmas program.

DeYoung asserted that "the

"TOYS FOR TOTS" and other children at Hannahville were unloaded Tuesday at the Escanaba airport by a group of Marines from the Marine Air Reserve Training Detachment, Glenview, Ill., Naval Air Station. The Marines landed in a U. S. Navy C-117 transport plane. Boxes of toys in the doors of the plane await transfer to a pickup truck. Other tricycles and jumping horses have already been unloaded. McDonald's Hamburgers, which helped the Marine unit on this

year's drive, was represented in the unloading party by a clown, left. He was joined by Warrant Officer Jay Carr; Mrs. Joseph Sagataw, wife of the Hannahville tribal chairman; Staff Sgt. Arthur Espinosa, chairman of the drive; Billy Bollin, Gladstone, field representative for the Bureau of Indian Affairs; and Col. Robert Steinway, executive officer of the Marine unit. (Daily Press Photo)

Volkema Funeral At Holland Today

LANSING (AP) — House Speaker Robert Waldron, R-Grosse Pointe, has named six House members to represent that chamber at the funeral of Sen. Harold Volkema, who died Sunday of an apparent heart attack.

The delegation, headed by Rep. Martin Butth, R-Comstock Park, includes Republicans James Farnsworth of Plainwell, Edgar Geerlings of Muskegon, Edson Root of Bangor, Clifford Smart of Walled Lake, and Democrats Vincent Pettipren of Wayne and Robert Mahoney of Detroit.

The funeral for Volkema, a Holland Republican, will be today at the Christian Reformed Church in Holland.

A Big Job Classified Ads Cost Little But Do

Housing Changes Stir Opposition

LANSING (AP) — The House took up its emotion-charged open housing bill Tuesday and promptly amended it into a form that several Negro legislators, previously the measure's chief supporters, said they would have to oppose.

Opposition by a substantial number of nine Negro House members — all Detroit Democrats and all sponsors of the housing bill — probably would kill it.

"As of now, the way this bill stands, I'm voting against it," said Negro Rep. Raymond Hood.

"I've got my explanation of my no vote all written out," added Rep. Matthew McNeeley.

Three changes in the bill and a fourth proposed amendment prompted the revolt. The three adopted amendments provide:

Make Complaintant Pay — That a person who files a housing discrimination complaint which is later dismissed would be made to pay the court costs and attorney fees of the person accused in the complaint.

That the maximum fine which could be levied against a realtor violating the proposed law would be \$250, compared with the original bill's \$1,000 fine for a first offense and \$2,000 penalty for a repeat violation.

That if a court rules unconstitutional sections of the bill which exempt certain types of real estate transactions from coverage, the entire bill would be stricken from the lawbooks.

Up for a vote today was a provision that any home owned and lived in by the same person for three of the previous five years would be exempt from the provisions of the bill.

"Complete Mockery" — Rep. David Holmes said his fellow Negro lawmakers would try today to defeat and remove those "crippling amendments."

But he added: "If we can't, then let's send this bill down. This is a complete mockery."

House minority leader William Ryan, D-Detroit, was especially angered by the amendment sponsored by fellow Democrat Warren Goemaere of Roseville.

making the complainant, instead of the state, liable for the respondent's legal costs.

"This vote shows that this Legislature does not want an end to discrimination in housing," Ryan charged after the amendment passed 69-30. "It shows that we only want to penalize the person who files the complaint."

Trim To \$250

"I don't believe we as a state should foot the bill," Goemaere said. "If a person makes an untrue complaint against me, I should have the right to sue him, not the state."

Twenty-eight Democrats and 41 Republicans voted for the Goemaere amendment.

The 54-40 vote trimming the fines to \$250 was closer to a party-line vote as 47 Republicans and only seven Democrats supported it. That change emerged from a GOP caucus Monday night.

Rep. Peter Kok, R-Grand Rapids, a realtor, said real estate agents average less than \$250 profit on sale of a house, and that the threat of a \$250 fine would be an effective deterrent.

Spain Relieved As Dept. Head

HOUGHTON — Dr. James D. Spain, head of the biological sciences department at Michigan Tech, has requested a change of assignment to full-time teaching and research, and named to head the department is Dr. John V. Slater, associate professor of radiological biology in the school of public health at the University of California, Berkeley.

Dr. Spain has headed the biological sciences department since 1962. He hopes to expand his studies in limnology or the study of freshwater lakes. These would include Portage Lake and nearby areas of Lake Superior.

Dr. Slater has been at Berkeley since 1963. He also taught at the Universities of Florida, Arizona, Michigan and Buffalo.

Helmet Saves Well Cleaner; Buried 6 Hours

APEX, N.C. (AP) — John Lipscomb emerged unhurt from a well where he had been buried for six hours Tuesday. "Thank You, Lord Jesus. I was praying all the time," he said.

A smile wrinkled the mud-caked face of the 62-year-old laborer as he was hauled from the 20-foot well which had caved in while Lipscomb was at the bottom cleaning it.

Lipscomb was led about a dozen steps to a stretcher where he removed his jacket and lay down, his workman's helmet toppling from his head.

His wife grabbed the hat and clutching it to her breast said: "They say this old hat saved my man's life."

Rescue workers had said that the helmet protected Lipscomb from injury and allowed him to keep rock and clay away from his face so he could breathe.

Lipscomb was working in the well alone when the walls caved in, burying him under about five feet of bricks and mud.

Ben McCoy, one of two men working on the surface, said he heard a rumble when the sides caved in. He looked down and "Lipscomb was gone. I couldn't see anything but dirt."

The workers summoned assistance. The Wake County sheriff's office, the Apex fire department and the Raleigh rescue squad and volunteers joined in the rescue.

Soon they succeeded in worming a hose through the debris to Lipscomb and started pumping oxygen to the trapped man. After about four hours the workers uncovered Lipscomb's head.

Milliken Plans Family Christmas

LANSING (AP) — Lt. Gov. William Milliken plans a family Christmas at the home of a sister, Mrs. Lester Glen, in Manistee.

Milliken, his wife and daughter, Elaine, will spend the day with other relatives at the family reunion. His son, William Jr., is expected home from Ft. Knox, Ky., several days after Christmas.

AMONG THE special education students who got gifts from Santa at the Rotary Club's Christmas party at the House of Ludington on Tuesday was Grace Deiter of the Lemmer School.

ESCANABA'S ROTARY CLUB entertained students of the John A. Lemmer and John F. Kennedy Schools at its luncheon meeting Tuesday at the House of Ludington. The party is a traditional pre-Christmas activity of the club. Opening gifts from Santa are Nancy Harris, standing, and Beverly Delvaux, of the Lemmer School. (Daily Press Photos)

Fruitcake Means Christmas

By The Associated Press
In Grandma's time fruitcakes were doused with liquor after they were baked. But nowadays, judging from letters and phone calls, cooks want to bake spirits right in to the cake. We suspect this is the case because the famous fruitcake from Kentucky—made with bourbon, golden raisins and pecans—has been getting around making friends and influencing people. So to please this generation of cooks, here's a variation on

the Kentucky theme—a cake that's made with brandy, golden raisins and pecans plus candied fruits. Have fun!

Brandy Fruitcake
1 package (15 ounces) golden seedless raisins
1 cup candied cherries, halved
1 cup large chunks golden candied pineapple
1 cup large chunks green candied pineapple
1 cup large chunks citron
1 cup packaged mixed diced candied fruits and peels

¾ cup domestic brandy
3 cups sifted regular flour
1½ teaspoons baking powder
1½ teaspoons salt
5 large eggs
1 cup (½ pound) butter (2 sticks)
2 cups sugar
2 cups pecan halves

Into a casserole (about 2½ quarts) turn the raisins, the candied fruits and peels and brandy; mix well. Cover and leave at room temperature overnight.

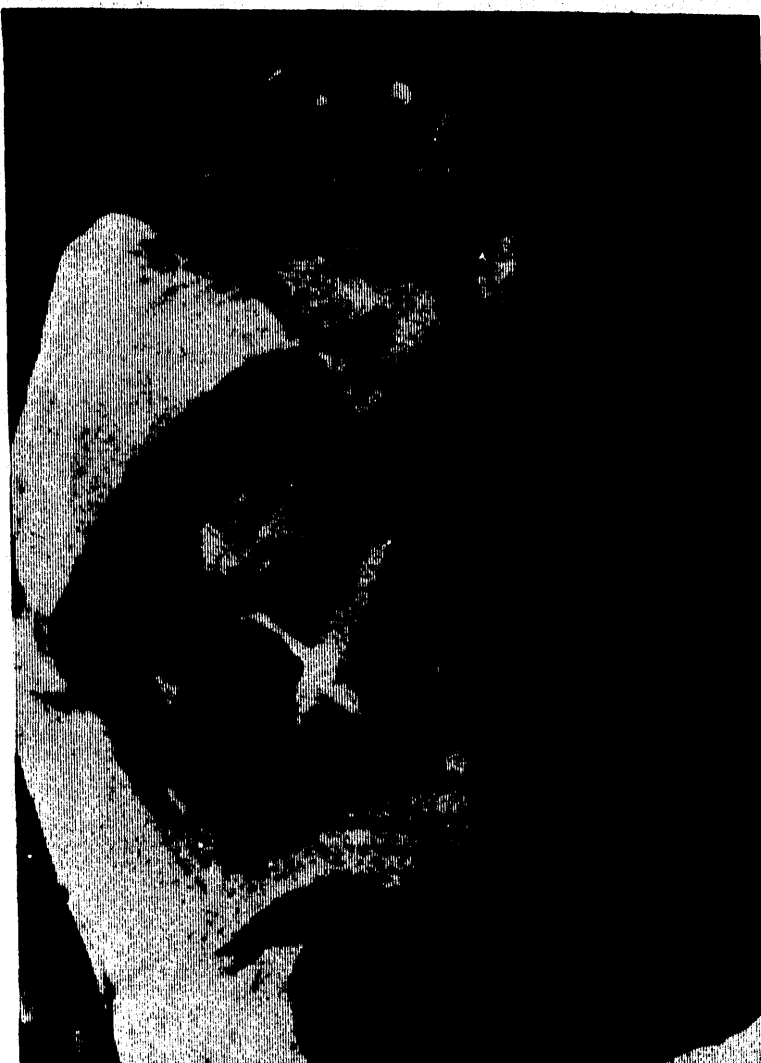

On wax paper sift together the flour, baking powder and salt.

In a medium bowl beat the eggs until thickened and a pale yellow color.

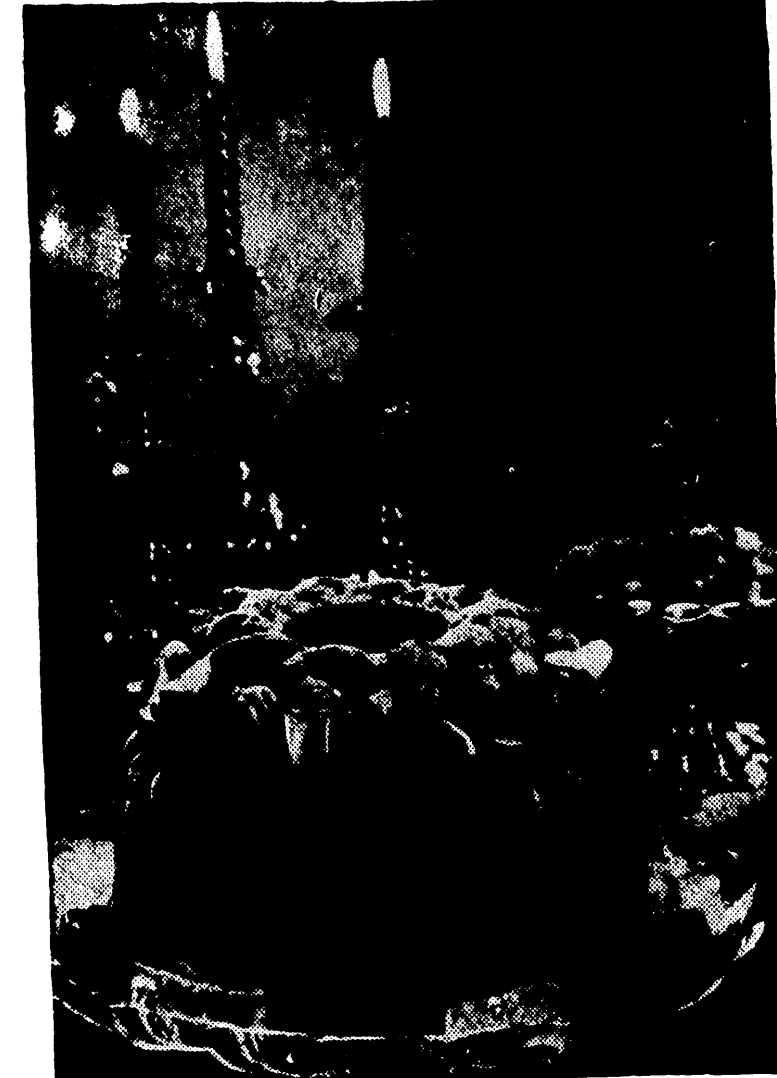

Without washing beater, in a large bowl, cream the butter and sugar; add beaten eggs and beat to combine. Stir in brandy-fruit mixture and the pecans. Add sifted flour mixture; with a spoon mix until blended.

Turn batter into 2 greased and floured 7½-inch tube pans (4 inches deep). Bake at 300 degrees until cake tester inserted in center comes out free of batter—2½ to 3 hours.

NOTE: This fruit cake batter makes 12 cups and may be baked in two greased and floured 9 by 5 by 3 inch loaf pans at 300 degrees for 2 hours.

MRS. ROBERT BATES tearfully comforts daughters, Doreen, 15, and Jeanine, 12, after fire Monday night in Dover, N. H. killed the children's ponies. Mrs. Bates had to restrain Doreen from rushing into the flaming barn. (AP Wirephoto)

BRANDY FRUITCAKE—Full of golden raisins, candied fruit and pecans. It may be baked in tube or regular loaf pans.

Christmas Program At Hermansville

The annual Christmas program for the Hermansville community will be held at the Community Club on Wednesday, Dec. 20 at 7 p. m.

The Christmas program, with Santa Claus distributing approximately 500 bags of candy to the children, is under the sponsorship of the Leo Floriano American Legion Post with cooperation of the Hermansville Public Schools.

The Kindergarten children with their instructor, Mrs. Clarence Burns will begin the program with Christmas songs. Grade one children will sing, "Jolly Old St. Nicholas," and "Up on the House Top." Grades 2, 3, 4, 5, 6 will sing together, "Angels We Have Heard on High," "God Rest Ye Merry Gentlemen," "We Three Kings," "Silent Night," "Hark Hear the Angels Sing" and "Adeste Fidelis." Mrs. Frank Rodman is the accompanist.

Couple two vegetables and you'll need only one serving dish to bring to the table. Carrots and celery make an excellent combination; so do creamed potatoes and green peas.

ANY LITTLE GIRL will be a bedtime beauty and a fairy tale princess in a delicately ruffled, embroidered and lace-trimmed brushed-nylon gown. This full-length gown is part of a group which includes matching pajama and bonnet robe. Color her soft pink or heavenly blue.

St. George Church Lists Special Services

BARK RIVER—The traditional procession to the crib will usher in the liturgical celebration of the feast of Christ-Church in Bark River.

Miss Bonnie Teal, a senior at Bark River-Harris High has been chosen to represent the Virgin Mary and to carry the image of the Christ Child to the crib.

Her attendants will be the members of the girls Religion class Lorrie Brayak, Jean Dietrich, Mary Sharkey, Sherry DeBen, Mary and Jeanne DesJardins, Patricia Grzyb, Carol Motto, Sharon Bittner, Jacqueline Dietrich, Barbara Sacke, Patti Brayak, Beverly LaVigne, Donna Peltier, Linda Olson and Maria Vandermissen.

The senior altar boys of the parish will assist the Rev. Thomas P. Dunleavy, with the ceremonies.

Beginning at 11:30 on Christmas Eve a special Christmas program will be presented by the High School Choir under the direction of Mrs. Charles Sigmund. Organists will be Christine Nault, Beth Knauf, and Mary Perron with the drum being played by Joseph Knauf. Intermixed with the music is individual recitation applying the historical event of some 2,000 years ago to December, 1967.

Members of the choir are: Patti Brayak, Jean Kleiman, Linda Kwarciay, Mary Perron, Anna Mae Moniowicz, Mary Sarasin, Sharon Bittner, and Darlene Wendrick.

The Masses on Christmas Day will be at 8:30 and 10:30 a.m. The Childrens Choir will present the musical program at the 8:30 Mass. Organists will be Mary Perron and Mary Kay Simmons. Darlene Wendrick is assistant director.

Members of the Childrens Choir are: Brenda Hurtibese, Debby and Susan Perron, Michelle and Patti Sarasin, Colleen and Cathryn Knauf, Cheri LeBeau, Lori Olson, Mary Pat Szczygiel, Mary Lee Nault, Mary Jo Teal, Debby Arkens, Mary Shelton and Mary Van-Enkevort.

Closing Advent Service At Christ The King

This season's closing Advent service will be held at Christ the King Lutheran Church this evening at 7:30.

Tonight's service will include numerous musical selections. Trio arrangements by Mr. and Mrs. Don Him and Mrs. Charles Snyder will be "The Gift of Love," "Alleluia, Christ is Born," "He Shall Feed His Flock," "The Birthday of A King" and "O Holy Night." "Gesu Bambino" will be sung by Mrs. Loren Anderson and "Joseph Dearest, Joseph Mine" by Rev. and Mrs. Loren Anderson. Flute and violin selections will be played by Judy Engstrom and Linda Hevela. All will be accompanied by Mrs. Carl Wedell.

Pastor Erlend Carlson will close his series on the theme, "Behold, I Come Quickly—Prepare to Meet Thy God," from the first three chapters of Revelations. The public is cordially invited.

Hints from Heloise

LETTER OF LAUGHTER
Dear Heloise:

I stopped at our sewing center the other day and asked for a yard of "Heloise Net."

The clerk looked baffled and started to speak with another clerk I then said I only wanted some nylon net.

She laughed and said that she had been away for six

months and thought maybe that "Heloise Net" was something new!

H.C.F.

Cottage cheese makes a good addition to the relish platter. Use creamstyle cottage cheese and add, if you like, minced scallions (green onions) and chopped pimiento - stuffed olives.

YOU CAN "CHARGE IT" AT KRESGE'S

THIS IS THE SEASON TO SHINE, to glitter, to glow. Colors dazzle everywhere and black comes into the spotlight. Black wool knit (left) is polished to perfection and touched with sparkling gold and topaz beads at the neck and hem. Pearls flicker like moonbeams on the white wool knit evening suit (right). They outline the jacket and touch the sleeveless shell in a diagonal pattern.

MANISTIQUE

Tell Christmas Mass Plans For St. Francis

Christmas Eve services in St. Francis de Sales Church begin at 11:15 p.m., when a musical program will be presented. A procession to the Crib at midnight precedes the offering of the Mass of Christian Unity by Jan Vermulst. The Proper of the Mass is by Sister M. Florentine.

Sixth, seventh and eighth grade boys and girls under direction of Sister Mary Ralph will participate in the music, with Mrs. Matthew Stram as organist. Dr. Duane Waters, Bradley Putvin and Patricia Peterson accompanying three of

the selections in a cornet trio. The program will open with an organ solo by Robert Stram and "Under the Stars" and "O Holy Night" sung by the choir. At 11:30 the choir and congregation will sing "The First Noel," "O Little Town of Bethlehem," "Good Christian Men Rejoice" and "Silent Night."

The vested choir girls and boys will sing, at 11:45 p.m., "Hark the Herald Angels Sing," "Hallelujah Chorus," "What Child Is This?" and "Joy to the World."

The Offertory hymn will be "O Come All Ye Faithful." During Communion the choir will sing "Shepherds at the Crib," "Ah, See Within a Mangrove" and "Angels Adore Him."

The recessional hymn, "Birth-day of a King" will be accompanied by the cornets.

The three Masses on Christmas Day will be sung by the vested girls and boys of grades 4-5-6. The 8 o'clock Mass will be sung by grade 5, with three carols sung at the Crib at 7:45. Grade 4 will sing the 10 o'clock Mass and grade 6 the 11:30 a.m. Mass. Both grades also will sing carols at the crib.

Personals

Guests at the LeBrasseur residence for the holidays will be Michele LeBrasseur, a student at the University of Wisconsin, Michael of Brighton, and Sister Margot of Rhineland, Wis., and Mr. and Mrs. Pierre LeBrasseur and daughter Heidi, of Big Bend, Wis.

Social

Bridge Club
Mrs. Ralph Williams entertained members of the Bridge Club at the annual Christmas party on Thursday evening, Dec. 14 at her home on E. Lake Shore Dr. Dinner was served at 7 p. m. followed by a gift exchange. The next meeting will be held on Jan. 11 at the home of Mrs. William Hentschell.

Briefly Told

The next Story Hour will be held at the Library on Saturday, Jan. 6th. The schedule has been changed because of the Christmas vacation.

The lower Mississippi River area has a lady ghost named Razmatrazz according to some. The story goes that Razmatrazz set fire to her man, Brickbat Charlie, and floated him downriver in a canoe. She is seen when she slips into jails for a

City Codes Spark Droll Council Session

The Manistique City Council Monday night briefly considered lower court reform, noting it has been stymied in the state, and that the proposal had been amended many times. Three councilmen were present for the meeting and two, absent.

Reports from the city manager were heard on moving parking meters back from the curb to aid snow removal. Some objection was presented to meters which are in doorways of downtown buildings.

A meeting has been held on plans for recreation improvement of the harbor area, the manager said. A. J. Cayia Jr., the city manager, Robert Noe, Ted Hentschell and Eugene Johnson serve on the committee.

A report showed turkeys were purchased for employees on bid at 35c per lb.

At the conclusion discussion took place with two electricians on codes of the city. They stated they understood the codes were helpful.

Councilman Leo DeMars said some of the codes are so stringent none of the present homes in the city could pass them, so "why saddle the future with them." He indicated a reasonable amount was a different matter and presented objection to an inspector's statement, at a site where he is building homes, that electricians of the community have to be protected. DeMars indicated his sawmill wasn't "protected" and said he didn't think the state should protect a business.

Councilman Merwin White noted that extensive knowledge of electricity isn't needed to become an electrical inspector and stated to the electricians: "You know you wouldn't do your work any differently if there weren't any codes."

One of the electricians, Jack Roemer said, "No, because if we do a poor job we have to do it over at our expense." The other electrician there was Thomas Hoholik.

Roemer was critical of the council for its attitude, saying the codes were adopted to get federal aid for a housing project. He said actions should be taken with the people in mind. Generally industry looks in a community to see if it has codes, and they are important, Roemer said.

Church Events

BETHEL BAPTIST
Kings Daughters will hold a Christmas meeting at the church at 7:45 p.m., Thursday. The Riverside-Eastside group will be in charge of refreshments. Members and friends are invited.

FIRST BAPTIST
The 50-minute color film of Billy Graham's London Crusade will be shown in the church at 7 p.m., Jan. 7. The public is invited.

FIRST BAPTIST
The Women's Missionary Society met Monday evening in the home of Mrs. Howard LaBar with Mrs. Norman Patz in charge of the Christmas program. Mrs. Ed Ekdahl presided and Mrs. Roy Pitts led devotions. Following a gift exchange refreshments were served. A Christmas motif was used in decorations. Assisting hostesses were Mrs. John Swanson and Mrs. Warren LaBar.

Births

A son weighing 7 lbs. 3 1/2 oz. was born Dec. 18 in Schoolcraft Memorial Hospital to Mr. and Mrs. Donald Lee, Davidson, Mich. The mother is the former Jackie Jensen.

Richard Balzer

Richard Balzer To Speak At Conference Here

Richard L. Balzer, representative of the Watchtower Bible and Tract Society of New York and district supervisor for Jehovah's Witnesses, arrived in Escanaba today. He is here in connection with the conference of Jehovah's Witnesses to be held at the Escanaba Area Junior High School, Dec. 22-24, where he will be the key speaker.

The three-day conference of ministers is expected to attract upwards of 600 delegates from Upper Michigan and north-eastern Wisconsin. As chairman of the conference, he will open the session Friday at 6:45 p. m., stressing the theme, "Walking Orderly by Spirit."

Balzer, an ordained minister for 27 years, is now representing the world headquarters staff as district overseer for congregations in Minnesota, Wisconsin and Michigan. Originally from Xenia, Ohio, he has traveled throughout the United States as a lecturer and teacher of the Bible.

Balzer will preside at a model ministry school at 7:15 p. m. Friday. "It is this school that has helped to increase the efficiency of Jehovah's Witnesses in their ministry," a spokesman stated. He reported that over 24,000 Kingdom Hall training schools are now operating throughout the world.

On Saturday, he will conduct baptism services for new ministers at 1:30 p. m. Another highlight will be his Saturday evening program at 7 p. m., "Examining Our Ministry." This will be followed by a symposium on the conference theme, "Walking Orderly by Spirit."

Climax of the conference will be Sunday at 3 p. m. when he speaks on "Will God Intervene in God's Affairs?"

Say Merry Christmas from

JAMAR'S GREENHOUSE

1208 S. 19th St. and 12th Ave. E.

CHRISTMAS CARDS have evolved from an English boy's copy-book to a world-wide institution. About 125 years ago the first "Christmas cards" were probably part of a school penmanship exercise. Later, small and simple cards were sold with limited acceptance.

Christmas Cards Now Worldwide Tradition

Santa Claus wasn't always the roly-poly character we see on Christmas cards today. The vividly described in the still-beloved stories of Charles Dickens. The first Christmas cards were offered for sale in 1840 and in spite of the fact that the cards for only a penny apiece, the project was not successful.

It wasn't until 20 years later that Christmas-cards, in quantity, appeared in British shops. They were small... about the size of visiting cards... and bore the still-favorite greeting: "A Merry Christmas and a Happy New Year."

The Christmas card immigrated to the United States in 1875, and was received with an enthusiasm which has never waned. Some of the early American cards were highly elaborate, executed in as many as 20 colors... AND sold for one dollar apiece! Today, the variety of Christmas cards is limitless... large, small, abstract, artistic, solemn, simple, fancy, formal or friendly. We can choose exactly the card to serve our tastes and needs.

Now A Tradition Above all, the Christmas greeting, in a short period of time, has established itself as a tradition... a true part of all that is beautiful in the tradition of Christmas. And it is easy to understand why this is so. In our modern lives... with loved ones, friends and associates often living in other cities, or even other countries, the holiday card tradition allows us to bridge the miles and days, and to "gather together" again in Christmas celebration.

As we write a familiar name on an envelope, or pen a short note inside the card, we are able to pause, reflect and express what we often are unable to say in person: "I remember you, and think of you, and send you holiday wishes of joy and good will."

Bark River

Church Calendar Salem Lutheran Church Calendar for the week: Wednesday, the Junior Luther Leaguers will meet at the parsonage at 6:30 p. m. to make cookies for caroling Thursday night. There will be no Church School on Sunday, Dec. 24 and 31. Christmas Eve Worship Service will be at 11 p. m.

LADYLIKE ELEGANCE — Tablecloth cotton lace fashions an elegant holiday party dress for the young miss. The high yoke is accented by a pale blue velvet streamer, and crocheted edging circles neck and sleeves.

Sunday School Program At Calvary Sunday

RAPID RIVER—The Calvary Lutheran Church Sunday School of Rapid River will present their Christmas program, "At the Name of Jesus", on Sunday, Dec. 24 at 10 a. m.

The program is divided into seven parts, each part speaking about one of the names of Christ. Through narration, scripture reading, songs and symbols the message and meaning of Christmas will be told. Large posters will be used so that the congregation can not only hear about but also see the symbols for each name.

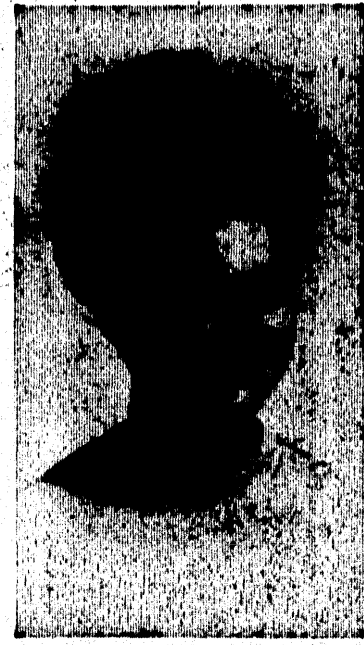

Over 60 children will have speaking parts and others will join in the songs. Calvary Sunday School has an enrollment of almost 100 children.

Instead of exchanging gifts the children will once again bring a special offering for CARE. As there will be no regular worship service on Sunday morning the congregation is invited to this children's service of worship.

FEMALE ROBIN HOOD

Riding into the wind in your snugly little jockey cap in luxurious wool jersey just might make you feel like a female Robin Hood. It will keep you covered when cold winds blow and will keep you pretty.

More people get more news from newspapers than all other sources combined.

MR AND MRS. B. J. Smith, Berkley, Mich., formerly of Escanaba, announce the engagement of their daughter, Susan Jean, to Robert Blake Gordon, son of Mr. and Mrs. Blake E. Gordon of Oak Park. The bride-elect is employed at Janita's Hair Dressing, Berkley. She is a 1967 graduate of Berkley High School and a '66 graduate of Virginia Farrell's School of Cosmetology. Her fiancé is employed by Freedom and Jones Dirt Haulers, Inc. and attended Berkley High School. No date has been set for the wedding.

Thin French pancakes (crepes) may be made and stored in the freezer. The pancakes may be used, stuffed with a creamy meat or poultry stuffing, as a main course.

Christmas Activities At First Methodist

On Saturday, Dec. 23, at 6:30 p. m. a family pot-luck supper and Sunday School Christmas party will be held in the fellowship room of the First Methodist church.

Following the supper Dick Oelund will perform magic tricks for the children. In addition to the magic show, the program will include singing of Christmas carols, musical selections by the Junior Choir and a visit from Santa Claus.

The public is invited to attend and each family is to bring a dish to pass and their own table settings. Rolls, coffee and milk will be provided.

Those who do not wish to attend the pot-luck supper may come for the program which begins at 7:30 p. m. A free will offering will be received.

Wheels Have Lasting Appeal

IN EVERY AGE, wheel toys capture children's hearts. Today's youngsters thrill to Christmas gifts of miniature, motorized racing cars. More than a century ago, the wheels might have adorned a diminutive "horse-drawn" buggy of tin. But the thought is always the same: to please a child.

AMONG THE FIRST to make playthings in quantity for American children were the tin-toy manufacturers of the 1850s, says Mary Childs Black director of the Museum of American Folk Art. Often, the tin toys were wheel toys, with delicate, open-spoked wheels repeated in a wide variety of vehicles and styles.

TIN-WHEELED TOYS pictured here are from the collection of Mr. and Mrs. Bernard Barenholtz, Princeton, N. J. After founding their own toy firm in 1950, the Barenholtzes developed an interest in old as well as new toys. Their tin toy collection began in 1956, with a milk wagon painted blue—a gift to Mrs. Barenholtz.

Service Rivalry Brings Sign Shift

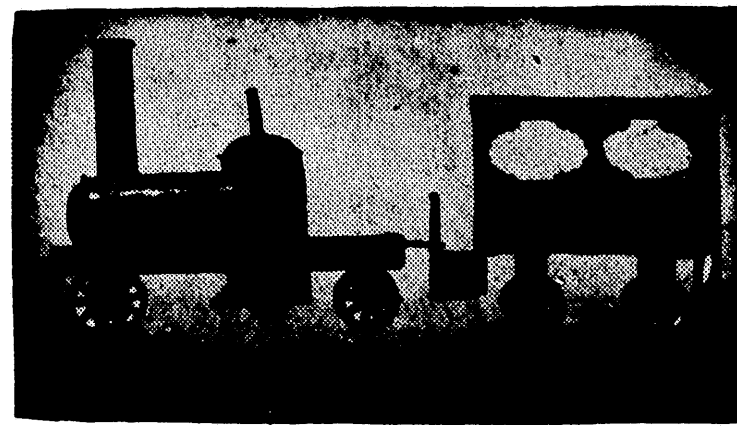

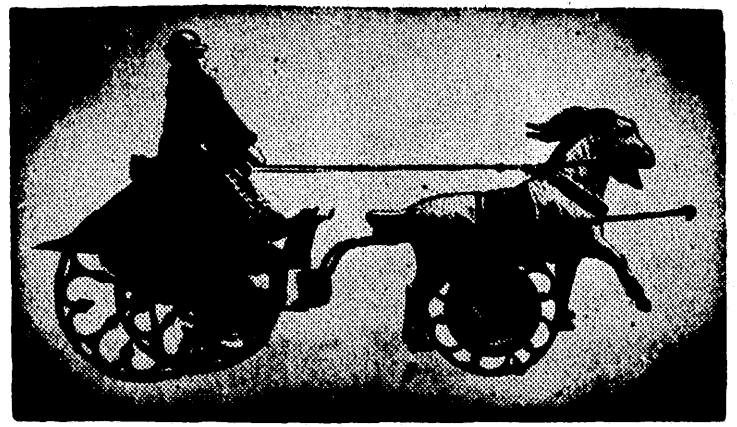

WINDOW ROCK, Ariz. (AP) — Rivalries between the armed forces were evident Tuesday after Army, Air Force and Navy personnel arrived at Window Rock to help in rescue operations on the snow-stricken Navajo Indian reservation.

The Air Force arrived first and a sign was erected at the Window Rock airport which proclaimed, "Welcome to Window Rock Air Force Base."

The Army then arrived and the sign was altered to read "Welcome to Window Rock Army Base."

After three Navy helicopters arrived the word "Army" was scratched out and replaced by the word "Naval."

The sign now says, "Welcome to Window Rock Joint Operations Base."

Recommends End To DDT Use For Elm Protection

EAST GRAND RAPIDS (AP) — City Manager Fred Tholen of East Grand Rapids has recommended the city discontinue the use of DDT to control Dutch Elm disease and drop from participation in a suit brought by the State Conservation Department against East Grand Rapids and seven other municipalities.

The conservation department charges that use of DDT is harmful to fish and wildlife. Tholen made the recommendations to the city commission after discussions with the State Attorney General's office. The commission took no action.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. The Daily Press is a welcome visitor in 10,400 homes daily in a five-county Central Upper Peninsula area. Smart advertisers use the Escanaba Daily Press.

Body Count At Ohio Bridge: 21

POINT PLEASANT, W.Va. (AP) — Small boats continued to drag the Ohio River today downstream from the collapsed suspension bridge here while divers attempted to free wrecked autos from the mangled steel and concrete 40 feet under water.

The divers use torches to cut the sunken steel girders into workable lengths, which are then hauled up by 100-ton floating derricks. Officials estimate it may take several months to clear all debris from the river bottom.

Searchers have recovered 21 bodies since the Silver Bridge collapsed Friday. It was loaded with bumper-to-bumper traffic at the time, and Civil Defense officials estimate there are at least 40 persons still missing.

No bodies have been brought up since Tuesday morning. An emergency shuttle service across the New York Central Railroad bridge 300 yards upstream of the collapsed bridge is continuing. Officials hope this will ease some of the traffic on the Pomeroy, Ohio-Mason, W.Va. bridge 20 miles north of here.

Holland Teachers Table Salary Bid

HOLLAND (AP) — Public school teachers in Holland Monday tabled a two-year salary offer from the Board of Education and indicated they would seek another meeting with the school board before voting on the offer. The 219 teachers, represented by the Holland Education Association, are working under a court order and without a contract.

School Supt. Donald Ihrman said the board offered a salary range of \$5,950 to \$10,500.

GLADSTONE

Bucks Job Schools Impressive To U.P.

Raymond I. Godmer, of Gladstone, superintendent of the Delta-Schoolcraft Intermediate School District, told the district's board of education Tuesday night about the visit to Bucks County, Pa., Area Vocational-Technical Schools which he made with other Upper Peninsula educators this week.

They returned on a charter flight arranged by the Marquette-Alger Intermediate School District Tuesday morning. Among those in the party was Arvid Larson, Manistique vocational teacher.

The U. P. study of vocational education is especially timely because of the current reorientation of Michigan schooling to provide a job skill for every student who wants one. The process can take several courses.

Two Plans

In Bucks County in southeastern Pennsylvania near Philadelphia the U. P. educators inspected a U. S. showplace vocational-technical school system created within the secondary (high) school program. In some states the job training is in high schools, in some community colleges and in some combinations of the two.

Michigan has no one system of teaching job skills. Neither has Pennsylvania, said Godmer. The Bucks County Vocational-Technical System get state aid, but it is a local system, with the county, population 300,000, divided into two vocational school districts and with a third under consideration.

Upper Bucks was created in 1965 and has 450 students who can study 24 different occupations in high school. The school was created to serve local K-12 school districts and students spend a half day in the vocational school and a half day in their home district school on academic studies.

Guidance From K

Lower Bucks was created in 1958 and has 600 to 700 students who alternate two weeks at their home school and two weeks at the vocational school, where 31 job skills are taught. Both schools serve 15 per cent of students in the K-12 feeder schools.

Guidance toward the vocational schools and job skill choices starts in the kindergarten and vocational schooling starts in the 10th grade and last for three years. It's elective for everyone; no student need go.

and some go who plan to continue their schooling after high school.

Upper Bucks County is rural and Lower Bucks is industrial; the former sends 33 per cent of its graduates to four year colleges and the latter only 17 per cent.

Costs More

Parochial school students attend Lower Bucks.

Class sizes vary from 10-17 at Upper Bucks to an average of 20-25 at Lower Bucks.

Teachers are mostly from industry and two years of work experience count for one step in the salary schedule, which starts at \$5,400 a year for beginning teacher.

The system costs more than the usual classroom schooling, \$1,000 to \$1,200 for a student a year.

Children are bussed to the vocational schools.

Lessons For U. P.

As the 45 U. P. educators who visited Bucks County consider how the Bucks plan could be useful in the Upper Peninsula, said Godmer, two things become apparent:

1. The U. P. would need curriculum studies as a prelude to planning such a high school system of job training. These would determine what could and should be taught. (Bucks places 80 to 94 per cent of its graduates on jobs.)

Distance Problem

2. Cooperation would be needed between the superintendents of U. P. K-12 (kindergarten through 12th grade) school districts. Intermediate districts do not operate the vocational schools, the cooperative K-12 district boards do. Surrender of so much individual school sovereignty requires a specially permissive and non-competitive attitude for the good of the student.

Each school district cannot provide such extensive and high quality job training so the end is accomplished by creating vocational schools supported by several high school districts. In the Upper Peninsula the large distances between high schools makes operation of the plan more difficult, but not, the touring educators thought, impossible.

First Shanties Appear On Bay

The mild winter has not produced ice conditions comparable to other years, but ice is developing and in some areas there is some ice activity.

Johnson Lake in the Gwin area has been good for rain-bow fishing and, a couple of nice catches of walleyes were taken from Little Lake in the same area. About a dozen shacks have appeared on the upper bay above Gladstone, but caution is urged in this area due to continuing travel by oil tankers.

The following lakes are open to rainbow and brown fishing through February, 1968:

Alger County: All Great Lakes waters, Ackerman Lake, East Bay, Sec. 4, T48N, R13W, Beaver Lake, Sec. 8, T48N, R16W, Deer Lake, Forest Lake, Power Dam Impoundment, Mirror Lake.

Delta County: All Great

Lakes waters, Camp 7 Lake, Gooseneck Lake.

Marquette County: All Great Lakes waters, Brocky Lake, Silver Lake, McClure Basin, Silver Lake and Forestville Basins, Twin Lake, Wolf Lake, Lake Angeline, Clear Lake, Sec. 5, T48N, R29W, Johnson Lake, Perch Lake, Sporey Lake, Witch Lake.

Lists of these waters plus those of other counties are available from local conservation offices.

A publication, "Handbook for Ice Fishermen," contains 15 pages of "how-to-do-it" information and is available from Fishing Handbook, Michigan Department of Conservation, Lansing.

Briefly Told

Two juvenile boys, ages 14 and 15, have been apprehended by State Police for taking Christmas tree bulbs in Rapid River. The bulbs were stolen from a tree put up by the Rapid River Volunteer Fire Dept.

A breaking and entering at a hunting camp near Rock owned by Berg Mong of Detroit is under investigation by State Police. Officers said it has not been determined whether or not anything is missing.

Social

Carol Program
The Gladstone Community 4-H Club Junior and Senior Girls Chorus and Junior Boys Chorus will present a half hour program of Christmas Carols over Radio Station WDBC Wednesday at 7:35 p. m. The Cloverettes will also sing several Christmas selections.

Munising Goes On Fast Time

MUNISING (AP) — The Munising City Commission voted 3-1 Tuesday to move the town's clocks an hour ahead.

The step is to take effect Dec. 24.

The change will put Munising out of step with the requirements of the Federal Uniform Time Act, which places the Upper Peninsula community in the Central Time Zone.

The area, according to the federal law, is supposed to be on Central Standard Time now, but Munising officials, with Mayor Rudy Kelto voting against the move, decided to switch to Central Daylight Time—which is the same as Eastern Standard Time.

Munising thus becomes the second Alger County town to decide to defy the federal time act. The other is Grand Marais.

Three counties also have voted to change their times. They are Luce, Mackinac and Chippewa counties.

Contest To Name Baby Aardvark

MIAMI, Fla. (AP) — Crandon Park's baby aardvark will have a name by Christmas.

The list of entries—1,346 names—has been narrowed to 35. A secret showdown session, says the zoo, will be held this week to end the suspense.

The park's donkey-eared, long-nosed aardvark was born Sept. 24, the first aardvark ever born in an American zoo, the first in the world to survive birth in captivity.

The name contest was begun in October. Entries came in from three dozen states and as far away as Iceland.

Inability to connect from the free throw line proved costly for the Alpena Wildcats in their game against Sault Ste. Marie last weekend. . . The downstate cagers outscored the Blue Devils by two buckets, 19 to 17, but lost the game by a 54-53 margin. . . Soo converted 20 of 28 free throw attempts while Alpena managed only 5 of 20. . . Alpena meets Esky here Thursday night.

Latest Upper Peninsula school to sponsor a wrestling program is Ishpeming where the Hematites are making their first appearance on the mats this winter. . . Serving as coach is Dan Flynn, a junior at Northern Michigan University who is working with a squad of 40 boys. . . Northern's wrestling team, incidentally, has won eight straight matches this year.

The Marquette Iron Rangers stepped outside the United States Hockey League and mauled Canadian Soo, 7-2, in an exhibition game. . . Next start for Oakie Brumm's skaters will be a home stand against the Green Bay Bobcats Thursday, Dec. 28. . . It will be the first Marquette visit for the Packertown sextet this season.

The Ironwood Red Devils spurted for 10 quick points midway in the fourth quarter to wipe out a 53-49 deficit and trip Hancock, 59-55. . . Rich Salani and Jack Poynter scored 48 points between them for Hancock but it wasn't enough to offset a balanced Ironwood attack.

Marinette, a Jan. 20 foe for Escanaba, has chalked up six straight cage victories this season. . . Latest victim was Marinette Catholic Central, 61-30, with Bob Bartkowiak bombarding the nets for 31 points. . . Bartkowiak was the quarterback on Marinette's football team last fall.

Northern Reaches Finals In Wayne State Tourney

DETROIT (AP) — South Dakota State and Northern Michigan romped to easy victories Tuesday night and won the right to battle each other for the championship tonight in the Wayne State Centennial Basketball Tournament.

South Dakota State, paced by Gene Zulk's 29 points, outgunned the University of Maine 109-92 in the semifinals while sophomore Ted Rose led Northern Michigan to a surprisingly easy 92-75 victory over Eastern Michigan.

In consolation rounds, Central Michigan edged Wayne State 61-58, and Hardin - Simmons blast 103-50.

South Dakota State expanded a nine-point halftime bulge to

as many as 26 points in the second half as its fast-breaking offense ran away from slower, shorter Maine.

Maine's Jim Stephenson led all scorers with 32 points.

Rose, a forward from Louisville, Ky., tossed in 34 points to lead both sides and pulled in 14 rebounds. He was aided by Dave Kovack with 21 points.

Eastern Michigan fell behind

13-1 in the first six minutes of the game and never was able to make up the lost ground.

The closest they came in the second half was 14 points behind. Kennedy McIntosh was high for the losers with 16 points.

Wayne State surprised Central by taking a 28-26 lead at the half and continued its upset bid through most of the second half. But Central rallied in the last five minutes to open up a seven-point lead and time ran out on Wayne State after it cut the margin to 61-58.

CMU, now 3-6, was led in scoring by Greg Vossekuil with 12 points. Reggie Piggee had 26 for Wayne State, now 2-4.

Hardin - Simmons threw its full - court press on early in the game and didn't lift it the rest of the way. The Cowboys led at the half 50-21 and built their lead to as much as 56 points, 101-45, with just 1:38 left in the game.

The Cowboys, now 3-5, were led by guard Buddy Haines with 19 points while Neal Holliday had 10 for the losing Washington University Bears, now 2-5.

Eddy's Team Wins Tourney

Eddy's captured the Escanaba Tavern Dartsball first half tournament championship by defeating Wardy's in the finals. Lombardi's beat West Side in the consolation match.

Riedy Rebounding Ace In P-S Tiger Victory

ROCK — The Powers-Spalding Tigers bounced back from their first setback of the season to Hermansville with a solid 57-49 verdict over Rock in nonconference action here Tuesday.

Coach Mike Forsberg's Tigers turned in a tremendous game on the boards, hauling down 69 rebounds. Sophomore Kim Riedy was a one-man gang with 30 caroms.

Rock battled the Tigers on even terms through the first half. The Little Giants moved to a 12-9 lead in the opening quarter while the Tigers rallied for a 21-20 halftime edge.

Three players from each team reached double scoring figures. Dan Johnson of Rock took individual honors with 16 points

while Tom Batters led the Tigers with 14.

Powers-Spalding won the jayvee preliminary, 55-50.

Indiana, Bucks Notch Victories

CHICAGO (AP) — Fifth-ranked Indiana and Ohio State remained the only unbeaten Big Ten basketball teams after scoring prime victories over previously undefeated outfits Tuesday night.

The Hoosiers, 6-0, downed Notre Dame 96-91 at Fort Wayne, Ind., while Ohio State, 4-0 won cheers from a home crowd by edging New Mexico State 78-75.

The two decisions boosted the Big Ten's record against outsiders to 33-16.

Five games are on tap tonight, with Nebraska at Michigan State, Florida at Wisconsin, Minnesota at Creighton, Northwestern at Colorado and Purdue at Butler.

Rockets Tighten Hold On First Place In League

RAPID RIVER — Coach Bob Debelak's Rapid River Rockets took a firmer grip on first place in the Central League basketball race here Tuesday night with an 89-52 romp over defending champion Treenary.

Holding a narrow 12-11 lead at the close of the initial period, the Rockets bombed in 30 points in the second frame to pull out to reach at halftime, 42-25. They continued to dominate the game through the second half.

Five Rockets reached double figures as the team tallied its top total of the campaign. Pacing the Rockets to their fourth consecutive league triumph were Clint Safford with 22

points, Mike Sigfrids and Dale Morin with 14 each, Tom Novak 12 and Mark Hanson 10.

Novak, Sigfrids and Safford were tough on the boards and Hanson came off the bench to turn in an outstanding performance. Morin was the floor leader.

"We had one of our best nights of the season, displaying great hustle on defense and working the ball in for good shots on offense," Debelak stated following the final pre-holiday game for his Rockets.

Statistics support his statement as the Rockets connected on 37 of 75 shots from the field, a sparkling 50 percent.

The victory was Rapid River's fourth against one nonconference loss to Powers. The setback was the third in seven games for Treenary.

Rapid River won the jayvee game, 55-45.

Redskins Notch Sixth Victory

REPUBLIC — The Hermansville Redskins rolled to their fifth straight victory and sixth win in seven starts here Tuesday night, defeating the Republic Hawks by a 70-52 margin.

Coach Don Hill's cagers rallied from a 27-26 halftime deficit to go ahead, 38-35, entering the fourth quarter. Then they exploded for 30 points to bury the Hawks.

With Randy Fochesato tossing in 11 points, the Redskins hit on 11 of 19 shots from the field in the torrid stretch drive. Fochesato finished with 29 points to take individual scoring honors and led his mates in rebounding with 12. John Whitens had a good night with 21 points and Don Mattson led Republic with 18.

Hermansville also won the jayvee game, 52-37.

Rams' Foursome Most Valuable

NEW YORK (AP) — If the Foursome Rams weren't the Defensive Players of the Week on the National Football League's final weekend of regular play, somebody must have been slugging John Unitas with a club Sunday.

Deacon Jones, Merlin Olsen, Roger Brown and Lamar Lundy put so much heat on Unitas that the Most Valuable Player in the NFL was thrown seven times in a 34-10 Rams victory.

For this reason all four players—not just one—share the week's defensive honor.

Huskies Enter Puck Tourney

DETROIT (AP) — Michigan Tech, two-time National Collegiate Athletic Association hockey champion, leads a field of four college hockey teams into the third annual Great Lakes Invitational Tournament at Olympia Stadium tonight.

With five victories and one defeat, the Huskies own the best record of the contending teams. Tech suffered its only loss to Wisconsin, 4-3, in its last outing.

North Dakota enters the tournament with a 6-2-1 record followed by New Hampshire at 4-4 and Western Ontario 3-5.

North Dakota meets Western Ontario in the first game tonight (7:00 p.m.) and Michigan Tech takes on New Hampshire in the second (9:00 p.m.).

The two winners will tangle Thursday night (9:00 p.m.) after a consolation game for the losers (7:00 p.m.).

Tech started the season with five straight victories, including a 6-5 decision over Wisconsin, before the Badgers turned the tables. The Huskies' record includes two wins over Denver, this year's favorite in the Western Collegiate Hockey Association.

North Dakota has split in two meetings with Denver and has one victory and one tie in two contests with Michigan State.

New Hampshire's biggest wins have been over Colgate and Connecticut. The East Coast team lost a squeaker to Yale, 3-2.

Western Ontario lost twice to Michigan Tech but has won three of its last six games.

Hawks To Play Prison Sextet

Members of the Escanaba Hawks hockey team are asked to meet at the home of Ovid Provo, 800 Stephenson Ave., Thursday at 7 p.m. to make plans for a game against the Prison team at Marquette Sunday, Dec. 31.

Reds, Chisox Are Tops In Major League Trades

By The Associated Press

The Cincinnati Reds and Chicago White Sox finished fourth in their respective baseball pennant races last season. But they're well in the lead in the number of new players acquired through trades and purchases since the close of the 1967 campaign.

Cincinnati has picked up eight players. The White Sox, with General Manager Ed Short calling the shots, aren't short of new faces, either. They have seven, top figure in the American League.

The Reds obtained outfielder Mack Jones and pitcher Jay Ritchie from Atlanta, infielder Bob Johnson from the New York Mets, first baseman Fred Whitfield and pitcher George Culver from Cleveland, pitcher Ron Tompkins from the new Oakland A's and pitchers Bill Kelso and Jorge Rubio from California.

The White Sox made two six-player transactions. They obtained from Baltimore shortstop Luis Aparicio, outfielder Russ Snyder and first baseman-outfielder John Matias for pitchers Bruce Howard and Roger Nelson and infielder Don Buford. Then, in an inter-league deal, they got outfielder Tommy De-

vis, pitchers Jack Fisher and Bill Wynne and catcher Buddy Booker from the New York Mets for outfielder Tommie Agee and infielder Al Wei.

Detroit acquired pitcher Dennis Ribant from the Pittsburgh Pirates, the only new player the Tigers got.

Baltimore got two other new players for a total of five. They were pitcher John O'Donoghue and shortstop Gordon Lund from Cleveland.

The Mets, Cleveland and Philadelphia also got five players. New York's NL club got pitcher Al Jackson from St. Louis, first baseman-outfielder Art Shamsky from Cincinnati and catcher J. C. Martin from the White Sox in addition to Agee and Wei. The Indians acquired outfielder Tommy Harper from Cincinnati.

MacGregor Will Miss First Game

NEW YORK (AP) — Bruce MacGregor, the 26-year-old right wing of the Detroit Red Wings, will miss his first National Hockey game in three years when the Wings play the Rangers at Madison Square Garden tonight.

MacGregor entered Detroit Osteopathic Hospital Tuesday for corrective surgery to repair a broken nose suffered in last Saturday's 4-3 loss at Montreal. Sid Abel, Wings general manager, said he hopes to have MacGregor back in action for the team's game against the Maple Leafs at Toronto Saturday.

Abel recalled Ron Anderson, a right wing, from Fort Worth of the Central League to replace MacGregor.

Abel said Anderson and center Jimmy Peters, recalled Monday to replace the injured Ted Hampson, will alternate on the Wings' third line with Gary Jarrett and Gary Marsh.

Carney Tips Perkins Five

CARNEY — The Carney Wolves finished strong here Tuesday night to outlast Perkins, 82-77, in a nonconference cage clash.

The invading Yellowjackets started like a house afire, hitting 13 of their first 17 shots from the field for a 26-22 lead. Carney narrowed the deficit to 40-39 at halftime and pulled slowly away in the third and fourth quarters.

Bill Berto led the third quarter comeback with a pair of key three-point plays. Rebounding told the final story as the Wolves had a commanding 44 to 29 edge in that department.

Both teams had fine shooting nights, the Jackets hitting 35 of 69 attempts for 52 percent and the Wolves 28 of 56 for 50 percent.

Carney won from the free

throw line by connecting on 26 of 34 gift attempts. Perkins outscored the Wolves by seven field goals but added only seven of 16 from the charity stripe.

Carney won the jayvee game, 56-47.

Shockley Claims He Didn't Urge 'Baby Rationing'

STANFORD, Calif. (AP) — Dr. William Bradford Shockley said Tuesday a baby rationing plan he outlined in a recent speech has made him the innocent center of a furor.

Many indignant persons, he said, got the impression that he had urged the sterilization of American women as a population control measure and the curtailment of welfare and school improvement programs for slum Negroes.

Shockley said he didn't urge any such thing.

The controversy arose from a lecture the Stanford University physicist gave last week at McMaster University in Hamilton, Ont.

Shockley, who shared the Nobel Prize in 1956 as co-inventor of the transistor, told the audience that he personally had "no eugenics recommendations save that as a nation we start to explore publicly possible solutions to human quality problems."

"Thinking Exercise"

But he went on to discuss what he called a "thinking exercise" a combination of two birth control proposals, one by Dr. Kenneth Boulding of the Institute of Behavioral Science at the University of Colorado and the other by the Population Council.

As modified and offered to the audience by Shockley this is how the plan would work:

The public would vote on what rate of population growth it wants. This would let the Census Bureau determine how many children each couple could have and still keep within the prescribed national growth rate. Certificates would be issued to all married couples.

Sterility Temporary

All girls would be temporarily sterilized by time capsule contraceptives. When a woman and her husband wanted to have a child, the contraceptive would be removed and they would have to turn in a certificate.

After the child was born, the contraceptive would be reinserted. Couples not wishing to have children or not wanting as many as the law allowed could sell their certificates on the open market.

"After you have recovered from any emotion-provoking jar from this unfamiliar combination of concepts," Shockley told his McMaster listeners, "do apply your brain to the time-capsule child-certificate proposal."

Favors Headstart

"What would be its consequence? Only people who want and can afford children will have them."

Turning to the problem of large families in Negro areas, Shockley said studies he has made suggest that "high illegitimate ghetto birthrates have caused Negro genetic potential for intelligence to drop five or more I.Q. points compared to whites between World War I and now."

He said, "I approve of anti-poverty programs in general and Headstart in particular" but added:

"Unrealistic hope for speeding the Negro's struggle for equality before the real causes of his disadvantages are known may unwittingly inflict untold human suffering on the Negroes themselves."

Court Defeats Hospital Curb

LANSING (AP) — The State Appeals Court has held that a Grosse Pointe city zoning ordinance forbidding hospital construction south of Kercheval Avenue is unreasonable.

The court upheld a Wayne County Circuit Court ruling by Judge Joseph Moynihan Jr. that the Sisters of Secours Hospital could use a 785 by 83 foot strip of land as a parking lot.

The court found that the ordinance in this case bore no substantial relation to public health, safety, welfare or morals. Without this relationship, the court held, the city had no power to arbitrarily designate prohibited areas which in themselves are invalid.

In another opinion, the court held that long past incidents are grounds for divorce under the extreme cruelty statute. Incidents that happened in 1944 and 1945, the court said, could be used as grounds for divorce in a case heard in 1966.

The ruling upheld a Berrien County Circuit Court decision granting Helen Butgereit a divorce from her husband, Gustav, contested by the husband.

OHIO WORKS AT REDISTRICTING

COLUMBUS, Ohio (AP) — A joint legislative committee begins work today on a new congressional districting plan for Ohio. The legislature will tackle the problem when it reconvenes Jan. 15.

The U.S. Supreme Court ruled Dec. 4 that the plan in force for the 1966 elections did not meet the court's one-man, one-vote requirement.

Gov. James A. Rhodes presented a plan to the joint committee Monday. Based on the 1960 census, the largest of the 24 districts would have a population of 408,063, the smallest 404,433.

Women's Panel Backs Housing

LANSING (AP) — Proposed open housing legislation, now before the special legislative session, has received the backing of the Governor's Commission on the Status of Women.

The 26-member commission, named by Gov. George Romney sent telegrams to leaders of both the Republican majority and Democratic minority in both houses, urging passage of the legislation.

The commission "strongly supports the principle of fair housing and urges that immediate action be taken by the Legislature in this special session to guarantee fair housing for all citizens of the state of Michigan," the telegrams said.

Save a second. Spoil a life.

Car theft is often the first offense that later turns a boy into a full-time criminal. A lot of the fault is yours. You make car theft so easy. (Last year 76% of stolen cars were left unlocked; nearly half also had ignition keys in them.) Quite a temptation. You realize how great this temptation is when you know that 64% of people arrested for car theft are under 18. When you carelessly walk away from your unlocked car, you may be avoiding a 10-second job, but starting someone on a 10-year sentence.
